MONDAY, March 11—P. M.

Deducting from the 109,400 shares of the total transactions in stocks to-day, the 45,600 shares recorded for the sales of Western Union leaves only 53,800 shares for the other stocks—32 in number—which were traded in.

Under the heavy purchases of a newly-formed "pool," the price of Western Union was advanced from 78⅝ to 79½. It was noticed, however, that at 79 and upward some 8,000 shares of stock, which had been held a long time, were sold to the pool. This for a time checked the advance, and the price dropped back to 79. But another rally to the support of the stock put it back to 79½@79⅝. Lake Shore to-day was not strong, but it was not weak. The price ranged from 62⅜@61⅞ to 62¼. To-day the rates on freight were to be advanced—according to the agreement of last Thursday. High authority, however, admits that "we are not altogether happy yet." The Northwest stocks advanced early in the day, and remained noticeably steady until just before the close, when an extra dash carried the prices to the highest point yet reached. The St. Paul stocks recovered a part of their decline of Saturday, but did not reach their best figures. The remainder of the Western list was dull and steady within narrow fluctuations, excepting St. Louis, Kansas City and Northern preferred, which rose from 21 to 22½.

The coal shares presented nothing new. Trading in them was light at 47@46⅝@47 for Delaware, Lackawanna and Western, and 47@47¼ for Delaware and Hudson. But the leased Morris and Essex was stronger at 68¾@69¼.

Atlantic and Pacific telegraph sold in a small way at 20½@20⅜, and Pacific Mail at 20¾@21¼@20⅞. The express stocks were steady without feature. The market was firm at the close.
