TO CARVE A BEEF AT FOOD TALK

CONTINUED FROM PAGE ONE.

and impulse as a rule," said Mrs. Downing, "instead of making their purchases with a view to economy, and for food values." Another telling statement made by the lecturer was that women have revolutionized the stores. "You can judge by the general appearance of a store the quality of goods and the type of women who are its customers," she said. She advised that as a safeguard in buying, women should settle on one or two good brands and demand these brands. "Otherwise a grocer may unload upon you a brand which he knows is not the best nor freshest."

"Take care of the food while cooking," she said. If you can do two things at once, namely, read a book and prepare dinner at the same time, you are a clever woman. Much food is sinfully wasted in preparation.

"Until the war the government never experimented on the feeding of people. Its experiments extended only to cattle. How well it has succeeded may be judged from the fit condition of the men who are returning from the army service. Every one of the 2,000,000 men called to army training camps has gained on an average of 12 pounds. They have been fed upon the coarser foods as nature intended and many have never been so near physically perfect as they now are."

Today Mrs. Downing will talk upon government inspection of meats and will present every woman with a cook book and chart showing the different cuts of meat.

Mrs. Ora Lightner Frost introduced the speaker yesterday.

SAYS REDS HERE PLOT OVERTHROW

cago; A. Fels Badulas, Hungarian, weekly, Chicago.

The information furnished by Mr. Lamar coincides to an extent with the statements reiterated today by Raymond Robins, former head of the American Red Cross mission in Russia, when he again appeared before the committee primarily to answer statements concerning him made Saturday by David R. Francis, American ambassador to Russia.

Mr. Robins insisted that it was the desire of the bolsheviki to overthrow all the governments of the world, and in their place set up territoriatic governments similar to those in Russia. He said he did not know of his own knowledge that bolshevists from Russia actually were engaged in trying to accomplish this purpose in the United States, but that he was convinced certain people here were engaged in propagating bolshevist ideas.

"The I. W. W.," he added, "has been doing it for 20 years."

In replying to questions Mr. Robins said he did not know whether bolshevist agents were being sent into South America, but he agreed with Senator King of Utah that it was quite probable the Russian reds would undertake to aid any radical groups wherever operating.

Red Cross Ball Blue is the finest product of its kind in the world. Every woman who has used it knows this statement to be true—Adv.

MANY UNABLE TO HEAR "DAD" FLYNN

body can. Anyone that says he can cure is a liar.

"You've got to do it yourself—from within."

That was the keynote of the lecture. The self-will and determination to do the things that will give the body a chance to grow and develop along normal lines and let the organs function properly.

The demonstrations were simple. "Dad" showed the exercises that will relieve the blood pressure and cure hardening of the arteries. The apparatus used was the human body and consisted of various bending exercises that crowd the vital organs into different positions and thus exercise them.

These exercises were demonstrated with the assistance of Mrs. Flynn, who wears no corset. "Dad" says that it is unnecessary. A properly trained body is its own corset, he added.

From the attendance at the first meeting, Dad declared that Tulsa was in a fair way to break records for cities up to 100,000 population. It was the most responsive and attentive crowd he, he said, that he had ever spoken to.

THREE THEFTS OF "BIKES" REPORTED TO THE POLICE

Saturday and Sunday three reports were received at the police station of the loss of bicycles. The first report was received from Gordon Wilson, 1504 East Birch, followed by Clarence Templeton, Prince hotel and Kennard McCronion, 1117 South Cincinnati. It is thought by the police that all these thefts were committed by small boys who probably took the "bikes" for a joy ride. No far none of the bicycles have been recovered.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and luster of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.—Adv.
