FEEL HEADACHY, DIZZY, BILIOUS? CLEAN YOUR LIVER!—A DIME A BOX

Sick headaches! Always trace them to lazy liver; delayed, fermenting food in the bowels or a sick stomach. Poisonous, constipated matter, gases and bile generated in the bowels, instead of being carried out of the system, is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, sickening headache. Cascarets will remove the cause by stimulating the liver, making the bile and constipation poison move on and out of the bowels. One taken to-night straightens you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular, and make you feel bright and cheerful for months. Children need Cascarets, too.

How You Can Remove Unsightly Hair or Fuzz

(Boudoir Secrets)

By having a small package of delatone handy, you can quickly banish ugly, unsightly hairs wherever they may appear. Just enough paste to cover the hairy surface is made with some of the powdered delatone and water. This is applied for about 2 minutes, then removed and the skin washed. This simple method not only banishes every trace of hair or fuzz, but leaves the skin firm, smooth and free from blemish.—Advertisement.

CABINET MEMBERS WILL NOT RESIGN

Assassination of French Editor Last Evening Follows Attack on Minister

Paris, March 17.—The French cabinet to-day decided to retain office in spite of the resignation of Joseph Caillaux, minister of finance.

M. Caillaux's resignation was made necessary by his wife's assassination of Gaston Calmette, editor of Figaro.

Although Caillaux was considered the strongest and most influential member of the cabinet, his colleagues determined to accept his resignation and to reorganize the various portfolios.

Rene Renoult, hitherto minister of the interior, will become minister of finance. Louis J. Malvy, minister of commerce, will succeed M. Renoult as minister of the interior. Raoul Peret, deputy from Vienna and under-secretary of the interior, will become minister of commerce.

Madame Caillaux Jailed

Madame Caillaux, who caused this upheaval in French political life, is meanwhile in St. Lazare prison. Her husband to-day took an affecting leave of the officials of the Ministry of Finance.

Acting on information given by Madame Caillaux the police to-day took possession of various papers in the office of the editor of Figaro. It is understood that among these papers were various private letters written by M. Caillaux to his present wife before they were married and while she was the wife of Leo Claretie.

It is generally supposed that Madame Caillaux had received an intimation that Calmette was about to publish these letters and it was this that led her to attack him. Calmette was a bitter political foe of Caillaux.

Business Organizations Condemn President's "Anti Trust" Measures

Special to The Telegraph.

Washington, D. C., March 17.—On the very day, yesterday, on which the interstate trade commission bill was introduced in Congress, signs began to multiply that the solid business men of the country are ready to rise against further harassing interference with "big business."

The board of directors of the Merchants' Association of New York, an organization composed of 3,600 important business men, adopted resolutions condemning all four of the pending "anti-trust" bills, including the trade commission bill, and appointed an impressive committee to request Congress to postpone all "anti-trust" legislation until the next regular session.

The executive committee of the Philadelphia Board of Trade adopted yesterday a report that the pending bills, if enacted, must "result in great injury to the country as a whole."

On the other hand, President Wilson is announced, in Washington dispatches, to be in favor of all the four pending measures, and there is criticism in the Senate committee on interstate commerce that the trade commission bill introduced by Representative Covington yesterday is not drastic enough.

Central High School Notes of Timely Interest

Miss Katherine McNiff, a member of the faculty, spent Saturday in Philadelphia attending a convention for the formation of a society for the promotion of liberal studies, held in Drexel institute. An enjoyable feature of the occasion was a reception and luncheon from 12.30 until 2 p. m. Miss McNiff spent several hours at the exhibition of a series of charts prepared under the direction of Miss Jessie E. Allen, of the Philadelphia High School for Girls, to illustrate the practical value of Latin in everyday life. A similar series of charts is being prepared by the Latin students of this school under the direction of Miss McNiff.

Professor W. M. Fahnestock, a member of the faculty, was absent from the schol yesterday afternoon during the burial of his brother-in-law, Captain Harvey. Miss Rebecca Craighead took charge of all German classes during his absence.

Financially the game between Central and Tech on Friday evening was a great success. After paying all bills the team cleared $113.

All studies ceased and the school was dismissed promptly at 4 o'clock this afternoon on account of the memorial exercises for Dr. Shimmell, held in the Technical High School auditorium at 4.15 o'clock. Miss Katherine McNiff was requested to give a few remarks on the life of Dr. Shimmell. During Dr. Shimmell's term as a teacher at the school Miss McNiff was most intimately acquainted with him.

A short meeting of the senior class was held directly after the chapel exercises yesterday.

The Home Beauty Parlor
by Betty Dean

Dearie: Yes, I believe men all recognize a "made" complexion. Throw away your powder and rouge and use a plain spurmax lotion. Then you will have a complexion of which you can feel justly proud, because it will be real as well as beautiful. To prepare it, dissolve four ounces spurmax (which you may get from your druggist) in one-half pint witch hazel or hot water. This lotion cannot be detected when on and its regular use banishes lines, blotches, pimples, blackheads and sallowness. The spurmax lotion is delightful for spring months, as it protects the skin from the winds.

Dora: You can make your eyes sparkling and clear by this simple home treatment: Dissolve an ounce of crystos (get at drug store) in a pint of water One or two drops in each eye every day will be all that is necessary to make them feel strong and look bright. If the lids are red or inflamed, try soaking dabs of absorbent cotton in the tonic and laying them on each eye.

Juanita: The sagginess of skin which you write about is disfiguring and you will soon be wrinkled past help if you neglect it. But try this simple treatment and I'm sure it will work wonders. Mix an ounce of almozoin (from the drug store) in one-half pint cold water and add two teaspoonfuls glycerine. This cream jelly will cause the skin to contract slowly until the healthy firmness is restored. Keeps your complexion clear and free from blemishes. Also removes blackheads.

Eugenie: Your yellowness doubtless means that your liver requires a regulator and I would suggest a plain kardene tonic. This will cleanse the blood and give tone and strength to the liver and kidneys and when these organs are in a healthy condition you will be free from the bilious attacks the obstinate headaches, and the pains in small of back and groin. To prepare this tonic I get one ounce kardene from druggist and put it into one-half pint alcohol (never use whiskey), then add one-half cupful of sugar and hot water to make a quart. The dose is a tablespoonful before meals. The kardene tonic is excellent to clear the skin of pimples blotches and sallowness and its timely use frequently saves doctor's bills.

Chloe: I have found the most beneficial shampoo for the scalp and hair can be made at home by dissolving a teaspoonful canthrox in a cup hot water. This is unusually soothing and cleansing to the itchy, dandruff-laden scalp and quickly corrects over-oiliness and other scalp-upsets. My shampooing with canthrox has restored an even color, rich gloss and soft fluff to my hair, which was becoming dull and brittle. It seems to have encouraged a vigorous and luxuriant growth.

P. S.: The styles point to a continuation of the slim figure effects and as you show signs of an added waist line you should take steps to reduce your weight. Make this preparation at home and before each meal take a tablespoonful: Get four ounces of parnotis from your druggist and dissolve in one and one-half pints of hot water. Strain and cool the mixture before using. This is inexpensive and will be welcome to the woman who does not want strenuous diet or exercise.

Lorraine: Your faded hair is not necessarily dying, though it is in danger. Here is a home-made hair tonic, costing little, which I know is of great value to scalp and hair: Into one-half pint alcohol put one ounce quinzoin (which I get from the druggist's) then add one-half pint water. This gives you a full pint. I have found it very soothing and it banishes the dry, harsh, unhealthy condition of the scalp, invigorating the hair roots so a beautiful growth is certain to result.

Cutting Down the Heating Cost

This weather requires fuel that contains the maximum in heat value. Fuel that possesses the most heat units will give the desired result with the least possible consumption. You can't cut your coal bill by cheaper prices—they are uniform, but you can reduce your heating expense by using less coal. Our coal is the cheapest because it goes the farthest.
