[illegible] WHITE RACE TO THE REST.

[illegible] H. Stephens, addressed to the Georgia Legislature:

All changes of opinion or proposed reforms require experience and problems to be solved. Our opinion is that government is an experiment in first. Perhaps it is a problem that can never be solved. Our prayer day on this subject is not with the past or the future, but with the present. The wisest and the best step for us is the judgment of to the problem, working it out as we go on. Let us, therefore, give the one a fair and just trial, without prejudice, and with the earnestness of purpose which alone looks hopefully to success. It is an ethnological problem on the solution of which depends not only the best interests of both races, but it may be the existence of one or the other, if not both.

This duty of giving this new system a fair and [illegible] trial requires of you, as legislators of the land, great changes in our [illegible] laws in regard to this large class of your citizens. Wise and humane measures should be made for them. It is for you to do this work. I hope, on the question, that equity and all provisions should be secured to them, so that they may stand equal before the law, in the possession and enjoyment of all rights of person, liberty and property. Many considerations claim this at your hands. [illegible] in this part. This should also be done because they are [illegible] unfortunate, helpless; many of them are helpless, [illegible] to be helpless upon us.
