HEAVINESS IS SHOWN IN STOCK TRADING

For First Time In Several Weeks Uncertainty Takes Hold of Dealers on Exchange.

NEW YORK, May 12.—For the first time in several weeks uncertain price tendencies prevailed in the stock market today, pronounced heaviness being shown by many of the speculative shares which formed the basis of the long continued rise.

Improvement in the metal industry, as indicated by a foreign inquiry for refined copper and the sensational advance in bar silver, placed the metal group in the forefront throughout the session.

American Smelting, Anaconda, Inspiration and Utah Coppers, Federal Mining and United States Smelting were the leaders at extreme gains of 2 to 8 points, very little of this advantage being forfeited.

Steels and equipments were next, a 2 point rise in United States Steel being accompanied by similar gains in the independent division. Baldwin Locomotive, General Electric and Westinghouse.

Motors and their specialties were irregular, strength in Chandler, Maxwell and Ajax Rubber being balanced by heaviness in General Motors and Studebaker.

Texas company recorded an extreme decline of 11 points and Atlantic Gulf 6½.

The general bond list was firm, utilities gaining 2 to 3 points. Liberty issues made slight gains and foreigns were steady. Old U. S. 4's lost ¼ per cent on call.

VISCOUNT GREY APPROVES AMENDMENTS TO LEAGUE

LONDON, May 12.—Viscount Grey, former secretary of the state for foreign affairs, says in an interview that he is delighted with the amended covenant of the league of nations, having feared "that much less might be accomplished at the conference."

Viscount Grey considers that the key to the whole organization is the annual meeting of the nine premiers or foreign secretaries represented on the council.

"So long as that meeting is regularly held and wisely inspired," he says, "so long may we confidently hope the peace of the world will be secure."

He believes that armaments will diminish as the league becomes strong and vital and produces a sense of security, and that eventually "those who now fear it does not go far enough and those thinking that it goes too far, will both be satisfied.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.
