LIVE STOCK MARKET.

NEW-YORK, March 24.—BEEVES—Receipts yesterday and to-day were 272 cars of 4,347 head—141 cars at 60th-st. and 128 cars at Jersey City. Total since Saturday 9,414 head, against 9,800 head for the corresponding day last week. Mr. Eastman reserved all of his 40 car loads of cattle for export and bought 30 head on the market; F. R. Lingham received 250 prime steers which will be shipped alive to-day; Mr. Goldsmith reserved 90 head for export alive, and Messrs. A. Toffey & Co. purchased about 100 head for their beef export trade. This relieved the market of over 1,100 head, but the remaining 2,300 head, including the Cattle which were left over on Monday, were at least 1,000 more than could be used at prevailing prices. The fact of its being the last week in Lent only has been sufficient reason for sending in less Cattle, but shippers seem blind to the experience of previous years. Prices to-day were about the same as on Monday at 6@6½c., but a small fraction lower at Jersey City. Trade was extremely dull throughout the entire morning and at a late hour considerable stock was still unsold. The Cattle on sale to-day cost more than those on Monday, and the losses were consequently heavier than at any time during the past month. Among the offerings were a ten car lot of good corn fed Texans, which were sold at about 6c., to dress 56 lb, less 5½c. per head. Some very poor ones sold as low as 5c., to dress 54 lb, less 5½c. per head. The average of Texans were mainly sold at 5¾@5¾c., to dress 55 @56 lb, close 1½c. to Prime at 6½@6¾c., to dress 56@57 lb; with a few Choice at 10½c., to dress 57 lb. The steamer Tarifa did not sail yesterday, as was expected, but will probably get off to-day; she will take 32 live cattle for Mr. Goldsmith; the Somerset will carry 90 live cattle for the same shipper; and the India takes out 250 Live Cattle for F. R. Lingham.
