The London advices were of no special importance, though Consols are steadily advancing, and United States bonds ruling dull and steady. Erie, on advices from this side, advanced to 15⅞. Money continues in good plenty and three months' bills are discountable at 3¼@3⅜ per cent, while money in the outside market is attainable at 1¾. The minimum rate at the Bank of England continues 4, and £23,000 bullion was withdrawn on balance from that institution. To-morrow will be the ticket day, and Friday fortnightly settling day on the London Stock Exchange. In Paris French Rentes closed at 65.75. Gold opened strong at 115¾, and during the first hour advanced to 116⅛, the prospect of a curtailment of the gold receipts from the Pacific coast, by reason of the late fire, causing a considerable purchasing mania, which ran the price up as above. This price was not sustained, and in the afternoon gold declined to 115¾. The business in the Gold Room was not active. The rise in gold and the few offerings of cotton bills reduced rates of exchange to 4.79 and 4.83½, and business could be done at concessions from these figures. On gold loans the rates were ⅛ and 1/32 per diem and 3, 7, and 8 per cent per annum. On Thursday the Treasury will sell a million gold. The prepayments of November interest to-day amounted to $207,000, making a total thus far disbursed of $1,187,000. The amount of redeemed bonds footed up $131,000. The day's business at the Gold Exchange Bank covered: Gold cleared, $48,410,000; gold balances, $1,186,155; currency balances, $1,709,596. The principal gold quotations were as follows:

11:00	116	1:00	115⅞

The day's business at the United States Sub-Treasury comprised:

The coin shipments East from San Francisco to-day amounted to $100,000, and bullion $37,000.

The Treasury balances at the close of business to-day were:

The money market was easy to-day, and while the rate at bank is 5 per cent, the street rate has been 3 and 4 all through. There is no change in mercantile paper and best grades moved at 6 and 9 per cent. The customs receipts at Washington to-day were $150,000, and the Internal Revenue receipts $250,000, the United States Treasurer receiving $500,000 National bank notes for redemption. The following was the Clearing-house statement: Currency exchanges, $71,506,899; currency balances, $4,130,484; gold exchanges, $2,550,588, and gold balances, $926,105.

United States bonds were strong and higher for the gold-bearing issues, and lower for the currency sixes. We annex closing street quotations:

COFFEE—The whole market, whether for Brazil or mild grades, was very quiet, and prices were merely nominal, no sales were noted. Rio nominally 18@20½c. gold, for invoices of ordinary to prime; 18½@21½c. gold, for jobbing lots; Maracaibo, 20@22c. gold, with a larger supply; Java, 26@28c. gold. Other kinds merely nominal in value.

FLOUR AND MEAL—There was a similar firmer feeling in low Flour matters to-day, with a better export demand for shipping grades. The local trade bought to a fair extent, chiefly Ohio Flour. Mill Flour was in brisk request, in part for the West Indies. The sales were 22,700 obls, including 7,100 bbls low grades Shipping Extra, nearly all within the range of $5 60@5 80; 1,600 bbls. Ohio Extra, chiefly at $6 35@6 75, and 800 bbls. Ohio Family at $6 85@7 50. The quotations were $4 75@$4 75 for No. 2; $5@$5 40 for Common to Fair Extra; $5 40@$5 75 for Choice Superfine State and Western; $5 40@$5 60 for Inferior to Common Extra State; $5 60@$5 75 for Common to Fair do.; $5 80@$6 35 for Fair to Good do.; and $6 40@$8 for Good to Choice do.; $5 [illegible] $5 70 for Inferior to Common Extra Western; $5 75@$6 20 for Common to Fair do.; $6 25@$7 50 for Fair to Good do.; and $7 25@$8 for Good to Choice do.; $4 70@$7 40 for City Mills Extra; $5 50@$5 75 for Common to Fair Extra Round Hoop Ohio, and $5 80@$7 50 for Fair to Choice do.; $6 60@$7 40 for Common to Fair Patent Minnesota Extra; and $7 45@$8 75 for Fair to Choice do. The market closing firm $4 45@$4 75 for Fair to Choice Spring grades, and very quiet for and moderately active for Shipping grades, and very quiet for Trade brands. New Flour still rules quite dull, and a very large portion of the receipts were going into store. For southern flour there was a moderate inquiry, at about former prices; sales of 2,100 bbls. at $5 50@$6 65 for inferior to fair Extra; $5 70@$8 for fair to good do., and $8@$9 37 for good to choice do. Rye Flour was in fair request, with sales of 300 bbls. at $4 25@$5 50 for fine whole range, including of 200 bbls. at $4 25@$5 50 for fine whole range, including good to very choice Superfine at $5 25@$7 50. In buckwheat Flour there was more doing, but prices still ruled in buyers' favor; sales at $3 50@$3 75 for state, and $3 62½@$3 75 for Penna traffic, the latter price for Patent. Corn Meal was only in limited request, at lower prices; sales of 450 bbls. at $3 55@$3 85 for Western; $3 40@$3 85 for Jersey and Pennsylvania, and $4 10 for Brandywine, including 200 bbls. Western at $3 80; 500 sacks Baltimore Meal were sold at $1 27 ⅌ 100 lb.

FREIGHTS—There was a slightly better business in berth room, principally in Grain, the rates of which show a further decline. The inquiry from the Provision trade was again light, and late rates are barely maintained. In charter room there was less doing, but no quotable change can be made in rates, although the tendency appears to be toward a lower basis. The engagements included: To Liverpool, by steam, 8,000 bush. Grain (through freight at 10d.); 8,000 do. (local) at 9d. ⅌ 60 lb; 56,000 bush. do. at 8½d. ⅌ 60 lb, and 500 boxes Cheese at 40s. ⅌ ton. To London, by steam, 8,000 bush. Grain at 8½d. The charters were: A Norwegian bark, hence to London—to replace a vessel previously chartered, but thrown out—with 2,000 bbls. Refined Petroleum at 4s. 10½d.; a Norwegian bark of 512 tons register, hence to London, with Oil Cake in bags at 25s. ⅌ ton, and in bbls. at 27s. 6d.; an Austrian bark was rumored hence to Glasgow, with Grain and Flour, the particulars of which could not be obtained; a British brig from Barbados to the Continent, with 1,500 bbls. Refined Petroleum at 4s. 6d.; also a German ship, unnamed from New Orleans to Havre, no rate mentioned; a German bark from Baltimore to Bremen, with 4,800 bbls. at 4s. 7½d.; an American ship, now at Delaware breakwater, from do. to Antwerp or Bremen, with 7,500 bbls. do. the rate of which was withheld.

GRAIN—For Spring Wheat there was a good demand, and the market was a shade firmer. Holders generally were disposed to insist upon full prices. Low and Inferior (No. 3 and Rejected) brought about one cent per bushel advance. No. 1 was quite active, and at the close brought $1 36½@$1 37 per bush. Winter Wheat was less sought after, and White was scarcely so firm. The decline in freights stimulates the export business. Sales, 321,000 bush.
