NEW-YORK, Sept. 12.—BEEVES—Fresh receipts were 1,0 cars of 2,512 head—1 drover at Jersey City, and 20 cars at Hoboken. Total since Saturday, 21,821 head, against 14,014 head for the corresponding six days last week. Notwithstanding the light arrivals at 40th st., trade was very slow, and it was hardly possible to sustain Wednesday's prices. At Jersey City there was plenty of life to everything, but buyers were in need of some cattle and for a while in the morning trade was quite active. Toward the close, however, it weakened toward the prices that prevailed at the opening. A decline of nearly half a cent on Texans and Cow Natives, with Middles and Good Native Steers about steady. The quality was not as good as on Wednesday or May be, but there were more of them. Cows were steady. Very few Bulls and Stags were left over. Quotations range for Steers, from the poorest to the best, and sell at prices that are not better than was expected, and yet in some instances a little better than was anticipated. The range of sales was as far as we noted it at the time, as follows: 3@3½c. was the top for dress, 2½@3c. for Texas, 2½@3c. for Cows, Texas and Colorado, twelve cars of Native Steers from Colorado, sold at 3¼@3½c. for dress, 3c. for 1,300 lb.
