same reports that Mr. Gowen, of the Reading Company, and Mr. Henry Packer, of the Lehigh Valley Coal Company, were in town, and that there was a meeting of the Southwestern railroad officials in session at the office of the Wabash Company in this city. These reports acted as a stimulant upon the shares of the properties supposed to be directly interested, and to a greater or less extent affected the whole market.

Concerning the coal matter, it is probable that Mr. Packer's visit to the City is entirely due to the business of the Lehigh Valley Company, as was his visit a week ago, when none of the officers of the New-York coal companies knew that he was in town. Among the best informed coal men it still is asserted that nothing has been accomplished, but they admit that they are impressed with the idea that the position of the Reading Company is such that it is ready to make almost any concession that will bring about an arrangement which will fully repose financial institutions. As to the report of a meeting of the Southwestern roads, it was true, and a preliminary arrangement was agreed upon to stop the existing ruinous fight between the St. Louis and Chicago railroads west of Kansas City and other Missouri River points. But as the prices of the stocks of those roads have been steadily advancing during the whole time of the contest, it may be questioned whether a temporary truce furnishes sufficient justification for an additional jump.

The total business for the day foots up 248,783 shares, against 232,820 shares yesterday, and was quite generally well distributed through the list. Aside some fluctuations the granger stocks either show small declines or are no better. Among the trunk line stocks, Lake Shore and Erie close with declines of ⅝ per cent each, Michigan Central being ½ higher. Louisville and Nashville was particularly strong, rising to 60@60¼. It is reported that this company is involved to the extent of about $6,000,000 in the suits brought jointly against the State of Tennessee and its railroads, which are referred to above. The Hannibal and St. Joseph stocks opened higher, the common going to 22¼ and the preferred to 47, but in final sales their prices were 22⅛ and 46¾ respectively. Kansas Pacific rose 1 per cent, later losing ½ and closing at 71. Chicago and Alton was particularly affected by the settlement of the Southwestern railroad war, and its price advanced 2¼ per cent to 93, finally selling at 92½. St. Louis, Kansas City and Northern common closed ½ lower, the preferred being ½ higher than yesterday, and Wabash to final sales gained ⅝ per cent. Illinois Central gained another 1¼ per cent, selling at 99½ and closing at 99 on the sale about purchases being made for account to Holland.

The coal stocks at first were heavy, and declined from ¾ to 1 per cent, but later were rallied by the report before referred to, and sold above opening figures; but before the end another decline had set in, which left a comparison of yesterday's and to-day's final figures as follows: Gains—Delaware, Lackawanna and Western, ⅛; losses—Central of New-Jersey ⅛, and Morris and Essex ½ per cent. Western Union opened at an advance of ⅛ per cent at 99⅛, and immediately began to decline; after selling down to 94¾ the price rallied to 95½ on the company's report given above, but later a Washington dispatch to the effect that the new American Union Company, the American Rapid Telegraph Company and the Baltimore and Ohio and Wabash Railroads had filed their acceptances to do general telegraph business was considered of greater importance than the report, and the price declined to 94⅜. Pacific Mail was all at sea with its fluctuations—opening at 22¼, it fell to 21, rallied to 22⅝ and closed at 21¾.

The market at the close was feverish and unsettled.

In State bonds, the transactions covered North Carolina 6s, special tax, second class, at 23½, and Tennessee 6s, old, at 30¾.

The business done in city bank stocks was larger than usual, embracing sales of American Exchange (5) at 110¾, St. Nicholas (23) at 100, New-York (15) at 133, and Commerce (20) at 133.

The dealings in railroad bonds presented little of interest. Generally yesterday's full figures were not maintained, although the declines were not large. Even the Eries were dull, only $90,000 second consols selling at 74⅛@73⅝@73¾. Central of New-Jersey consols declined to 98⅛@98¾, and convertibles to 99, Lehigh and Wilkesbarre consols falling 1½ to 79. Missouri, Kansas and Texas firsts were ⅛ higher, but the seconds were ¼ lower. C., Cand I. C. firsts advanced, delivered ¼, Burlington, Cedar Rapids and Northern 5s ⅜, and Rome, Watertown and Ogdensburg firsts ½ per cent. There was a strong market for the Wabash issues, Toledo and Wabash convertibles rising to 85½, and seconds to 93@92½. St. Paul L and D. Division extension firsts advanced ¾ per cent to 108. The Pacific issues were lower, the firsts of Central and Union Pacific each declining ½, and Denver and Rio Grande firsts ⅜ per cent.

The Sub-Treasury to-day lost $1,794,057 on balance, made up by losses of $1,720,001 currency and $44,056 coin. This makes the changes since last Friday as follows: Currency loss, $7,061,209; coin gain, $2,342,911; net loss, $4,708,298. Since last writing the arrivals of gold by European steamers amount to $4,850,000, making a total since last Friday of $7,562,475. Money to-day ruled very firm at 6 per cent, with exceptional loans at 5 and 7 per cent. The closing rate was 6. The following is the Clearing-House statement to-day: Exchanges, $77,476,577; balances, $4,135,988. The business at the Sub-Treasury covered: Receipts, $1,322,667; payments, $3,116,724; currency balance, $36,709,545; coin balance, $139,249,877.
