DEMOVILLE'S NEW AND UNRIVALLED HAIR TONIC!

THIS most efficacious remedy now in use for restoring and beautifying the hair, removing all Dandruff and cleansing the scalp from all diseases. This preparation has been used in our city and vicinity for a year or more, and we could furnish numbers of certificates testifying to its great worth, but do not deem it necessary, as it is an article which speaks for itself.

To all who are losing their hair from disease, and who are prematurely gray; also to those who wish a full, luxuriant growth of hair, this is recommended.

Give it a trial and be presumed for yourself of its good qualities. Put up in pint bottles for $1 a bottle, and sold Wholesale and Retail by DEMOVILLE & CO.,

THE GLOBE:

The Official Paper of Congress.

I PUBLISH now my annual Prospectus of *The Daily Globe*, and *The Congressional Globe and Appendix*, to remind subscribers, and inform those who may desire to subscribe, that Congress will meet on the first Monday of next December, when I shall resume publishing the above named papers. They have been published so long, that most public men know their character, and therefore I deem it needless to give a minute account of the kind of matter they will contain.

The Daily Globe will contain a report of the Debates in both branches of Congress as taken down by reporters, equal, at least to any corps of short hand writers in this, or in any other country. A majority of them will, each, be able to report, *verbatim*, ten thousand words an hour, while the average number of words spoken by fluent speakers rarely exceeds seven thousand five hundred words an hour. When the debates of a day do not exceed forty-five columns, they will appear in the Daily Globe of the next morning, which will contain, also, the news of the day, together with such editorial articles as may be suggested by passing events.

The Congressional Globe and Appendix will contain a report of all the Debates in Congress, revised by the speakers, the Messages of the President of the United States, the Annual Reports of the Heads of the Executive Departments, the Laws and passed during the session, and copious indexes to all. They will be printed on a double royal sheet, in book form, royal quarto size, each number containing sixteen pages. The whole will make, it is believed, at least 2,000 pages. This is acknowledged to be the cheapest work ever sold in any country, whether a reprint or printed from manuscript copy, taking for data the average number of words it contains.

The coming session, will, without doubt, be unusually interesting, because the debates will, in a great measure, be upon the policy of the President-elect, and the Globe will be, as it has been for many years past, the only source from which full debates of Congress can be obtained.

The Congressional Globe and Appendix pass free through the mails of the United States, as will be seen by reading the following Joint Resolution passed by Congress the 6th of August, 1852:

Joint Resolution passed providing for the distribution of the Laws of Congress and the Debates thereon.

With a view to the cheap circulation of the laws of Congress and the debates contributing to the true interpretation thereof, and to make free the communication between the representative and constituent bodies

Be it resolved by the Senate and House of Representatives of United states of America in Congress assembled, That from and after the present session of Congress, the *Congressional Globe and Appendix*, which contains the laws and the debates thereon, shall pass free through the mails as long as the same shall be published by order of Congress: *Provided*, That nothing herein shall be construed to authorize the circulation of the Daily Globe free of postage.

Approved, August 6, 1852.
