Month of January, 1880.....				$180,293

The following comparative statement of the gross earnings of the Central and Hudson Railroad Company for the first four months of the company's fiscal year is from an unofficial source, but probably it is correct:

	1878-1879.	1879-1880.	Differences.	
October.....	$2,771,204	$2,936,586	Inc.	$165,382

Total for 4 months..	$9,600,600	$11,149,250	Inc.	$1,539,650

Of the total gain of $1,539,650 for the four months, $1,177,752 was made in the months of December and January. In connection with this it is necessary to remember that last year the Central and Hudson Railroad was badly blocked by snow during the latter part of December, and that during the first part of January business, for a time, was almost entirely suspended.
