day has been irregular and feverish, and while a few stocks show final gains the majority of them have suffered a decline. Notable among the gains showing gains are Northwest common, which gained 2⅛; Louisville and Nashville, 2; St. Louis, Kansas City and Northern preferred, and Louisville, Chattanooga and St. Louis, each 1½; Illinois Central and Frankfort and Kokomo, each 1¼; and Chicago and Alton and Northwest preferred, each 1 per cent. The stocks suffering the greatest declines were Albany and Susquehanna, 3⅛; Ohio and Mississippi and Chicago, St. Paul and Minneapolis, each 2; Alton and Terre Haute preferred, 1¾; C., C., C. and I., and Michigan Central, each 1¼; Wabash, 1⅛; Morris and Essex, ⅞; Lake Shore, ¾; and New-York Central, ⅝ per cent. Western Union, which closed at 95½ ex dividend, the equivalent of 113⅝, shows a loss of 1¼ per cent. During the early part of the week the general list was strong, and prices for most of the stocks were higher than at the close of last week, but since then the movements have been irregular. The total sales for the week amounted to only 810,793 shares, against 934,074 shares for the preceding week, and 902,000 shares for the week preceding that. Of this total business, 505,000 shares were contributed by six stocks: Northwest common, 104,200; St. Paul common, 86,300; Lake Shore, 100,400; Delaware, Lackawanna and Western, 82,700; Central of New-Jersey, 78,700; and New-York, Lake Erie and Western, 43,700 shares.

In the bullion mining stocks the speculation has been dull with no special features, excepting that prices have generally declined. The business in that class of stocks which are quoted at less than a dollar per share has been to about the usual amount, but in the better class the trading has been limited.

The transactions in stocks to-day amounted to 129,400 shares, against 130,800 shares yesterday. The principal feature of the market was its dullness. The Northwestern and St. Paul stocks continued strong and closed at about their best figures, the buyers exhibiting great confidence in their future values. The trunk line shares were irregular; Lake Shore and Erie after a fractional rise in the morning being lower, while Michigan Central, after opening at 74⅞, against 75⅝ yesterday, advanced to 75⅞@75¾. The St. Louis, Kansas City and Northern stocks were higher, but St. Louis, Iron Mountain and Southern dropped 1 per cent to 23½, and Wabash declined to 35½. There was a sharp recovery in New-York Elevated stock to 134½, with final sales at 134. This was on the expectation that the company will soon declare from its surplus earnings a dividend of 2½ per cent, to be followed by another and a clearing-up dividend later in the Autumn. The coal stocks dragged heavily, although they showed some recovery in final sales. The dealings in the other railway shares were unimportant both as to amount and fluctuations.

Western Union sold at 113½ to 112⅝, dividend on, and later, ex dividend, at 95¼@96½, @95½, the latter price showing a gain of 1 per cent from the lowest price at which it sold during the day with the dividend. American District Telegraph declined 1⅜ per cent on sales of only 400 shares, and Pacific Mail sold at 15⅝@15¾.

The market closed generally weak.

Government bonds during the week were dull for the most part, the principal dealings being in the new 4 per cents, with a decline to 102⅜ for coupon and 101½ for registered. But toward the close a better tone prevailed. To-day's sales at the Board covered $1,215,000 coupon 4s at 102⅜@102⅝ and $20,000 registered at 101½, and $10,000 6s of 1880 at 104. The following are the highest and lowest prices of bonds for the week, and the closing sales to-day and a week ago:
