SATURDAY, May 11—P. M.

The bank statement continues to reflect the operations of the 4½ per cent Syndicate, and the payments into the Treasury of gold for the popular subscriptions to the 4 per cents. The decline in the specie average of the banks amounts to $2,582,400, but they gain $2,176,700 in legal-tenders. The loans are expanded $2,094,300. Deposits are $1,964,000 greater, and circulation is increased $34,800. These figures indicate the receipt of about $310,000 in country National Bank notes. The movement results in a reduction of $405,700 in the legal reserve, and of $896,700 in the surplus reserve above legal requirements. The total reserve ($66,081,500) is now 32.87 per cent of the total deposits, against 33.43 last week. But deducting the specie in full from the deposits, the greenback reserve ($38,612,000) is raised from 21.55 per cent last week to 22.24 per cent of the remaining currency deposits. The comparative totals are as follows:

	May 4.	May 11.	Differences
Loans	$229,936,400	$232,030,700	Inc. $2,094,300
Specie	30,051,900	27,469,500	Dec. 2,582,400

Circulation	19,998,300	20,033,100	Inc. 34,800

The following shows the relations between the total reserve and the total liabilities:

	May 4.	May 11.	Changes.
Specie	$30,051,900	$27,469,500	Dec. $2,582,400

Excess of reserve above legal requirements	$16,718,700	$15,822,000	Dec. $896,700

The results of the transactions at the Sub-Treasury for the week ending May 10, were as follows:

The principal feature to-day of the stock market, which was generally dull, was the continued exhibition of strength by the Northwestern shares. St. Paul preferred stock was particularly firm and rose to 76⅛. The common stock fluctuated between 51 and 51½@51¾. Northwest common was dull, but was sustained at 51@51⅛@51⅜, and the preferred rose to 72¾. It was late in the day when a movement was made upon Rock Island, which suddenly advanced its price from 105½ to 106. Only 17,800 shares of Lake Shore were traded in, at first from 61¾@61⅝ up to 62½, and then back again to 61¾. A transaction which attracted considerable attention was the sale of the August dividend on 10,000 shares of Lake Shore stock at 2 per cent. Opinions varied as to the genuineness of the operation. Michigan Central was dull, but rose from 68 to 68½, and Erie sold moderately at 12⅛@12. The Wabash speculation was fluctuating; the stock was first weak at 13⅜, and then after rising to 13¾ and dropping again to 13⅜, it finally closed strong at 13⅞. The latest movement was based upon a report that a new and favorable statement was about to be made by the company.

A story that the price of coal is to be advanced next week was used with effect to stiffen the prices of the two Delawares, Delaware, Lackawanna and Western rose to 54½@54, and Delaware and Hudson to 55@54¾, but Morris and Essex fell from 79¼ to 78½, and New-Jersey Central to 18½@18⅞. Whether or not the story referred to proves true, with four and one-half months of the current year gone the matter of tonnage is growing to be of greater importance to the companies than the price of a small output. Western Union was active and higher at 81⅜ in the early business, but later it was dull at 81¼. Pacific Mail was featureless at 20¼@20⅜. The market closed irregular.

Hannibal and St. Joseph convertibles to-day were at full figures, 91@91½ and the St. Paul's also sinking funds at 106@106⅝, and the La Crosse division 108½. The Pacifics were firm; Centrals 109¾, Westerns 102¾. Union first 107½, sinking funds 96¾, and Missouri Pacific firsts 102¾. The Assistant Treasurer paid out $82,000 in coin interest on the public debt, and $11,200 in redemption of called bonds. The day's business of the gold clearing department of the Bank of New-York covered: Gold cleared, $8,958,000; gold balances, $1,256,224; currency balances, $1,250,513. Attention is directed to an advertisement signed "Wabash Railway Co." in another column. The statement shows the amount of unfunded bonds to be $2,150,000. THE TRIBUNE of May 3 placed the amount at over $2,000,000. The statement of earnings for the three months ended March 31 makes the net earnings some $53,000 greater than the official statement published in THE TRIBUNE April 19. But even with this increased sum there is a deficit in meeting the fixed charges, as we calculate them, of over $100,000, and as calculated by the parties to the recent suits against the company of over $150,000, in the results of the three months' business.
