In London there was no change in the price of British consols, which remain steady at 98 both for money and account. For United States bonds the early quotations showed an advance of ⅛ cent for the new 5s and the 4½ per cents, but later the improvement was lost, and the last prices were as follows: New 5s 105½, 4½ per cents 109⅝, and new 4s 105⅝. Erie shares and bonds were lower: common stock declining from 42½ to 40⅝, preferred from 68 to 67, second consols from 89 to 87¾, and funded 5s from 84¾ to 84. Illinois Central declined ½ per cent to 100½, and Reading advanced ½ to 31½. Pennsylvania sold at 49¾, New-Jersey consols at 106½, the stock being quoted at 81@82. Bar silver was 1⅛d. higher at 53½d. per ounce. The Bank of England lost £264,000 bullion on balance, making a loss of £904,000 to five days. In Paris, French 3 per cents declined from 81.70 to 81.15; sight exchange on London falling to 25.28 francs to the £.

The Metropolitan Bank will pay the coupons due November 1 from the first mortgage bonds of the Lafayette, Bloomington and Muncie Railroad Company.

Special attention is directed to the advertisement of Messrs. De Jonge & Co., offering for sale the bonds of the Michigan Central Railroad Company.
