FLOUR AND MEAL—A moderate trade was reported in Flour to-day, without, however, any decided change in price; low grades of Extra were not very plenty, and were steadily held with a fair export demand; Medium to Choice Extras were in fair supply, and with only a light inquiry—mainly for the immediate wants of the local trade—prices ruled slightly in favor of the purchaser; No. 2 and Superfine were about as last noticed; Unsound Extras were a little more pressed for sale, and in instances slightly lower; City Mills Extras were very active (mainly for the West Indies) at the figures current at the close of last week; sales, 14,400 bbls., including 3,400 bbls. low grade Extra at $6 15@$5 25, of which 1,000 bbls. were a favorite brand of Western at the outside price; 4,600 bbls. Corn Meal was in fair supply and dull, with prices nominally lower; sales, 450 bbls. at $2 85@$3 30 for Yellow Western, Jersey, and Pennsylvania, and $3 50@$3 55 for Brandywine. Buck Meal ruled quiet and unchanged.

GRAIN—The market for Spring Wheat opened with holders asking 1c@2c. per bush. advance, with some transactions reported showing in instances about 1c. advance. Afterward shippers were inclined to hold off, and several orders for the Continent that could not be filled here were sent West for execution. At the close holders were a little more disposed to realize, and sales were somewhat more pressed to shade the full closing figures of Saturday last; sales, 170,000 bush. at $1 08 for Rejected Spring, $1 15 for No. 3 Chicago or North-West, $1 18 for No. 3 Milwaukee, $1 19@$1 23 for Ungraded Spring, $1 21 for No. 2 Chicago, $1 26 for New-York Inspection No. 2 Spring, $1 25 for No. 2 Milwaukee, $1 30@$1 32 for No. 1 Spring, $1 33 for small parcels do., $1 60 for crop of 1874 White Michigan, to arrive soon; and $1 38 for 14,000 bush. HAY AND STRAW—Shipping grades of Hay sold well, and at firm figures; retail qualities, on the contrary, are slow, plenty, and rather weak. Straw is quite active and decidedly firm. We quote: Hay—Shipping, 70@80c.; Retail qualities, 90c.@$1 05; Clover at 70@75c.; Salt at 60@70c. Straw—$1 06@$1 15 for Long Rye; 70@80c. for Short Rye; 60@70c. for Oat.

HIDES—There was only a small business to-day, that is, individually; the aggregate movement, however, was moderate; the stocks have latterly been hindered from accumulating, and a better and more steady tone has at last presented itself; sales include 1,000 Dry Monteviideo on private terms, quoted at 17½c.@18c., gold; 1,000 Dry Buenos Ayres within the range 17@21c., gold; 750 City Slaughter Ox at about 7½c., currency.

DUCKS—There were no changes of note to day, the whole market continuing to be quite dull; only small lots of choice grades are wanted; the firm advices from London, however, have a steady influence on this market. We quote: New-York, 12@19c.; Eastern, 10@15c.; Wisconsins, 10@15c.; Yearlings, 8@10c.; Olds, 4@6c.; Californians, 15@18c.

LINSEED—Was in rather more demand; 9,000 bags ex store sold at $1 82½, gold.

MOLASSES—New-Orleans was quiet and unchanged at 45@60c. Foreign was quiet to day, but steady; 35@45c. for English Islands, 35@55c. for Porto Rico, and 33½@34c. for Cuba Clayed.

NAVAL STORES—Spirits Turpentine was again slow, and the quotation was limited to 32½c.; nothing further than this transacted. In Rosins nothing is of small and unimportant business to-day, sufficient for the present limited wants of manufacturers; in one or two instances some decline must be noted. We quote: $1 70@1 72½ for Common Strained, $1 75@$1 80 for Good Strained, $1 85@$2 25 for No. 2, $2 50@$2 87½ for No. 1, and $3 75@$5 for Pale to Extra do. Tar and Pitch sold only in a retail way at previous prices.

OILS ON FREIGHTS—There was a moderate business in berth room; however, the firm tone that has been so lately apparent was particularly wanting to-day on the Grain rate especially; Provision room also was rather irregular. In Charter room a steady, moderate movement is daily going on, and rates show little or no variance; the offerings of desirable tonnage are not large.
