MILCH COWS—Fresh receipts were 43 head, making 234 head for the week, against 226 head last week. The advance in the price of Dressed Beef has induced farmers and drivmen to market their Fat Cows, hence a better demand for Fresh Milkers. P. McCabe sold 25 State Cows at $35@$50 per head; J. Smith sold 32 at $40@$50 per head; S. Clarke sold 14 at $35@$50 per head; M. Curry sold 7 Prime Milkers at $40@$58 per head.

CALVES—Receipts yesterday and to-day were 595 head—557 at 60th st. and 38 at Jersey City. Supply excessively large, and the tone of the market decidedly easier. Prime Veals declined ¼@½c., and Common do. were scarcely salable at a reduction of nearly 1c. per lb, and at he reduced prices it was barely possible to clear the pens. A few Country Grassers were sold at 9½c.; some Hay and Buttermilk fed Calves at 9½c.; "Bobs" at $3 50 per head, and 4@5¼c. per lb, and Common to Choice Veals at 6@8½c.—very few at latter price.

Total for the week 29,483 head, against 27,911 head the preceding week. The extreme prices which have been current in this market for the past week have induced free shipments from all points. The consequence is to-day's supply was above the wants of all purchasers, and prices dropped 25c. per lb on nearly all grades of Sheep, but principally on heavy weights, of which there was a large number on sale. Strictly Prime Lambs held their own fairly, but common lots suffered about the same as Sheep. The transactions were at $6@$7 90 per 100 lb for Sheep—100 Choice Wethers, averaging 107 lb, at the latter price. This lot was part of 3 car-loads shipped here by T. HORSE MARKET.

The slight improvement in the market briefly referred to a week ago is still more apparent this week. The actual transactions have not been large, but there are more buyers looking around than is usual at this season of the year. The receipts of horses for the past two weeks have been larger by several car-loads than the corresponding time last year. Sellers begin to think that the Spring trade will open earlier than has been anticipated, and there are not a few large operators who predict as successful a season as we had last year, which it will be remembered was better than for five or six years previous to that time. At the moment there is some unsettledness as to prices, and a general disposition to add from $10 per head to the figures current here during the Fall and Winter. Mail advices from London, Liverpool, Glasgow and Havre are as favorable as could be expected, tho' for the extremely dull and hard Winter. Exporters are not willing to admit that there is any margin at present prices, but it is very probable that as soon as the weather becomes settled, there will be a number of large shipments.

MINES AND MINING.

NEW-YORK, Monday, March 15.

The only transactions worthy of notice in mining stocks at the Exchange were in Little Pittsburg, which was moderately active between 9, the opening price, and 8⅜ the lowest, and 8⅝, the last sale. At the Mining Stock Exchange the tone of the market was rather better, and prices where changed generally were better. The greatest activity was in Gold Placer, Great Eastern, Tuscarora, and Buckeye among the low-priced stocks, and in Leadville, Hukill, Consolidated Pacific, Climax, and South Bulwer among the better class. Moose was pretty firm at $1 15@$1 10. Consolidated Virginia was steady at $3 50@$3 55. Green Mountain sold at $3 20, and that rate was bid; Bulwer at $9, and Bodie $7 50. The market closed quiet but firm.

The Green Mountain has declared its usual monthly dividend of 5 cents per share. Mr. H. C. Bidwell, president of this Company, last week left this city for the mine to superintend the construction of 68 additional stamps, which it is expected will be completed by June 1. The first dividend from the product of 100 stamps will probably be made in July.

The Little Chief announces its final dividend of 1 per cent, or $100,000.
