SEGARS.—There is but little doing and prices are unchanged; quoted at 13@45½c. for Western.

SUGARS.—The general position of Raw Sugars remained much the same; refiners showed a disinclination to purchase to a very important extent, but with holders there is no disposition to urge sales, and the market may be called steady, the inquiry being chiefly for the better grades, while the lower ones are not much sought after; sales of 67 hds. Cuba Muscovado, at 7c.; 100 hds. do. Good Fair, at 8¼c.; 600 do. Good Clean, at 8¾c.; 100 hds. do. Gold Fair, at 8¼c.; 600 do., at 7⅞@8c., and 44 hds. Molasses Sugar at 7c. We quote Fair to Good Refining Cuba at 8⅛@8½c.; Prime do. at 8½c.

TALLOW.—Buyers are purchasing sparingly at the prices asked; sales of 75,000 lb at 8⅜c., including a small lot of grade at 8⅜c.

WHISKY.—There is little doing at steady prices. Sales of 150 bbls. at $1 23.

WOOL.—The market has developed no new features since our last, and prices rules about steady. Manufacturers show no inclination of departing from their position. California and Texas stocks are accumulating, and to make free sales, easier terms are accepted. Odd lots of New-Orleans Texas wools are dropping in, these being selling from 22@30c. Foreign Wools are quiet at the moment, and values remain unchanged. Carpet Wools meet with a fair inquiry; stocks are being steadily reduced, and holders are firm in their views. California Fall is little sought after; New Spring moves freely at steady prices; Texas meets with a good inquiry; Indian Wools are entirely nominal. In Fleeces there is very little doing. The sales embrace 10,000 lb Spring California Fleece, 21½c.; 2,000 lb Eastern Texas, 30c.; 2,500 lb Eastern Texas, 31c.; 7,000 lb Scoured, private terms; 2 bales Free Soil California, 21½c.; 10 bales Super Pulled, 44c.; 5,000 lb Western Va washed, 44c.; 5,000 lb Black Pulled, 41c.; 3,000 lb N. FOR THE WEEK ENDING JUNE 15, 1875.

[Expressly for THE N. Y. TRIBUNE by our own Reporter.]

General Directions.

Send only good articles. The freight and other expenses eat up poor goods. Put everything in good order. An attractive look secures examination, and often makes a sale where a dirty package or a slovenly appearance fails. Pack securely, so that the article will not allow the contents to change about. Use plenty of *clean dry* fine cut straw with eggs. Mark plainly with *paint*—a stencil plate is best—and note contents on the box or barrel, stating the amount, also. Send a letter at the same time stating what is sent, the route, time, &c. Advise by mail or telegraph when to be looked for here. Always state the number of packages. Secure for yourself a reputation for fine goods, put in best shape, so that your mark is in demand.

BEANS AND PEAS.

Receipts of beans for the week, 1,322 bbls.; do. last week, 1,733 bbls. Exports of beans past week, 3,734 bbls.; since June 1, 1,000 bbls.; same time last year, 16,200 bbls. Receipts of peas past week, —— bush.; do. last week, 600 bush. Exports of peas past week, 2,000 bush.; since June 1, 211,325 bush.; same period last year, 242,175 bush.

The moderated receipts of Beans in connection with the large export business that has transpired, gives the market a decidedly strong position. The week's trade in Marrows has brought the amount of Eastern Marrows nearly up to the quantity of last season at this date, and with a fairly long period yet remaining for consumption, holders are very firm at the new quotations, some parties are asking $2 55 for prime Marrows to-day, and it is likely they will go there before many days have passed. Medium beans are also stiffer; nothing prime quoted under $1 95, and the under grades show a proportionate advance. Pea beans steady. Kidneys are not moving largely, but there has been trade enough to establish quotations for both red and white. Green peas are nearly used up. Southern B. P. peas are out of market. Canada peas are easier, as good supplies are expected shortly enough to fill the wants of exporters. Quotations:

Receipts for the week 18,024 tubs; last week, 17,805 do.; exports to Europe, 9 firkins. The receipts are liberal, but show a scantiness of State tubs; these sell as fast as they arrive. The free offering of Western renders prices for that class easy, and lots to bring the extreme most compare very closely with State. State butter is generally in a state superior, though as before, the inside rates represent those sales. Quotations:

CHEESE.

Receipts for the week, 62,367 boxes; do. last week, 53,169 do. Exports past week, 9,598 boxes; do. last week, 37,974 do. Stock of cheese at 116¾. Liverpool cable, 54s. 6d.; London do., 56s. At Little Falls the sales were about 7,000 boxes, at 12½@12¾c. for fine to extra factory, and 12@12½c. for fair to fine. Dairies, 10¾@12c. for good to best, and 8@10½c. for fair to good. At Utica about 1,000 boxes sold at 11@12½c. A reputation of strong interior markets and a firmer cable, which shows an advance for Liverpool, has given the market quite a buoyant tone. To-day's quotations here do not warrant the extreme figures at the Falls, still 12¾c. is quite readily paid by shippers for fine lots of factory, and we near of 13c. paid to arrive. Sellers do not press buyers very closely, preferring to let the market run itself while it has the present favorable movement. Stock is not heavy here or in the country. Some cross stock appeared in to-day's receipts. Western cheese is dull, except when very choice; for that matter poor grades of State are slow of sale. We quote:

Old Cheese quotable at 9@12c. for State Factory, and 3@10c. for Western.

DRIED FRUITS.

Receipts for the week, 23 packages; do. last week, 20 do. Exports for the week, 180 bbls. apples. After the filling of a few small export orders for apples the market remains in the same quiet state that has been noted for the past several weeks; quotations for both quarters and sliced are easier. Warm weather has told somewhat upon peaches, and few lots are good enough to bring outside prices. Small fruits dull with other items. We quote:

EGGS.

Receipts for the week, 15,701 bbls.; do. last week, 12,563 bbls. The market is a shade in buyers' favor; holders of strictly first class stock demand the extreme prices for Western. Quotations are still at the mark, but losses begin to show, and where the extreme rates are given the count has to be made good. Quotations:

FRUITS.

There is a renewed animation in the fruit market since New-Jersey has begun to forward supplies of strawberries. The fall supplies have been sold out quite close daily. Southern stock has arrived mainly in prime order this season, but there is a freeness of favor in Northern raised that brings out regular buyers. Fine Wilsons that would stand up for shipment brought good prices to-day, as there is an enlarged Eastern demand to supply Boston for the 17th. A few peaches from Georgia have appeared. Cherries begin to show from near points; quality mostly common. Gooseberries not wanted. Apples dull and nominal. Quotations:

FURS AND SKINS.

There have been no additions to the stock. Quotations are unchanged from those that have appeared in our recent issues.

HOPS.

Receipts for the week, 44 bales; do. last week, 62 bales. There is no special change; the demand continues light, and there is the weak, depressed feeling in prices that always attends a neglected market. Crop reports are good for this State. Wisconsin reports unfavorably.

Total receipts since Sept. 1, 1874, 42,377 bales; total receipts for same period in 1873, 21,450 bales; export clearances for the week, none; total exports since Sept. 1, 1874, 15,688 bales.

MILK.

The daily average receipts at the various points of distribution were as follows: by Erie Railway, 300 cans cream; 4,240 do. milk; by Harlem Railroad, 2,950 do.; by New-Haven Railroad, 1,100 do.; by Hudson River Railroad, 850 do.; by Midland Railroad, 1,425 do.; miscellaneous, near by routes, 2,600 do. At the Harlem Railroad platforms the daily average prices were as follows: June 8, 30c.; June 9, 31; June 10, 31; June 11, 31; June 12, 31 25; June 13, 31; June 14, 31; average 31 cents of 40 quarts, or 3¾c. Another enormous supply has given us a week of low prices; the average is better than last week, but with 6¾c. ¢ gal freight 98¾c. is not much of a price for 40 quarts of milk. Farmers are holding back some of the losses, but much of the receipt has been again returned to the country, while a large portion remained on the platforms unsold. Prices paid for May to farmers, 2¾@3c.

MEATS.

Live calves continue easy; we quote New-Jersey and Bucks County, 7@8½c.; State, 6½@7½c. Lambs are abundant, a good many coming from Kentucky; the selling range for good to prime is 8@10½c.; some fancy are quoted higher, but buyers are generally satisfied with lambs that can be had at 10@10½c. Extracts of provisions past week: 1,[illegible] pkgs. beef, 203 pkgs. pork, 3,576 boxes bacon, 2,723 tcs. lard.

MAPLE SUGAR.

Both large and small dealers still complain of a surplus of unsalable stock. We quote:

Sugar, new, light colored ¢ lb	8 @ 9	Sugar, old	6 @ 7
Sugar, new, dark colored ¢ lb	7 @ 7½	Maple sirup, ¢ gal	90 @$1

POULTRY AND GAME.

The market for live poultry is easier, turkeys showing the most decline. Recent high rates have rushed in an overstock of turkeys, and it will take some days for them to settle. Spring chickens are abundant and show a wider range. Quotations:

VEGETABLES.

Exports of potatoes last week, 3,650 bbls.; since June 1, 49,475 bbls.; same period last year, 42,625 bbls.; of potatoes are in fair demand, but prices are in the buyers' favor. It is getting late for old stock, and there is no definite rate for poor or sprouted lots. A very large arrival of Bermudas came in this week—upward of 4,000 bbls. Southern are running in better condition and sizes. Asparagus is in good demand. Long Island green peas have appeared. Norfolk and New-Jersey send few; the latter crop winds up early. Cabbage arrives in varied condition; the lower rate is for almost leaves, that should not be shipped. The Bunker Hill celebration makes green stuff very active for shipment to Boston to-day. LIVE STOCK MARKETS.

NEW-YORK, June 15.—BEEVES.—There were no receipts today, and the common Texans sold over from yesterday were not put on the market, so that the traffic in beef cattle was unimportant. Trade in beef sides was dull at 8½@11½c. ¢ lb for common to good, with some of the best sold at 12c.

SHEEP AND LAMBS.—Receipts were 6 cars, or 1,288 head, fully one-half Spring lambs, and several carloads were in the pens from previous arrivals. The demand was very moderate, and the market was tame and weak at 4¾@6c. ¢ lb for sheared sheep, and 8@11c. ¢ lb for Spring lambs.

BUFFALO, June 15.—CATTLE.—Receipts to-day, 970 head, making the total supply for the week thus far, 7,450 head, 47 cars—297 cars by much consignments, the balance on sale here—against 411 cars for the same time last week, and 437 cars for the same week last year. The market was moderately active; quality of the offerings generally poor, with an unusual supply of common, half-at stock. There was hardly sufficient good of prime cattle for the demand. The balance of Eastern purchasers was fair. Prices on good stock were about the same as those of last week; common and half-at stock full ¼c. off, with light demand; 1,400 head disposed of for the week thus far; sales of 60 head Ohio steers, ranging from 1,077 to 1,252 lb, at $5 50@$5 85; 40 head Texas still-fed steers, ranging from 700 to 1,215 lb, at $4@$5 75; 300 head Illinois steers, ranging from 980 to 1,100 lb, at $5@$5 75; 100 Cherokee steers, ranging from 700 to 950 lb, at $4 37½@$5 25; 100 Indiana steers, ranging from 1,070 to 1,105 lb, at $5 50@$5 60.

Market opened active at ½@¼c. off on last week's quotations; 1,200 head Ohio Clipped Sheep disposed of for the week thus far, 2,500 for Brighton and 1,100 for local and city butchers, balance for Eastern markets; sales from $7 to $9, and 104 lb. at $4 70@$5 10, and $5 35.

HOGS.—Receipts to-day, 1,100 head, making the total supply for the week thus far 7,700 head, against 7,100 head for the same time last week; 6,600 head same time last year.
