BEAR FACTION SHOWS ACTIVITY

Selling Concentrates Upon Steel, U. P., Reading and Other Features

New York, Sept. 19. — Trading during the forenoon which was on a more moderate scale than at any similar period in the past fortnight, resolved itself into a contest between opposing professional interests the bear faction showing greater activity. Selling concentrated upon Steel, Union Pacific, Reading and other leaders, but exercised little more than temporary effect. Speculative issues including oils, equipments, coppers and shipping shares yielded to occasional pressure, but this was overcome later when rails responded to a renewed demand. Sugar stocks also developed marked strength.

Bonds, especially international issues, were irregular.
