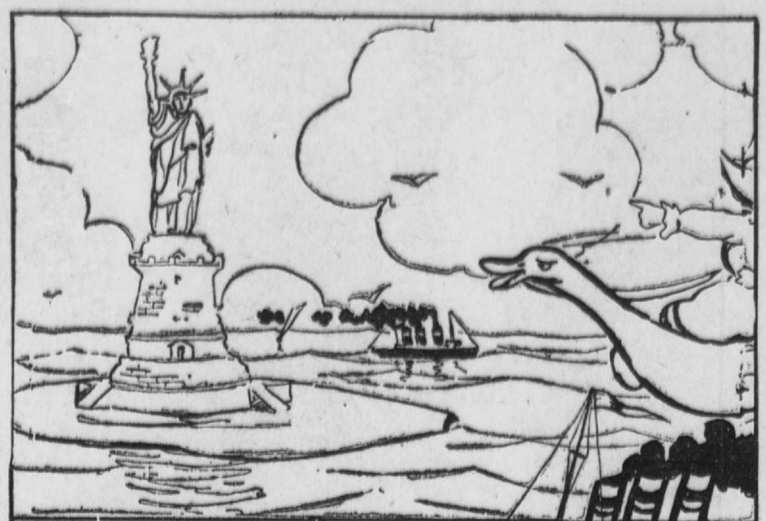
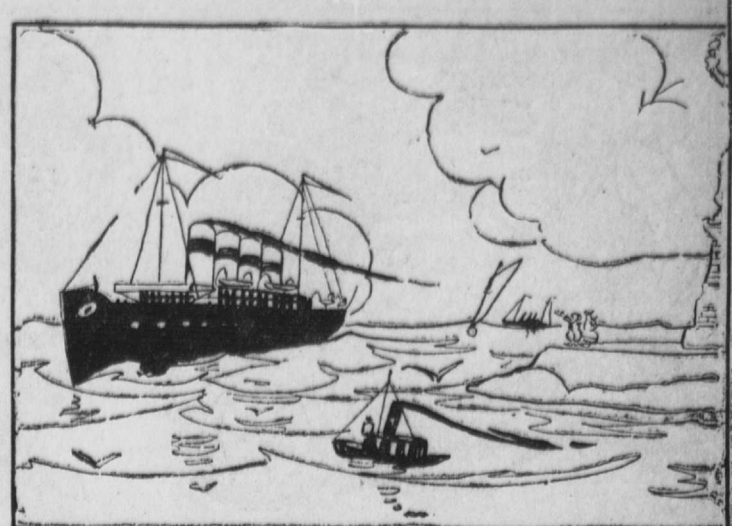
A RESCUE FOR HANS and GRETCHEN

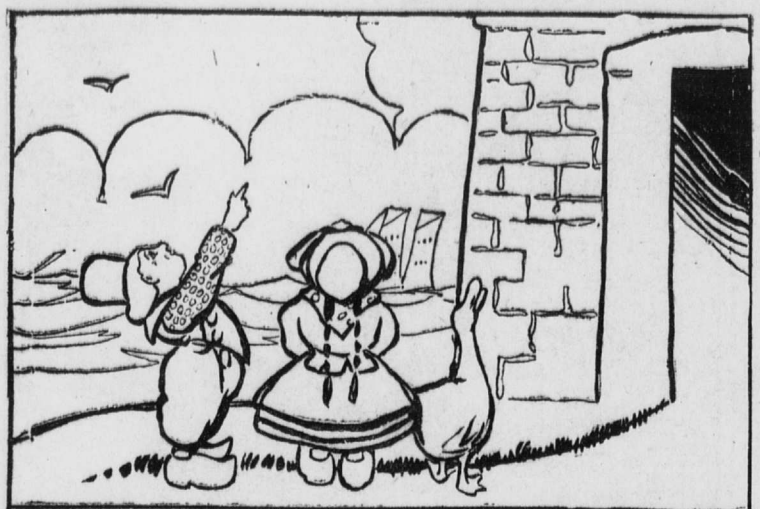
Said Hans to Gretchen "We will Fly
From the Sea Shore through the Sky



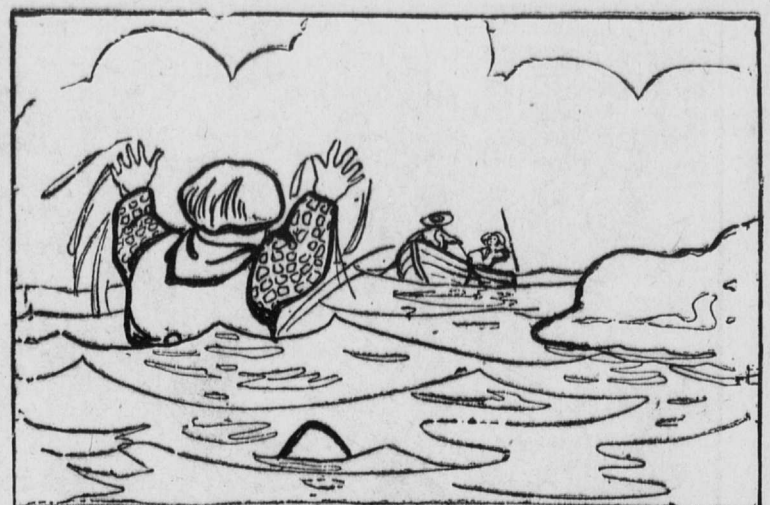
To the Statue Libertee
Where We'll rest a while and see



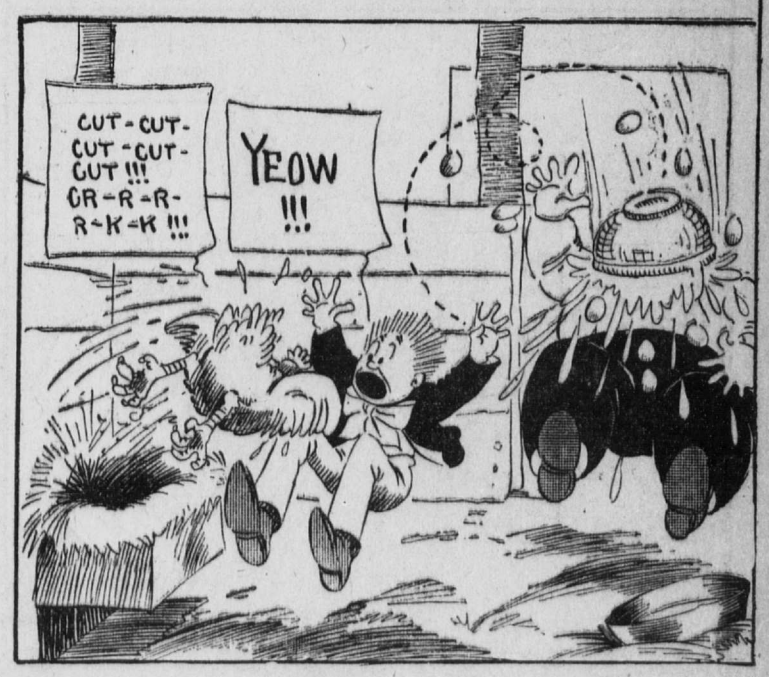
All the Vessels going past
Some with Steam and some with Mast

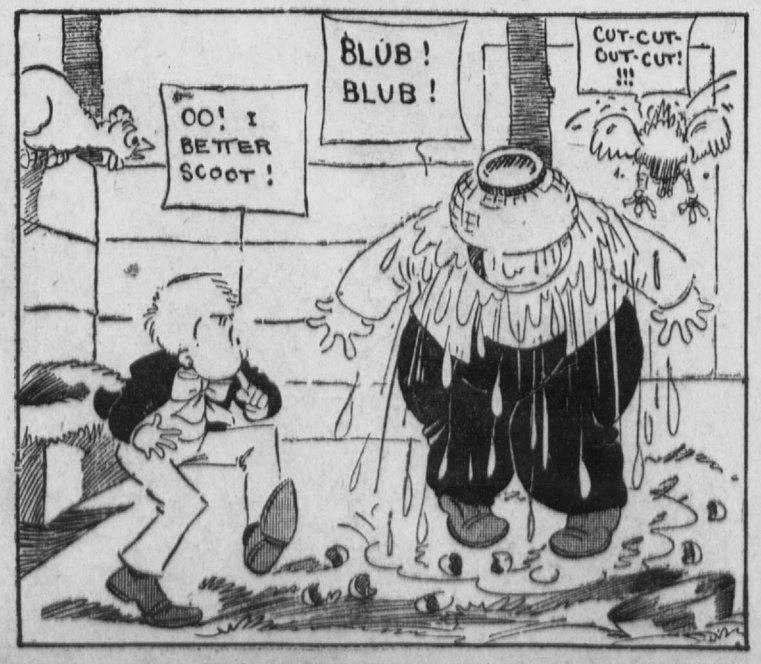


We will climb this Statue Tall
Where the view is best of all



So they Climbed but sad to Say
Hans fell off into the Bay

But was Rescued soon again
By Life saving Station Men




SCARY WILLIAM HUNTS EGGS AND ALSO GETS SCARED AGAIN
