WINER'S CANADIAN VERMIFUGE

A CERTAIN REMEDY FOR WORMS.

Physicians generally now use Winer's Canadian Vermifuge. This medicine is a simple vegetable preparation, and can always be administered with perfect safety and confidence as to the result and will always destroy Worms and restore the patient to health.

Over one thousand agents from planters, merchants and physicians bearing testimony to the efficiency of this infallible remedy. Warranted in all cases.

MEDICAL EVIDENCE.

We, the undersigned, having frequently administered WINER'S CANADIAN VERMIFUGE for over ten years past; and since its introduction into this section of the country, it has given such satisfaction to our customers, that we feel justified in saying it is one of the best remedies for Worms we have any knowledge of.

TRUTH OMNIPOTENT.

We give to our readers and the public generally the following copy of a letter received by us from W. Vezey, Esq., of the Aberdeen Conservative, enclosing at the same time a communication to that paper from Col. Vasser, of North Mississippi, and who was formerly associate editor of the Conservative. The subject of the letter and communication, we do not feel it necessary to comment on—they tell the whole story, one that ought to go home to those to whose hands the rising generation of children are placed for nurture and for care. All we ask of our readers is a careful perusal of the documents.

CONSERVATIVE OFFICE, Aberdeen, Miss., Aug. 23, 1858.

Messrs. Wright & Co.—As any testimonial in reference to your preparation may prove beneficial to you, I enclose the following, published at my request in the "Conservative" of the 21st inst.

Col. Vasser was formerly associate editor of the "Conservative," and is well known in North Mississippi as a gentleman of intelligence and strict integrity. Respectfully, J. W. VEZEY.

[FOR THE CONFEDERACY.]

(*Communicated.*) ABERDEEN, Aug. 19, 1858.

DEAR VEZEY—Upon the principles of justice and humanity, I am induced to ask your permission to insert this communication in your paper, believing, as I do, that it may be the means of preventing untimely sorrow in many a happy household.

On Friday last, having been for several days previous absent from my family, I found, on my return home, that my infant, aged about fifteen months, was quite unwell from some unknown cause—supposed to have been teething. Upon examination, however, I was of the opinion that her indisposition proceeded from worms; and having been told by a respectable physician that WINER'S CANADIAN VERMIFUGE was a sovereign remedy against this terrible enemy of children, I was induced to give it a trial, reluctantly, by the acquiescence of my family physician.

On the following morning, (Saturday,) I commenced administering it by directions, save in quantity, being afraid to give the amount of prescription. I was unable to detect any impression occasioned by it until late in the afternoon of that day; and should not then, but for the discharge of some thirteen worms, varying in length from two and a half to six inches. This I thought a remarkable number for a starving infant. But to my great astonishment, about one o'clock the next morning I was aroused from my slumber to witness the incredible number of one hundred and thirty-six from one evacuation.

Immediately after the same morning (Sunday) before any dose was administered, which was followed by the discharge of fifty during the day, the next day, (Monday) none was administered; but still occasionally discharges occurred during the day, varying in size and quantity, as described.

On Tuesday morning following, one more small dose was administered, making in all five doses of a quarter of a teaspoonful instead of a teaspoonful, prescribed by the third of directions. In all the little creature has discharged to this date, the rise of three hundred worms, a majority of which will average five or six inches in length, and is running about as usual, outstanding evidences of good health and spirits.

Having met with such a vanishing effects in the case of my infant, I was induced to use the Vermifuge on six other children under my protection—varying in age from two to ten years, and in every case save one (that of the oldest,) the like happy results have been produced.

These facts are elicited, first because of my antipathy to nostrums of all kinds, second because my experience has convinced me that, in the experiment I have made with Winer's Cordial, it is due to suffering humanity, as well as to the manufacturer of the medicine, to make public the result of my observation. W. H. VASSER.

GREAT MORTALITY OF CHILDREN.

Winer's Caurdian Vermifuge saves the Children.

Of the multitude of children that die before they reach their twelfth year, three fourths of them are believed to be the victims of internal worms, or of diseases arising from that cause.

BEWARE OF CALOMEL.—The public generally may not be aware that nearly all Worm Lozenges contain Calomel, and that the lives of children are thereby endangered.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.

STOTT'S SUGAR MILL GOVERNOR.

THE undersigned have been appointed Agents for the sale of this truly celebrated improvement for Sugar Mills, for the

PARISH OF RAPIDES.

This invention of Mr. Stott is intended to facilitate the grinding process so that at least from fifteen to twenty-five per cent more juice can be taken from a given amount of canes than can be done by the present plan of regulating rollers by screws. And as the upper roller is moveable, being controlled in its action by the Governor, no danger of breakage from an excess of cane or from the presence of foreign objects, is removed. This arrangement of the Governor can be applied to all kinds of Sugar Mills, without any change.

We are prepared to put up the Governor on all Sugar Plantations in the Parish, at short notice.

For further particulars please call on

EYERE & CHAMBERLAIN.

The following certificate is from gentlemen well known in the sugar growing parishes:

Weston Plantation, West Baton Rouge Parish, Dec. 15, 1859.

Having used Stott's Governor, for over two months we confidently pronounce it a decided improvement, both for economy in making good bagasse, with variable feeding and consequent saving of juice and safety from the breakage of Machinery.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the everyday complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and distension of the bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions. They are an excellent alterative for the renovation of the blood and the restoration of tone and strength to the system debilitated
