to-day, who last July summoned half of Wall Street to appear before the Grand Jury, at the dictation of the Delaware and Hudson Company. Will they be as prompt in action now as then? Perhaps they are unacquainted with the laws of the State, or never read the newspapers. Seriously, the whole subject is too ridiculous to excite comment. It opened as a comedy and closes as a farce. It is surprising that seven gentlemen holding the positions of trust before the public which are held by those representing the coal companies and coal carriers, should submit to appear in such a ridiculous rôle. It is possible that the first effect of the completion of the combination may be a nominal advance in the price of coal. But it is certain that if the production for the ensuing year is 15,000,000 tons (and not 20,000,000 tons as contemplated), the average price of coal in 1878 will be less than it was in 1877.

In the stock market to-day, aside from the coal shares, the general tendency was favorable to lower prices. The market fluctuated up and down in obedience to the impulses of the moment, but the end marked a general decline. The granger stocks were fairly sustained, but it was too evident that they were adroitly manipulated to excite any confidence in their stability. Western Union was again dull between 77 and 76⅞. Delaware, Lackawanna and Western opened at 51¼ and speedily rose to 52; after which it declined to 51⅛ and then rose to 52⅝, closing at 52¼. Delaware and Hudson sold at 52@52¾@52¼@52⅝, and Central of New-Jersey rose to 18¾, closing at 17¾. Morris and Essex sold at 76@75½@76, and Albany and Susquehanna (20) at 75. Erie, after the excitement of Saturday, was dull and quiet, at 8¾@8⅝. The miscellaneous list was steady and void of feature, and the whole market closed unsettled.

There was no new or noteworthy feature in the market for Government bonds, but a large trading was observed, the business at the counters of the great dealers being important. Coupon 1867s yielded to 105½, but coupon 10-40s rose to 108; and new 5s, new 4½s and new 4s were all strong. We annex closing street prices:

State bonds were neglected, there having been a sale only of Tennessee old bonds at 35½.

The recent "irregularities" have resulted in some quite free sales of bank stocks, and to-day Central National (8) sold at par, St. Nicholas (44) at 80, Continental (10) at 75, Fourth National (8) at 98, Bank of Commerce (150) at 120, Bank of North America (60) at 74½@74⅞, and Bank of New-York (25) at 112.

Railroad bonds were active, being subject now to the same sort of manipulation as that which rules in the share market. Jersey Central firsts were in full demand at 113, consols, 67; convertibles, 63¼, and Lehigh and Wilkesbarre consols 35½. Northwest gold bonds were steady at 92 and consols, 108¾. St. Paul firsts, La Crosse division, advanced to 105, and Chicago and Milwaukee division to 102. Central Pacifics declined to 104⅞; San Joaquin division fell to 85, Union firsts to 104 and sinking fund to 94½, Missouri Pacific firsts being up to 101⅞. North Missouri firsts were firm at 102¼. Burlington, Cedar Rapids and Minnesota firsts, 58¾@59; South Pacifics firsts, 74@73½, and Burlington and Quincy 8s at 111½@111¾; Erie thirds selling at 107, and Morris and Essex consolidated firsts at 82½ and 7s of '71, at 95½@96. St. Paul sinking fund declined to 91½.

Gold was dull and featureless all day; sales at 102⅛ to 102¼, and loans costing 6 to 5 per cent carrying. The assembling of Congress is likely to occasion more activity in the market. The Assistant-Treasurer paid out $272,000 in coin interest on the public debt, and $192,000 in redemption of called bonds. The day's business of the gold clearing department of the Bank of New-York covered: Gold cleared, $13,459,000; gold balances, $1,145,529; currency balances, $1,118,500. The gold quotations were as follows:

10.....102¼ | 3.....102⅛

Foreign exchange was dull but a shade firmer, selling rates being on the basis of $4 81@$4 81½ for sixty days' bills, and $4 83½@$4 84 for demand to the £. We annex quotations:

Money was easier at call to-day, and borrowers supplied their requirements at 6 and 7, on a pledge of the usual collateral, and at 5 and 6 on Government bonds. Prime mercantile paper passes at 5½ to 7, but is subjected to close scrutiny by buyers. The United States Treasury at Washington, to-day received $840,000 National bank notes for redemption. The Customs receipts were $290,000, and Internal Revenue receipts were $300,000. The following is the Clearing House statement to-day: Currency exchanges, $74,820,486; currency balances, $3,302,017; gold exchanges, $12,458,000, and gold balances, $1,429,007.

Consols in London were irregular, opening at 95⅛, yielding to 94 15/16 and closing at 95 3/16. United States bonds yielded a fraction at the opening, but recovered, closing strong, 1867s at 106½, and 5s at 106½, new 4½s at 104⅜, and 10-40s at 108¼. Erie common yielded to 8⅞, preferred to 22, and Illinois Central to 74⅜. New-Jersey Central advanced to 17, Reading to 17¾, and Pennsylvania Central to 33½. New-York Central has not been quoted since December 28, when the price was 105. There was no bullion movement reported, and no quotations for money. In Paris, 5 per cent Rentes opened down to 108.85, and closed at 108.80, sight exchange on London being quoted at 25.18.

The gross earnings of the Burlington, Cedar Rapids and Northern Railway for the week ending January 7, were:

BEEVES—Receipts to-day, 141 car loads at Jersey City, and 99 at 60th-st., making 3,750 head on sale, against 3,454 head last Monday. The large receivers of live stock during the week were: T. C. Eastman, 2,252 head; Wakefield & Allerton, 1,925 head; N. Morris, 1,474 head; T. Brown & Co., 468 head; Myers & Hallock, 363 head. Every thing has closed up a little preparatory to the Spring trade. We will not attempt to give an exact quotation, but merely a range of prices. First-class trotters, good disposition and warranted perfectly sound, from $2,500 to $3,000; second class do., not always warranted, from $1,000 to $2,000; due carriage horses, well trained, easily managed and warranted sound, from $400 to $600; common to fair, not warranted sound, from $150 to $250; large, heavy draft horses, well built, and warranted sound, $175 to $350, with extra fine animals, of which there is a scarcity at $400@$500; common do., not warranted sound, from $75 to $150, and an occasional lot of poor car horses at $65. The great improvement in the quality of car horses is each year becoming more apparent, and this so lessens the demand for small common horses, that they no longer receive the attention once paid them.
