Notice Inviting Street Work Proposals.

PURSUANT TO STATUTES AND TO ORDInance No. 1746 of the council of the city of Los Angeles, adopted June 26, 1893, directing this notice, the undersigned invites and will receive at his office in the city hall, up to 10 o'clock a.m. of Monday, July 10, 1893, sealed proposals or bids, for the following street work to be done according to the specifications No. 5 for grading and graveling streets in the city of Los Angeles, posted and on file, therefor adopted, or herein mentioned, to-wit:

First. That said Lyell street in said city, from the southerly curb line of Mozart street to the northerly curb line of Kuhrts street, including all intersections of streets (excepting such portions of said street and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting such portions as have already been graded, graveled and accepted), be graded and graveled in accordance with the plans and profile on file in the office of the city engineer and specifications on file in the office of the city clerk of the city of Los Angeles, for graveled streets, said specifications being numbered five.

Second. That a redwood curb be constructed along each line of the roadway of said Lyell street from the southerly curb line of Mozart street to the northerly curb line of Kuhrts street (excepting along such portions of the line of said roadway upon which a redwood, granite or cement curb has already been constructed and accepted) in accordance with specifications in the office of the city clerk of said city for constructing redwood curbs.

Sec. 2. The city engineer having estimated that the total cost of said improvement will be greater than one dollar per front foot along each line of said street, including the cost of intersections, it is hereby determined, in pursuance of an act of the legislature of the state of California, approved February 27, 1893, that bonds shall be issued to represent the cost of said improvement. Said bonds shall be serial, extending over a period of ten years, an even proportion of which shall be payable annually on the second day of January of each year, after their date until the whole are paid, and to bear interest at the rate of 7 per cent per annum, payable semi-annually on the second days of January and July of each and every year.

Bidders must file with each proposal or bid a check payable to the order of the mayor of this city, certified by a responsible bank, for an amount which shall not be less than 10 per cent of the aggregate of the proposal, or a bond for the said amount and so payable, signed by the bidder and by two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions.

In bidding use blanks which will be furnished by the city clerk upon application.

Los Angeles, Cal., July 3, 1893.

The mayor and council of the city of Los Angeles do ordain as follows:

SECTION 1. That the public interest and convenience require, and that it is the intention of the city council of the city of Los Angeles to order the following work to be done, to-wit:

First—That said Brooklyn avenue in said city, from the southeasterly line of Bridge street to the westerly line of Evergreen avenue, including all intersections of streets (excepting such portions of said street and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon, also excepting such portions as have already been graded, graveled and accepted), be graded and graveled in accordance with the plans and profile on file in the office of the city engineer and specifications on file in the office of the city clerk of the city of Los Angeles for graveled streets, said specifications being numbered five.

Second—That a redwood curb be constructed along each line of the roadway of said Brooklyn avenue, from the southeasterly line of Bridge street to the westerly line of Evergreen avenue (excepting along such portions of the line of said roadway upon which a redwood, cement or granite curb has already been constructed and accepted) in accordance with specifications in the office of the city clerk of said city for constructing redwood curbs.

SEC. 2. Ordinance No. 1720, new series, being in conflict here with, is hereby repealed.

SEC. 3. The city engineer having estimated that the total cost of said improvement will be greater than one dollar per front foot along each line of said street, including the cost of intersections, it is hereby determined, in pursuance of an act of the legislature of the state of California, approved February 27, 1893, that bonds shall be issued to represent the cost of said improvement. Said bonds shall be serial, extending over a period of 10 years, an even proportion of which shall be payable annually on the second day of January of each year, after their date until the whole are paid, and to bear interest at the rate of 7 per cent per annum, payable semi-annually on the second days of January and July of each and every year.

SEC. 4. The street superintendent shall post notice of this work as required by law and shall cause said notice to be published for six days in the Los Angeles DAILY HERALD.

SEC. 5. The city clerk shall certify to the passage of this ordinance and shall cause the same to be published for two days in the Los Angeles DAILY HERALD, and shall post the same conspicuously for two days on or near the chamber door of the council, and thereupon and thereafter it shall take effect and be in force.

I hereby certify that the foregoing ordinance was adopted by the council of the city of Los Angeles at its meeting of June 19th, A. D. 1893, by the following vote:

Ayes—Messrs. Campbell, Gaffey, Innes, Mungen, Nickell, Rhodes, Strohm, and President (8).

Noes—None.

C. A. LUCKENBACH,
City clerk and ex-officio clerk of the council of the city of Los Angeles.

Approved this 22d day of June, 1893.

T. E. ROWAN,
6 24 10t Mayor.

Notice.

CONSUMERS OF WATER FROM THE LOS Angeles City Water company plant are hereby notified that if they permit any building or street contractor to use water from their premises, unless such contractors show a permit from this company, their water will be shut off without further notice, and a penalty will be charged for such infraction of the regulations before water will again be put on.

Notice of Street Work.

NOTICE IS HEREBY GIVEN THAT ON Monday, the 5th day of June, A. D. 1893, the council of the city of Los Angeles did, at its meeting on said day, adopt an ordinance of intention, number 1719 (New Series), to have the following work done, to wit:

First—That said

ALISO STREET

in said city from the east line of Alameda street to the east line of Keller street, including all intersections of streets (excepting such portions of said street and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting such portions as have already been paved and accepted), be paved with bituminous rock surface with concrete base, and granite gutters, four feet wide, in accordance with the plans and profile on file in the office of the city engineer and specifications on file in the office of the city clerk of the city of Los Angeles for paving streets said specifications being numbered A.

Second—That a cement curb be constructed along each line of the roadway of said Aliso street from the east line of Alameda street to the east line of Keller street, (excepting such portions of the line of said roadway upon which a cement or granite curb has already been constructed and accepted), in accordance with specifications in the office of the city clerk of said city for constructing cement curbs, said specifications being numbered two.

Third—That a cement sidewalk eight feet in width be constructed along each side of said Aliso street from the east line of Alameda street to the east line of Keller street (excepting such portions of said street between said points along which a cement or asphalt sidewalk has been constructed and accepted), said sidewalks to be constructed in accordance with specifications on file in the office of the city clerk, said specifications being numbered twelve.

Fourth. That a public sewer be constructed along said Aliso street from a point opposite the centre line of lot 4, block H, of the Aliso tract, to a point in the produced centre line of Lyons street, said ten (10) inches in internal diameter from said point in the produced centre line of Lyons street to the sewer manhole constructed in the intersection of Aliso and Alameda streets, and be constructed of salt glazed vitrified pipe, brick, iron and cement. All of which shall be constructed in accordance with the plans and profile on file in the office of the city engineer and specifications on file in the office of the city clerk, said specifications being numbered fourteen.

SEC. 2. The city engineer having estimated that the total cost of said improvement will be greater than one dollar per front foot along each line of said street, including the cost of intersections, it is hereby determined in pursuance of an act of the legislature of the state of California, approved February 27, 1893 that bonds shall be issued to represent the cost of said improvement. Said bonds shall be serial, extending over a period of ten years an even proportion of which shall be payable annually on the second day of January of each year, after their date until the whole are paid, and to bear interest at the rate of 7 per cent per annum, payable semi annually on the second days of January and July of each and every year.

Reference is hereby made to the said ordinance of intention for further particulars.
