TUESDAY, July 6—P. M.

The attendance at the Stock Exchange to-day has been less than usual, owing perhaps to the fact that many of the brokers and speculators who went out of town to celebrate the national anniversary have not yet returned. As a consequence, the business has been light, amounting in the aggregate to the sale and purchase of only 75,800 shares. The feeling of the street, whatever that may be worth, points unmistakably to a bull market. That is, four out of every five of the brokers and speculators one meets in a day's perambulations through New and Broad-sts., believe, or at least profess to believe, that the prices of leading stocks are destined in the near future to go higher, and while the transactions of the day have been limited, the strength of the market has been such as, in a certain way and for the time being, to justify the faith of the hopeful. Business at the Board opened at 11 o'clock, an hour later than usual, with moderate transactions, and at prices slightly higher than those prevailing at the close on Saturday night last, and closed generally at an advance ranging from ¼ to 1¼ from Saturday's final figures. Western Union, Pacific Mail, and Lake Shore, as of late, continue to monopolize nearly all the speculative interest, and to-day comprise about six-sevenths of the total business. Union Pacific, which has not been very active in the dealings for some time past, but which, as it is believed by many, is only biding its time for a more active movement by and by, advanced in the earlier part of the day ½ per cent to 75½, but finally, on very limited transactions settled back to Saturday's price at the close. Mariposa continues to advance on moderate transactions. Of the 75,800 shares sold to-day, 23,500 were Western Union at 79⅝@79½@79⅞@79½@80¼@79⅞, a gain from Saturday's final price of ⅜ per cent; Mariposa, 1,300 shares at 12½@13@12¾, a gain of ⅝ per cent; Preferred, 100 shares at 13; Pacific Mail, 19,000 shares at 39⅝@40¼@39¾@40⅞@40½@40⅞@40½, a gain of ¾ per cent; Union Pacific, 1,300 shares at 75@75½@75, no change; North-Western, 1,000 shares at 38⅞@39, a gain of ½ per cent; Preferred, 300 shares at 50, a gain of ¼ per cent; St. Paul, 1,100 shares at 33⅞@34@33½@33¾, a decline of ⅛ per cent; Preferred, 200 shares at 55¾; Rock Island, 400 shares at 103¾@104, a gain of ¾ per cent; Ohio and Mississippi, 500 shares at 23⅛@22⅞@23¼, a gain of ½ per cent; Lake Shore, 23,900 shares at 58⅝@59@58¾@59⅝@58½, a gain of 1¼ per cent; Erie, 3,400 shares at 15@15¼@15@15¼, a gain of ¾ per cent; Pacific of Missouri, 900 shares at 49½, and of Hannibal and St. Joseph, 200 shares at 23@23¼, a decline of ½ per cent. The market was strong late in the afternoon, and closed steady at a fractional decline from the highest prices of the day. The London advices report United States bonds steady, and British Consols a shade easier, Erie being up to 12¾. The course of money is toward easier rates, and on the Stock Exchange money on Government securities is quoted at 2@2½ per cent. Three months' discounts are negotiated at 3 3/16 per cent, or 5/16 below the minimum rate of discount at the Bank of England, which institution made a gain in bullion on balance of £127,000. Foreign exchange was dull and steady at about $4 86¾@$4 87 for actual business. All the sales of gold were at 117⅛@117¼, and limited, the rates paid for carrying being 1, 1½, and 2 per cent. The specie shipments to-morrow are likely to be light, only $550,000 having been engaged, of which $60,000 is silver. The half million withheld on Saturday was not shipped to-day. The export clearances of domestic produce from this port for the week ending to-night were to the currency value of $6,190,155. The Assistant Treasurer paid out $546,000 in coin interest on the public debt, and $77,000 in redemption of called Five-twenties. The day's business at the Gold Exchange Bank was as follows: Gold cleared, $26,188,000; gold balances, $1,823,190; currency balances, $2,138,748. We annex principal gold quotations:
