The Mexican Mining Company has levied an assessment of $2 per share.

In State bonds, Louisiana consols were ⅝ higher at 45⅝. Virginia 6s, deferred, were active, with sales of $85,000 from 7 to 7¼@7½. Missouri 6s, 1887, sold at 105½.

The dealings in railroad bonds included eighty different varieties, and generally at higher figures. Indeed, the "boom" in the bond market far exceeded that of the stock market, and it ought to do so with some classes of bonds. Missouri, Kansas and Texas seconds still were conspicuous, and advanced from 56 to 58¾, the first consols rising from 95⅜ to 98⅛@97⅞. Mobile and Ohio first debentures also were notably strong and largely dealt in at from 69⅜ up to 73, the seconds advancing from 48½ to 50, and the fourths from 35½ to 36½. The reason for the late activity and advance in price of the first debentures is that the company has now loaned out the funds with which to meet the May interest on the first mortgages, and besides has $200,000 in the treasury. As the first debentures are entitled, after payment of interest on the mortgage bonds, to 7 per cent from the company's earnings, and as it requires only $380,000 to pay 7 per cent on them, the company's financial condition is thought to insure as much as 6 per cent next July. C., C. and I. C. firsts rose from 81½ to 86@85½, and the new incomes from 33 to 37¾. Rome, Watertown and Ogdensburg first consols sold up to 64½ against 61¾ yesterday, Chesapeake and Ohio firsts, series B, to 65 against 63½, and currency interest to 39½ against 38. Erie second consols sold at 87⅝@88@88⅞, and funded 5s at 82½, gains of ¼ and ½ per cent respectively. Lake Erie and Western incomes rose 2½ per cent to 64½, and Lafayette, Bloomington and Muncie incomes 1 per cent to 66. Canada Southern firsts were ⅝ higher at 90. New-York Elevated firsts fell 1 per cent to 110, later selling at 110½. Texas and Pacific incomes further improved to 76. St. Paul sinking funds were ¼ higher at 108½, and Toledo and Wabash convertibles were 2 per cent higher at 99¾.

The Sub-Treasury to-day gained $259,080 on balance, made up by gains of coin $235,479 and currency $23,601. The weekly bank statement reflects the large disbursements of the Sub-Treasury. The following are the totals and changes from the statement of last week:

Loans	$276,116,100	Dec.	$590,100
Specie	51,473,500	Inc.	5,191,400
Legal-tenders	14,097,600	Inc.	1,374,200
Deposits	246,095,900	Inc.	4,908,500
Circulation	23,812,900	Inc.	64,300
Total reserve	65,571,300	Inc.	4,565,700
Surplus reserve	3,822,400	Inc.	3,338,575

Money on call to-day generally loaned at 5 per cent, with a few exceptions at 4. Later there was a better demand, and some loans were made at 6, the closing quotations being 5@6 per cent. Foreign bankers were active in their demand for sterling, and the steamers to-day delivered $155,000 in gold bars. The domestic exchanges are without noteworthy changes. The Treasurer at Washington to-day received $156,000 National bank notes for redemption. The customs receipts were $349,836, and the internal revenue receipts were $311,215. The receipts of National bank notes for redemption for the week ending to-day, as compared with the corresponding period of last year, were as follows:

	1879.	1880.
New-York	$930,000	$167,000
Boston	926,000	87,000
Philadelphia	116,000	50,000
Miscellaneous	391,000	343,000
Total	2,369,000	647,000

The Treasury now holds $366,954,050 in United States bonds to secure bank circulation. United States bonds deposited for circulation for the week, $879,550; United States bonds held for circulation withdrawn for the week, $146,500. National bank circulation outstanding: Currency notes, $341,496,776; gold notes, $1,426,120. The Clearing House statement to-day is as follows: For the day—exchanges, $96,915,325; balances, $3,852,268; for the week—exchanges, $657,695,260; balances, $27,456,825. The business at the Sub-Treasury to-day covered: Receipts, $884,122; payments, $625,040; currency balance, $5,668,202; coin balance, $98,640,004.

As usually is the case on Saturday, the London markets to-day were dull. British consols were steady and unchanged at 97 13/16 for both money and account, while United States bonds were ¼ per cent higher all around; 5s at 106¾, 4½s at 110¾, and 4s at 106¾. Erie railway shares were ¼ better at 44½, preferred stock steady at 72, second consols ¼ lower at 90¾, and funded 5s unchanged at 85. Illinois Central remains at 104½, and Reading is ¼ higher at 36¾. No quotation for money nor for silver nor report of bullion movement at the Bank of England was received. In Paris French 3 per cents were quoted at 81.80, against 81.70 yesterday. A Berlin dispatch states that the Imperial Bank of Germany reports a gain of 4,076,000 marks specie for the week.

PARIS, Jan. 10.—Exchange on London, 25 francs 21 centimes for checks.

LONDON, Jan. 10.—*The Economist* of this week says: "The rate of discount for bank bills, sixty to ninety days, is 1⅜@1⅝ per cent, and for trade bills, sixty days to three months, 2½@3 per cent. On the Stock Exchange the markets fluctuated very unevenly throughout the week, and in many descriptions of securities there are instances both of a decided buoyancy and depression. This has been the case with foreign stock and with home railways, and in the former case the market has shown some feverish symptoms, both in respect to Continental and South American loans. The obstinacy of Turkey, the questionable movements of the Russian troops and the probabilities of the war between Chili and Peru and Bolivia have all attracted comment. There has been a renewal of the excitement in the American market, with a fresh advance in prices. Gas properties, as a result of numerous variations, have recovered some of the ground recently lost. Canadia railway stocks are lower, while the more miscellaneous departments generally exhibited strength."
