MONDAY, Sept. 8—P. M.

The average stock operator did not have to wait long this morning for his one to the day's market. The activity and strength that early were imparted to the dealings in the coal stocks, St. Pauls, Northwesterns and Pacific Mail were of a character that indicated something more than a morning's flurry. Evidently the market for these stocks had come to stay all day, and stay it did, although the last prices were not quite up to the best figures. The transactions in the stocks named amounted to 170,000 shares, out of a total business in all stocks of 263,000 shares.

Among the coal shares, of course, those of Delaware, Lackawanna and Western were the most active, the sales amounting to 55,000 shares at prices ranging from 59 to 60⅝@60¼. Central of New-Jersey rose from 51⅝ to 53@52½. Delaware and Hudson from 48 to 49½@49¼, and Morris and Essex was steady at 91@91⅝. After these movements, there probably are few persons at the Stock Exchange who are not easily convinced that the plan of a coal combination is at least all arranged, if it is not an accomplished fact. But by the best of authority we are informed that not a step forward has been made since the letters of Mr. Gowen and Mr. Dickson were written.

The common stocks of the St. Paul and Northwestern Railroads were largely dealt in, and at steadily advancing prices. St. Paul sold at 67⅜@67 Saturday night; at 69⅛@68⅞, and Northwest rose from 79¼ to 80¼. The preferred stocks were less active, but were equally strong, that of Northwest rising to 99⅛@99¼, and St. Paul to 97⅜@97¼. Chicago, St. Paul and Minneapolis again rose to 47, Burlington, Cedar Rapids and Northern being without sales or quotations. Boston Air Line suddenly became active and advanced from 45¼ to 49. The trunk line shares generally were dull, but Canada Southern improved 2 per cent, selling up to 62. Lake Shore fluctuated ¾ per cent, finally ending with a gain of ⅝ per cent, Michigan Central rising to 81½. Erie common at first advanced ⅜ to 27⅛, but later declined to 26½@26¾, the preferred stock selling at 50½@50.

Excepting the Hannibal and St. Joseph stocks, which were ¼ and ¾ lower, the Southwestern list shows more or less improvement in its prices. The feature, however, was Kansas Pacific, which first rose from 67¼ to 71, and then declined to 67⅝. Western Union was dull between 94⅝ and 95, finally closing at 94⅞—a gain of ⅛ per cent over Saturday's last price. But the stock of Pacific Mail—a corporation that pays 1 per cent a month to extend the time of payment of its debt to the city, and is reported to be doing a "magnificent business"—to-day was about as valuable as any other on the list—for speculators. It opened at 19⅝, hesitated only a moment at 19¼, and then started under a full head of steam for figures unknown to it since May, 1878. The price touched 21, and closed strong at 20¾. Little was done in the bullion mining stocks, and their prices were without notable changes.

The general market at the close was strong.

There were no transactions in State bonds, and of city bank stocks the only sales were ten shares of Commerce at 131½.

The business done in railroad bonds was not large, but generally the prices were higher. The principal business was done in Erie second consols between 74½ and 74⅞, the lowest figures being those of the opening and closing sales. A small lot of funded 5s sold at 74, an advance of 1 per cent above Saturday's price. Central of New-Jersey issues were strong; consols advancing to 99⅝, convertibles to 100, and adjustments to 103, while Lehigh and Wilkes-barre consols were only steady at 79¾. C., C. and I. C. firsts, assented, rose ⅜, and Burlington, Cedar Rapids and Northern 5s declined ½ per cent. The St. Paul issues were particularly strong, sinking funds and I. and D. Division extension each advancing ¾ per cent, to 107½ and 107¼ respectively. Toledo and Wabash convertibles declined ¾, the seconds rising ½ per cent, and Hannibal and St. Joseph convertible 8s were ½ lower at 102. Denver and Rio Grande firsts rose 1. Kansas Pacific firsts, Denver Division, ¼, and incomes No. 16, 3 per cent. Ohio and Mississippi seconds advanced to 101½, and Canada Southern guaranteed to 86¼. Metropolitan Elevated firsts selling at 102¾. Messrs. Kuhn, Loeb & Co. to-day were the successful bidders for $1,050,000 Chicago and Northwestern 6 per cent sinking fund bonds of 1879—a new issue on October 1 next. The terms of the bid are not known.

The Sub-Treasury to-day lost $1,808,593 on balances, made up by a loss of $2,924,933 currency, less a gain of $1,116,340 coin. This makes the changes since Friday as follows: Currency loss, $2,824,536; coin gain, $1,632,877; net loss, $1,191,659. The arrivals of gold since last writing amount to $2,312,475, which makes a total since Friday of $2,712,475. The money market today worked easily, the rates ruling at 5 and 6 per cent, closing at the lower figure. On Governments the common rate was 5 per cent, with perhaps exceptions at 4½ per cent. The United States Treasurer at Washington today received $808,000 in National bank notes for redemption. The customs receipts were $575,000, and the internal revenue receipts were $630,000. The following is the Clearing-House statement to-day: Exchanges, $100,731,782; balances, $4,522,043. The business at the Sub-Treasury covered: Receipts, $2,244,885; payments, $4,053,478; currency balance, $39,936,308; coin balance, $138,530,843.

If one may judge by the quotations received, the London market to-day was dull. British consols declined 1/16 and recovered, United States 5s falling ⅛, the 4½ per cents ⅛ and then recovering, and new 4s rising ⅛. American railways were better, but not up to the home figures. Erie common rose ½, preferred stock ¼, second consols ⅜, and funded 5s ¾ per cent. Illinois Central first rose ¼, fell ½, and finally closed at 80¾, the same as on Saturday. Pennsylvania advanced ⅝. Central of New-Jersey ¼ and consols ¼, and Reading ⅛ per cent. The Bank of England gained £37,000 bullion on balance, making a gain in that way for four days of £128,000. In Paris, the French 3 per cents advanced to 84.10; sight exchange on London rising to 25.35½ francs to the £.
