tral and its closer connection with New-York Central on both passenger and freight business, and the new route between Chicago and New-York by way of Erie, Atlantic and Great Western, C., C. C. and I., and the Chicago Division of the Baltimore and Ohio roads, over which it is said three passenger trains a day will be run with Pullman cars on as quick time as by any other route; and to this may perhaps be attributed the sales on sellers' option made to-day of Michigan Central, which, while the total aggregated only 900 shares, were at from 55, seller 60, to 54½ regular, and 54, seller 60, a decline in the regular price of 1¼ per cent. North-Western was weak and active at 35¼@35½@34⅞, subsequently rallying to 35, and closing at 34⅝, a decline of ⅞ per cent on sales of 34,000 shares. The Preferred followed closely behind with sales of 2,000 shares at 49@48@49½@49⅜, a decline of ¼ per cent. St. Paul was comparatively steady at 32@32¼@31½@32¼@32, on sales of 3,290 shares, and the Preferred gains ½ per cent, on sales of 1,200 shares at 61¾@61@62. Rock Island was dull, with sales of only 600 shares, at 103@102¾@103. Union Pacific sold to the extent of 5,000 shares, at 67@66@67@66¾, a decline of ¼ per cent. Pacific of Missouri showed that its life had not quite all gone out, by making a rally at the close of 1⅜ per cent on sales of 9,000 shares at 14½@15½@14½@16½@16⅜. Hannibal and St. Joseph sold at 17½@16½@17, a decline of ½ per cent on sales of 1,200 shares, and the Preferred, on sales of 800 at 20¼@20½@20¼, declined 1¾ per cent. Western Union opened at 75 and sold at 73¾@74⅞@74½@74¾, a decline of ¼ per cent. Pacific Mail, after selling at 36⅛@36⅛@35⅝, rallied to 36¼@36⅛. This stock is being well talked up, and if it don't respond it will not be for the want of talk. The market closed barely steady at the quotations. This is settling day at the Stock Exchange in London, and the leading rates for money in the open market are reported nominal, transactions being subject to the action of the Bank of England. The opinion on the London Exchange seemed to be that the Bank rate of discount would be advanced at the meeting of the managers to-morrow. The bank lost £32,000 bullion withdrawn on balance to-day. Consols closed at 93⅞, both for cash and the account. Old '65 U. S. bonds closed at 103¾@104, ex coupon; '67s, 107¼@107½; 10-40s, 104⅜, and new Fives, 103¾@104, ex coupon, which is an advance of ¼@⅜. Erie, common stock, declined in London to 14¾@15. The market for foreign exchange is about the same as yesterday, business being retarded by the firmness in gold. The actual business in exchange was at about $4 78½ and $4 82 for long and sight bills. Gold has been, contrary to the general expectation, higher to-day, owing mainly to the short supply of cash gold, the high rates for the use of the article, and the fact that the effect of the Ohio election had been substantially discounted before the election took place. The opening price was 115⅞, from which it declined to 115¾, and subsequently advanced to 116⅜, at which it closed firm, with 116½ bid after the close of the Gold Board. The operations of the Gold Exchange Bank were as follows: Gold balances, $1,427,045; currency balances, $2,172,974; gross clearances, $39,175,000. We annex the principal quotations for gold:

10:00	115¾	12:00	115⅞	2:00	116
10:05	115⅞	12:05	116	2:30	116¼

11:00	115¾	1:00	116		
11:30	115¾	1:30	116		

The day's business at the United States Sub-Treasury comprised:

Gold receipts	$750,928 18	Cur'y payments	$973,126 64
Gold payments	876,321 42	Cur'y balance	54,667,012 31
Gold balance	38,915,814 32	Customs	250,000 00
Cur'y receipts	721,802 88		

Canceled gold certificates sent to Washington $757,000.

The Treasury balances at the close of business to-day were: Currency, $6,650,000; coin, $70,500,000; loss coin certificates, $13,000,000.

GENERAL MARKET REPORT.

WEDNESDAY, Oct. 13, 1875.

COFFEE—For Rio the market was very quiet for all grades, and prices were nominally unchanged, though the tone was weak; no new sales transpired; ordinary to prime cargoes, quoted 19@21½c., gold, and jobbing lots 19@22½c., gold. Mild grades were in moderate jobbing demand, and showed no change from yesterday's quotations.

COTTON—The market on the spot was very firm, and prices of Good Ordinary and Strict Good Ordinary advanced ⅛c.; other grades were ⅛c. higher. There was a moderate business with spinners and quite a fair export demand prevailed, the firmness of the Liverpool market encouraging this, though at one time during the day gold was lower. The sales were 2,019 bales (of which 334 bales last evening), including 1,435 bales for export, 411 bales for consumption, and 400 bales to arrive. The official quotations are as follows:
