PROPOSED CONSTITUTION AMENDMENTS.

AMENDMENT NO. 1.

Resolved by the General Assembly of the State of Ohio, Three-fifths of the members elected to each House concurring therein, That it be and hereby is proposed to the electors of this State to vote on the second Tuesday of October next, upon the approval or rejection of the following amendment as a substitute for the twenty-fifth Section of the second Article of the Constitution, and for the second Section of the same Article, and for the third Section of the eleventh Article, viz: All regular sessions of the General Assembly shall commence on the first Monday of January annually. Senators shall be elected biennially, and Representatives annually, by the electors of their respective counties or districts on the second Tuesday of October. Their term of office shall commence on the first day of January next after their election, and that of Senators shall continue two years, and that of Representatives one year. The Senators elected in October next shall hold their office for two years, and the Representatives elected at the same time shall hold their office for one year. Provided, that seventeen of the Senators elected on the second Tuesday of October, 1857, to be ascertained by lot, as the President of the Senate may direct, shall hold their office for only one year, and their successors shall be elected on the second Tuesday of October, one thousand eight hundred and fifty-eight, and biennially thereafter. When any county shall have a fraction above the ratio for Representative so large that being multiplied by ten, the result shall be equal to one or more ratios, additional Representatives shall be apportioned for such ratios among the several sessions of the decennial period in the following manner: If thereby only one ratio then a Representative shall be allotted to the tenth session of the decennial period.

If there are two ratios Representatives shall be allotted to the ninth and tenth sessions; If three to the eighth, ninth, and tenth sessions; If four to the seventh, eighth, ninth and tenth; If five to the sixth, seventh, eighth ninth and tenth; If six to the fifth, sixth, seventh, eighth, ninth and tenth; If seven to the fourth, fifth, sixth, seventh, eighth, ninth and tenth; If eight to the third, fourth, fifth, sixth, seventh, eighth, ninth, and tenth; If nine to the second, third, fourth, fifth, sixth seventh, eighth, ninth and tenth, sessions of the decennial period respectively.

In determining the number of Senators to which any senatorial district might be entitled in any decennial period, by reason of any fraction of a senatorial ratio, the fraction shall be multiplied by five, and if the result be equal to one ratio, an additional Senator shall be allotted to said district for the ninth and tenth sessions. If be equal to two such ratios an additional Senator for the seventh, eighth, ninth, and tenth sessions shall be allotted to such district. If three then to the fifth, sixth, seventh, eighth, ninth and tenth.

If four, to the third, fourth, fifth, sixth, seventh, eighth, ninth, and tenth sessions respectively. If this ammendment be adopted by the electors, the counties now entitled to more than one member in either of both branches of the Legislature in the fourth and fifth sessions of the present decennial period as now provided, shall have a like number of members in each branch thereof for each session of the remainder of the present decennial period.

N. H. VAN VORHES,
Speaker of the House of Representatives.
THOMAS H. FORD,
President of the Senate.

Dated April 3d, 1857.

Resolved by the General Assembly of the State of Ohio, Three-fifths of the members elected to each House concurring therein, that it be, and hereby is, proposed to the electors of this State to vote on the second Tuesday of October next, upon the approval or rejection of the following amendment, as a substitute for the fifth and sixth sections of the fourth article of the Constitution, viz.: Sec. 5. District Courts shall be held in each county at least once in each year, by one or more District Judges elected by the electors of separate districts to be prescribed by law, who shall hold their office for five years: and during their continuance in office shall reside in the district for which they are elected. The provisions of the fourteenth section of this article shall apply to District Judges. The General Assembly may by law authorize the Judges of the District Court, and of the courts of common pleas, to fix the times of holding their *respective courts*. Until District Judges shall have been elected and *qualified*, *District Cisuor* shall be held by the Judges of the Supreme Court and of the Court of Common Pleas, as now authorized. Sec. 6. The District Court shall have such jurisdiction as may be provided by law, and the judges thereof shall have and exercise such power and jurisdiction at chambers, and may be required to sit as judges of the courts of Common Pleas as shall be directed by law.

N. H. VAN VORHES,
Speaker of the House of Representatives.
THOMAS H. FORD,
President of the Senate.

Dated April 3d, 1857.

AMENDMENT NO. 3.

Resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each branch concurring therein, that it be and hereby is proposed to the electors of the State, to vote on the second Tuesday of October next, to approve or reject the following amendment as a substitute for the second and third sections of the twelth article of the Constitution.

All property, personal and real, shall be subject to taxation by a uniform rule, at the true value thereof in money, but such deductions from credits may be allowed as the General Assembly may deem expedient: Provided, that burying grounds, public school houses, and all other public property, and all institutions of purely public charity, and all houses used exclusively for public worship, shall be exempt from taxation: and if the total value of the real estate only dollars, the same may be exempt from taxation. All property employed in banking shall always bear a burden taxation of equal to that imposed on the property of individuals.

N. H. VAN VORHES,
Speaker of the House of Representatives.
THOMAS H. FORD,
President of the Senate.

Dated April 3d, 1857.

AMENDMENT NO. 4.

Resolved by the General Assembly of the State of Ohio, Three-fifths of the members elected to each house concurring therein, That it be and hereby is proposed to the electors of the State, on the second Tuesday of October next to approve or reject the following amendment as a substitute for the first and second sections of the thirteenth article of the Constitution: "Corporations of every description shall be created, and corporate powers granted only by general laws which shall define the powers, privileges and immunities and prescribe the duties and liabilities of each class or description of corporations, but the General Assembly may enact special laws for the relief of corporations in peculiar cases, and may make special provisions in regard to corporations in cases wherefrom their peculiar location or interests such special provisions are required, and may from time to time alter or repeal all such laws, as are authorized by this section.

N. H. VAN VORHES,
Speaker of the House of Representatives.
THOMAS H. FORD,
President of the Senate.

Dated April 3, 1857.

AMENDMENT No. 5.

Resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each House concurring therein, that it be, and hereby is proposed to the electors of this State to vote, on the second Tuesday of October next, upon the approval or rejection of the following amendment as an additional section to article eighteen of the Constitution. Every county which now is or may hereafter be entitled to more than one Senator, or Representative for the residue of the present decennial period, or for all, or any portion of any subsequent decennial period shall be divided into as many Senatorial and Representative districts as there may be Senators or Representative elective in any year of the present, or any subsequent decennial period, which districts shall be of contiguous territory, and each district shall contain as nearly a ratio for Senator or Representative as is attainable, without violating the rule herein given as to contiguity, and without dividing any township, election precinct, or ward. If any Representative, or Senatorial district, composed of two or more counties shall by reason of any excess of population over a ratio, be entitled to additional Representatives or Senators for any portion of the present or any subsequent decennial period, the district shall be divided into two districts, for each portion of such decennial period, which shall be contiguous territory, and each shall contain as near a ratio as is attainable without dividing counties.

If by reason of the annexation of one Senatorial district, to another, there shall be any excess of population over a Senatorial ratio, which shall be entitled to additional Senatorial representation for any portion of any decennial period, each district, as now constituted, shall elect one Senor.

Counties shall be divided into districts by the county commissioners or such other board of officers elective and resident in the proper county as may be provided by law. At least four months prior to the general election in 1858, the counties entitled to more than one member of either house shall be divided into districts for the residue of the present decennial period, and at least four months prior to the general election in the first year of each subsequent decennial period, the counties entitled to more than one member for all, or any portion of such decennial period, in either or both houses, shall be divided into districts for the whole of the decennial period. A description of the district of each county shall be published as may be directed by the county commissioners or as may be prescribed by law.

N. H. VAN VORHES,
Speaker of the House of Representatives.
THOMAS H. FORD,
President of the Senate.

Dated April 3d, 1857.

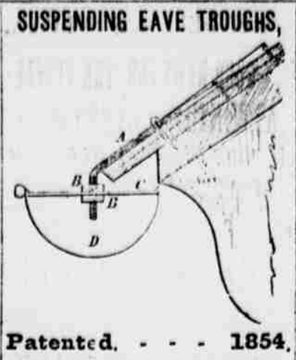
SUSPENDING EAVE TROUGHS,



Patented, - - - 1854.

THIS figure is a transverse section of an improved method of suspending Tin Eave-Troughs, for which a patent was granted on the 7th of March, 1854.

The Eave Trough D is made in the usual form, with the cross-bar C soldered to it of sufficient strength to sustain the weight and keep the trough in shape. From this cross-bar there extends an iron rod A with a screw and nuts B B at its lower end. The screw and nuts in this rod allow of the trough being elevated or lowered on the said rod. A staple should be driven over the rod near the lower edge of the roof board.

By this arrangement the House and Cornice will not be disfigured, as by the common method of putting up Troughs; will be held more straight and firm; will not rust as other Troughs do, and can be straightened, or taken down by any one.

A New and Important Discovery in the Science of Medicine.

PATENT OFFICE SEAL OF GREAT BRITAIN, DIPLOME de ECOLE de PHARMACIE PHARMACIEN de PARIS, and IMPERIAL COLLEGE of MEDICINE, VIENNA. Sold wholesale and retail by **Dr. R. A. Barrow**, Member of the Imperial College of Vienna, and Royal College of Surgeons, London, who may be personally consulted at his residence, 157 Prince street few blocks west of Broadway, N. Y., from 11 A. M., till 2, P. M., and from 4 till 8 P. M., (Sundays excepted, unless by appointment.)

Triesemar No. 1,

is a remedy for Relaxation, Spermatorrhœa, and all the distressing consequences arising from early abuse, indiscriminate excesses, or too long residence in hot climates. It has restored bodily and sexual strength and vigor to thousands who are now in the enjoyment of health and the functions of manhood; and whatever may be the cause or disqualifications for marriage, they are effectually subdued.

Triesemar No. 2,

Completely and entirely eradicates all traces of Gonorrhœa, both in its mild and aggravated form, Gleets, Strictures, Irritation of the Bladder, Nonretention of Urine, Pains of the Loins and Kidneys, and those disorders for which Copaiva and Cubebs have so long been thought an antidote.

Triesemar No. 3,

is the great Continental remedy for Syphilis and Secondary Symptoms, Scrofula, and all Cutaneous Eruptions, removing and expelling in its course all impurities from the vital stream, so as altogether to eradicate the virus of disease, and expel it by insensible perspiration through the medium of the pores of the skin and urine.

It is a never failing remedy for that class of disorders which English Physicians treat with Mercury, to the inevitable destruction of the patient's constitution, and which all the Sarsaparilla in the world cannot remove.

TRIESEMAR No. 1, 2, and 3, are prepared in the form of a lozenge, devoid of taste or smell, and can be carried in the waistcoat pocket.—Sold in tin cases, and divided in separate doses as administered by Valpeau, Lalleman, Roux, Ricord, &c., &c. Price $3 each, or four cases in one for $9, which saves $3, and in $27 cases, whereby there is a saving of $9.

None are genuine unless the Engravings of the seals of the Patent office of England, the seals of the Ecole de Pharmacie de Paris, and the Imperial College of Vienna are affixed upon each wrapper, and around each case. Imitations are liable to the severest penalties of the Law.

Special arrangements enable Dr. Barrow to forward immediately, on receiving a remittance, the $3 and larger size cases of Triesemar, FREE OF CARRIAGE, to any part of the world, securely packed and properly addressed, thus insuring genuine European preparations and protecting the public from spurious and pernicious imitations.

THE COLLEGIATE COURSE,

Which is designed to embrace all branches PURELY MERCANTILE, has been recently enlarged, and can now be regarded as one of the most *lengthy, thorough and complete* ever introduced to the public in any similar institution in the United States.

THE BOOK KEEPING DEPARTMENT

Embraces three distinct grades, viz: INITIATORY, REGULAR, and EXTENDED COURSES, and taught on Folsom's New method, recommended by every TWENTY of the most reliable practical accountants of Cleveland.

THE NEW METHOD OF TEACHING

Strikes at the very germinating points of the Science revealing the great natural two-fold division of the Ledger, whereby is seen the propriety of demarkation between real and representative property, and the governing law of transfer, as regards its affecting the two classes of accounts, and those of the same class in every variety of transactions, thus stripping this most useful and beautiful science of most of its time-honored mysteries made such by arbitrary and inexplicable rules, meaningless forms and false notions; and hence enables the student to acquire correct notions of accounts as embodied in actual practice.

THE INITIATORY COURSE

Embraces a regular progressive series of manuscript cards, classified somewhat as to the variety of transactions. It aims to develop the first principles and philosophy of accounts rather than mere routine and actual formula, by addressing the reason and judgment of the student, who studies with the view of apprehending and arriving at results, and so pushes on his investigations with much greater confidence, pleasure and independence.

THE REGULAR COURSE

Is intended to represent every species of business, from the smallest retail to the heaviest and most intricate of wholesale and commission, as well as banking, railroading, etc., demanded, at present, by our vast and constantly increasing commerce.

THE EXTENDED COURSE

Embraces lengthy practical sets from the various business firms, and is designed for such students as may wish to spend longer than the time required for the regular course (and that gratuitously) preparatory to entering some special house.

By taking in addition the Extended Course, the student will be faithfully and profitably employed for six months.

PENMANSHIP, practical and ornamental, in all its varieties, will be taught in the most thorough and efficient manner by one of the best teachers of the West. Besides the usual method of teaching business writing, the Cherbythmographic system will also be taught. This system, so popular, and recommended by our best educational men, is now taught in the public schools of Cleveland, Columbus and Toledo.—Many other places are open for good teachers of Cherbythmography as soon as they can be qualified.

DAILY LECTURES on practical and theoretical Book Keeping, Mercantile Laws, Commercial Ethics, Political Economy, Art of Computation, Commercial Calculations, Mercantile Customs, Banking, Exchange, Commerce, Railroading, Commercial History, Business Correspondence, Penmanship, etc.

The new suite of rooms of the College, occupies the finest location in the city, situated as they are on the corner of Public Square and Superior st., affording a fair view of most parts of the city and the Lake. The rooms are neatly and tastefully furnished, surpassing in beauty and convenience perhaps, those of any similar institution in the Union.

THE LADIES' COURSE is the same as that of the Gentlemen, affording equal facilities to all ladies who may wish to avail themselves of the commercial course.

The Principal, having an extensive business acquaintance, is enabled to secure good situations for many of his graduates.

PATENT MEDICINES.

POPULAR OPINIONS
OF THE
Græfenberg Medicines!

HARTSOUD, Trumbull County, Ohio, March 7, 1857.

I hereby certify that I have been dealing in the Graefenberg Medicines for the past five years, and can truly say that I have never offered any medicines to the public that have met with the decided approbation of the people, like these; particularly the Pills and Catholicon. They sell readily, and perform all and more than is promised for them. I have sold about fifty bottles of the Catholicon the past season, and hear the best results in every case.

J. H. C. JOHNSON, Medical Agent.

Read what Dr. Bushnell says of the Gaefenberg Medicines. Dr. B. is a physician of extensive practice and one of the most successful in the county (Trumbull) in which he resides.

"This certifies that I have used the Graefenberg Pills and Marshall's Catholicon, sold here by J. H. C. Johnson, in my practice, to my entire satisfaction. *They are good Medicines.*"

DR. G. W. BUSHNELL.

Hartford, Trumbull Co., O., March 7, 1857.

I am a physician of thirty years' practice.—My principal study has been diseases of females. They have generally baffled my best efforts. Obtaining the materials composing Marshall's Uterine Catholicon, I was pleased with them, gave the medicine a fair trial, and found myself abundantly successful. In my former practice I could only mitigate the symptoms of about half the cases, and could not cure one in ten. Now I can radically cure seventeen in twenty, and can mitigate the rest. I consider Marshall's Catholicon the greatest blessing to females I have ever met with.

JAS. B. WILLIAMS, M. D., Charleston.

CLEVELAND, June 23, 1856.

MR. H. B. KINGSLEY—*Dear Sir:* In July, 1855 I was taken with an ordinary summer complaint for which I neglected taking any remedies, hoping that it would soon stop of itself; but in about three weeks I commenced passing mucus and blood, and grew very weak, so that I was unable to do half a day's work. I applied to physicians, and was dosed first with opiates, next with pills made of Beltadons and Nitrate of silver, took injections of Nitrate of silver all of doing no good. I then took various patent medicines recommended by nurses and old ladies; neither did they do me good. Again returned to the care of the physicians, and was dosed with any quantity of the most powerful astringent known to the profession, (tannin,) but all to no purpose. I next tried Homeopathy, which, for a time, helped me, but then could not advance beyond a certain point towards a cure.

From my experience, I unhesitatingly pronounce it the best Dysentery medicine ever made, and would heartily recommend its use to everyone with like difficulty. I ought to make this statement to the public, through gratit
