TUESDAY, Sept. 2—P. M.

Although the general speculation to-day exhibited more or less firmness, the principal features were the declings in the coal stocks, which amounted to 67,000 shares out of 156,900 shares, the total transactions in all the stocks for the day. The question of combination or no combination was the subject of discussion throughout the day, persons seemingly taking the affirmative or negative side according to their interest in the stock market. Those who particularly wish for higher prices for the coal stocks were very positive in their assertions that the letter of Mr. Gowen and Mr. Dickson's reply open the way to the formation of a permanent combination. But why, after the experience of 1876 and 1878, such a view should be taken, with the idea that a combination in itself will prove of any advantage to the coal companies, passes comprehension. All of the coal stocks now are selling at higher prices than they did at any time in 1878, while the last combination was in existence. Nevertheless, it seems to be the opinion of the large speculative holders that a continual talk about a combination will be of benefit to the properties, no matter what may be the ulterior result should such an event take place. At present there seems to be little likelihood of Mr. Gowen's letter resulting in anything more than already has been accomplished—an effect upon the stock market.

At the opening this morning, Delaware, Lackawanna and Western was started at 58, and from that point was rapidly pushed to 58½; later the price declined to 57¼, and the dealings in the stock were characterized by an exhibition of much feverishness until toward the close, when the price again was rapidly advanced from 57½ to 58½, closing at the latter figure. The other coal stocks were moved in much the same manner, with final gains as follows: Delaware and Hudson ⅞, Morris and Essex ½, and Central of New-Jersey ⅝ per cent. The speculation in the trunk line shares was tame; Lake Shore finally losing ¼, Michigan Central gaining ½, and Erie common and preferred each ⅜ per cent; the total transactions in the stocks named amounting to only 14,000 shares. Among the grangers, excepting for a gain of 1½ per cent for Chicago, St. Paul and Minneapolis, the changes either way were insignificant, and the dealings were comparatively so small as to indicate a decline in the general interest in those stocks. Burlington, Cedar Rapids and Northern, however, continued to be active on a small business; its fluctuations ranging from 69¾ to 63, with final sales at 65, a loss of 3 per cent.

The improvement noticed yesterday in the Southwestern railway list was continued to-day, and next to the coal stocks was the feature of the market. Even the Hannibal and St. Joseph issues, in the face of the company's heavy decline in earnings, show gains of ⅛ per cent for each class. Kansas Pacific was 2½ per cent higher; Missouri, Kansas and Texas gaining ½, St. Louis, Kansas City and Northern preferred ⅝, and Wabash 1⅛ per cent. All the St. Louis and San Francisco issues were ⅝ to ½ per cent better. The Ohio and Mississippi were lower; the common stock in final sales showing a loss of ⅜, and the preferred ½ per cent. But little business was done in the investment stocks, and therefore the changes in them are not worthy of notice. Among the miscellaneous securities Western Union, while dull, declined 1 per cent to 93, finally closing at 93⅝, and Pacific Mail, with a small business, yielded from 18½ to 17⅞ or 18⅛. The transactions in the mining stocks were only to a small amount, and without noteworthy change in prices.

The general market was strong at the close.

Government bonds to-day were unusually dull, but steadier as to price. The total transactions at the boards amounted to only $27,000 as follows: $10,000 coupon 5s at 102¼, $2,000 registered at 102⅛, and $15,000 coupon 4s at 101⅛. Annexed are the closing quotations:

	Bid.	Asked.		Bid.	Asked.
U. S. Ctfs 6s	121⅞	..	U. S. 5s '81, coup.	102⅝	102⅞
U. S. 6s '81, reg.	108¼	108½	U. S. 4½s '91, reg.	104¼	104¾

U. S. 5s '81, reg.	102¼	102½	Dist. of Col. 3-65, c.	..	85½

There was more doing in State bonds, yet the dealings were insignificant. Louisiana consols sold at 37, Tennessee 6s, old, at 30 and 30¾, Virginia 6s, old, at 30, and consolidated ex matured coupon at 58½.

A sale of twenty shares of North America at 80⅛ covered the total transactions in city bank stocks.

Railroad bonds were not particularly active, but were somewhat irregular. Erie second consols improved ¾ per cent to 73¼. Central of New-Jersey consols were ½ lower, and convertibles ⅝ higher. Lehigh and Wilkesbarre consols gaining ⅞ per cent, with sales at 80. Missouri, Kansas and Texas firsts declined ½, the seconds being steady. Burlington, Cedar Rapids and Northern 5s yielded 1 per cent to 87, but later recovered and closed at 88. Rome, Watertown and Ogdensburg, after fluctuating 1 per cent, finally closed with a gain of ½ per cent, and C., C. and I. C. firsts assented gained ⅛ per cent. Canada Southern guaranteed recovered to 85; New-York Elevated firsts selling at 110⅜@110, and Metropolitan firsts at 102½. The firsts of Union Pacific and Central Pacific each were ½ higher at 109, and Kansas Pacific incomes advanced 10 per cent to 70.

The Sub-Treasury to-day lost $299,490, reducing its gains since last Friday to $134,058. The market for call loans was rather easier, the rate ranging between 6 and 7 per cent. Just before the close, after balances had been made up, money was offered at 4 per cent, but it was done for effect. On Governments the going rate was 6 per cent. The only change in the domestic exchanges on New-York is at St. Louis where it is quoted at 25 cents discount. The United States Treasurer at Washington today received $213,000 in National bank notes for redemption. The customs receipts were $530,000, and the internal revenue receipts were $170,000. The following is the Clearing-House statement to-day: Exchanges, $79,357,465; balances, $4,949,168. The business at the Sub-Treasury covered: Receipts, $2,360,859; payments, $2,660,349; currency balance, $42,365,654; coin balance, $135,698,206.

The foreign exchanges are hardening, and the rates at which actual business is done are nearer than they were to the following nominal quotations:

	60 days.	3 days.
Prime bankers' sterling bills on London	$4 83 @4 82	$4 83 @4 84
Good bankers' and prime com.	4 80¼@4 80½	4 82½@4 83

Bremen (reichmarks)	93⅞@ 93⅞	94¼@ 94⅜
Berlin (reichmarks)	93⅞@ 93⅞	94¼@ 94⅜

In London, British consols were steady, and United States bonds easier, there being a decline of ⅛ each for the new 4s and 5s, and ⅜ for the 4½ per cents. American railways, following the home market, generally were higher, the gains, after some fluctuations, being as follows: Erie common ¼, preferred stock 1, second consols ½, and funded 5s ¼. Pennsylvania ¼, New-Jersey Central stock 1½ and consols 1¼, and Reading 1¼ per cent. The Bank of England gained £87,000 bullion on balance, reducing its loss in that way for five days to £308,000. In Paris, French 3 per cents advanced to 83.85 and fell back to 83.77½ francs.

Private dispatches yesterday received in this city state that Judge Drummond, of the United States Court, has decided that the bonds issued by the Ohio and Mississippi Railroad Company for the purchase of the Springfield Division are valid.

The following is the statement of liabilities and assets of the Treasury of the United States on September 1, as made up from latest returns received:

LIABILITIES.

Fund for redemption of certificates of deposit, June 8, 1872	$35,335,000
Post Office Department account	1,593,245
Disbursing officers' balances	22,871,344
