87@87¾, while Erie, with larger transactions, declined from 25⅜ to 24⅞, and Canada Southern declined from 61¼@61⅜ to 60½ and rallied to 61. C., C., and C. I. in a small way sold at 43½@43¼. The Hannibal and St. Joseph stocks were scarcely as stiff. The light Western fancies attracted about the usual degree of attention, but were somewhat irregular in their movements. Wabash declined 1 per cent to 18¾, rallied to 19⅜, and ended at 19. Western Union, on a dull movement, sold at 104½@104⅞ and Pacific Mail at 12⅞@12½.

There was not a rumor during the day to disturb the market or cause the fluctuation of the smallest fraction, but the market closed weak.

There were sales of North Carolina 6s, old issue, at 21¾, and Missouri 6s of 1887 at 104. Free sales of Louisiana consols were made at a further decline to 47, the lowest price yet touched.

In city bank stocks the only sales were Commerce (50) at 122.

A fairly active trading was reported in railroad bonds, the investments ruling strong and the late conspicuous speculatives feverish and irregular. Kansas Pacifics were most active, the incomes No. 16 ranging from 39 to 38, while trust receipts fell to 104¼ as against 108½ yesterday. Missouri, Kansas and Texas firsts declined to 57, and seconds to 22½. Erie consolidated 7s gold were 105, Jersey Central consols falling to 84¾. Canada Southern guaranteed firsts to 79½. Elevated Railroad firsts to 105⅜, and Metropolitan to 96⅝. Delaware and Hudson registered 1891s sold at 98⅜, New York Central firsts at 121½, Lake Shore dividends at 114, Rome, Watertown and Ogdensburg con. firsts at 32, Burlington and Quincy 8s at 111, International firsts at 77¼, Delaware, Lackawanna and Western seconds at 104, Union Pacific firsts at 109, Central firsts 109, and land grants 100½.

The home money market shows a daily hardening tendency, in view of the impending settlements of the Treasury with our city banks and the outflow of currency to the New-England and Middle States in preparation for the usual April settlements. The fact, too, that the surplus reserve of the banks is only $3,884,975, against $16,109,825 a year ago, is regarded as an unfavorable symptom for the immediate future. On call 7 per cent on improved collateral was not uncommon, 5 and 6 being the rule; the rate on Government bonds being 3@4. Prime mercantile paper is down at 4@5. The United States Treasurer at Washington to-day received $280,000 in National bank notes for redemption. The customs receipts were $440,000, and the internal revenue receipts $120,000. The following is the Clearing-House statement to-day: Currency exchanges, $68,171,706; currency balances, $3,865,504.

Firmer money at home and low rates abroad influenced the foreign exchange market adversely, and sterling bills were reduced. Selling rates were ¼@¾ below the annexed revised quotations:
