Stocks Forced Down.

NEW YORK, April 28.—The stock market was under almost constant pressure today, extensive selling, mainly for the short interest, forcing many active issues below the lowest prices of the week.

Professional traders made the most of such unfavorable factors as tighter money, the failure of United States Steel to increase the common dividend and the more discouraging industrial situation arising from the railroad strike. There seemed also to be some apprehension regarding possible labor disturbances May 1.

Further suspension of operations at leading manufacturing centers was reported and the Iron Age, referred in the "great blow" to the steel trade caused by unsettled railroad conditions in the middle west.

The general list registered its lowest prices in the final hour, when it became known that the federal authorities had petitioned the supreme court to re-open the dissolution suit recently decided in favor of the United States Steel corporation.

Extreme declines of 2 to 17 points were largely retrieved before the end, however.

In several noteworthy cases actual gains were made. Sales amounted to 1,223,000 shares.

Liberty bonds and Victory notes closed at nominal gains and recessions, the general list showing no material changes.

Cottonseed Oil.

NEW YORK, April 28.—After selling off some 16 to 21 points in sympathy with lard and cotton, cottonseed oil found an urgent demand from May shorts and support from refiners. Tenders of 1,800 barrels were not on May contract, the price being quickly snapped. Closing prices were 20 points higher for May and 5 to 10 higher for other leading months. Sales 29,700 barrels. Futures ranged as follows: Prime summer yellow spot 19.25 asked, prime summer yellow spot 19.25 May 19.80, July 19.75, October 19.75, prime winter yellow and summer white, nominal.

How much should I give to make this a better world?

A BUSINESS man filled out his income tax report.

It showed an income so large that his tax was 53%. *And his total gifts to church and charity for the year were $148.*

Think of it—thousands spent for luxuries and pleasure for himself; and $148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is
—less than we spend for daily papers
—less than a local telephone call
—less than a third of the day's car fare
—less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than $20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united program of thirty great denominations. They have surveyed their whole task; no business could have done it better.

They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men and women who love America—to you—this week, asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world.

Only you can determine what part of your income that should be. The chart printed here is intended merely as a suggestion; it represents a scale of giving of 6%—or less.

Six per cent of your earning power; 15/16ths of your life for your own family needs, and 1/16th for your fellow men—is that more than you ought to give?

It's a good time right now to answer that question. We're passing through the world just once; how much better is the world going to be because *you* passed through?
