At the Mining Stock Exchange the dealings were made lively by a raid upon Leadville, which carried its price from $3 60 down to $3 10, after which large purchases were made up to $3 55@$3 50. California sold at $4 20@$4 40, Consolidated at $4 35@$4 30 @$4 40, Hukill at $4 40@$4 45, Moose at $2 15@$2 10, South Hite at $3 25@$3 30, and Green Mountain rose to $2 45. Of the last named stock there is some very good buying because of the favorable reports which this company is able to make of its recent developments, which also are confirmed from other and uninterested sources. At the Stock Exchange the dealing in mining stocks was unimportant but at steady prices.

NEW-YORK CLEARING HOUSE, Jan. 28, 1880.

Rumors affecting the credit of the German American Bank of this city having been circulated this afternoon, the Clearing House Committee have this day made a careful examination of its condition and beg to report that such rumors had no foundation in fact; that the affairs of the bank are conducted in a careful and able manner, and that the bank is perfectly solvent. We are also of the opinion that the rumors referred to arose from the failure of a bale of the same name in a Western city.
