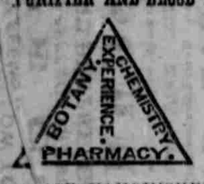
DR. ROBACK'S

BLOOD PURIFIER AND BLOOD PILLS.



DISEASE VANQUISHED

By Dr. Roback's Scandinavian Remedies

AFTER FIFTEEN YEARS of study and experiment, Dr. Roback, the eminent Swedish Physician succeeded in producing a medicine from twenty-three different species of mountain herbs of his native land, which acts directly on the causes of disease in the blood, and by restoring the corrupted fountain of life to a healthy condition of health and purity, expels disease from the system, whatever it may be located, or whatever may be its character. Indigestion, nervous complaints, epileptic and other fits, coughs, consumption in its early stages, sore throat, bronchitis, fever and ague, asthma, low spirits, sexual incapacity, feminine weakness, pricking of the skin, symptomatic of paralysis, rheumatism, neuralgia, tumor, cancer, diabetes, lassitude and debility, diarrhea, and all other disorders of the organs of respiration, the liver, the kidneys, the stomach, the nerves, or the muscular fiber, are unerringly cured by this preparation. It is to the materies morbi or seeds of diseases what an alkali is to an acid: it neutralizes them with absolute certainty, at the same time it regulates the secretions, removes obstructions from the bowels, creates appetite, renews bodily vigor, and regenerates every animal function. Such is the nature, such are the effects of Dr. Roback's famous Scandinavian Blood Purifier, which, if taken in conjunction with his Scandinavian Blood Pills, will not only obliterate the most painful diseases, but prevent their recurrence, and lengthen life beyond the span.

In the SCANDINAVIAN VEGETABLE BLOOD PILLS, Dr. Roback presents the result of twenty years of experience, hard study and experiment as to what a perfect pill should be. No one can doubt their superiority after one single trial. Price of Dr. Scandinavian Blood Purifier, $1 per bottle, or $8 per half-dozen; Scandinavian Blood pills, 25 cents per box, or five for $1.

Carlisle Station, Warren Co., O., March 8, '58.

C. W. Roback, M. D.—Dear Sir: For the benefit of suffering humanity permit me to say that I have found your Scandinavian Blood purifier and Blood Pills sure cure for Dyspepsia and Liver complaint. I have suffered from the above mentioned diseases for five years, and have tried a great many medicines but all to no purpose. At that time I was living in Cincinnati and was advised by a friend to try your Purifier and Pills. I went to your office and purchased one Bottle Purifier and one box Pills to commence with, and bless the day I found your valuable medicines, for I am now enjoying good health, and feel confident that the cure is permanent. Let others buy and use what they please, as for me give me the Purifier and Pills for all chronic diseases arising from impure blood or disordered digestive organs. Yours, T. V. DUBOIS.

From the Rev. Mr. McMullen, Pastor of Roberts Chapel: Indianapolis, Oct. 5, 57.

Dr. C. W. Roback—Dear Sir: I have used your Blood Purifier for a nervous affection, from which I have suffered much at times. While it is pleasant to the taste, it certainly has a happy effect upon the nerves. Please accept my thanks for your kind regards and acts, and believe me,

Yours, J. W. T. McMULLEN.

Cincinnati, Friday, Sept. 4, '57.

Dr. Roback—Dear Sir: Having been afflicted with neuralgia or rheumatism for the past year and a half, and having seen your medicine, called the Scandinavian Blood Purifier, highly recommended by gentlemen with whom I am acquainted, I was induced to try it, but not before I had used various other medicines. After using two bottles, I felt its effect very sensibly, and upon using two more, I found myself perfectly cured. You will allow me therefore, to congratulate you upon making a discovery in medicine which is proving itself to be a worker of such wonders in the diseases of the human family. GEO. S. BENNETT,

Local Editor Cincinnati Daily Enquirer.

Indianapolis, Wednesday, Sept. 2, '57.

Dr. C. W. Roback—Dear sir: Having been troubled for several years with extreme debility and weakness, so much so that I was unable to attend to my ordinary business at times, and having heard of the wonderful cures that your Scandinavian blood Purifier and Pills were effecting; I was induced by a friend to try them.

I have been using the Purifier for the last twelve months, and find the medicine fully equal to its recommendations. So valuable is its use to me that I cannot now dispense with the use of it at my advanced age of life—seventy-seven years.

I cheerfully give this information for the benefit of those similarly affected. MORRIS MORRIS.

PRINTING FINE CARD PRESS.

This Press operates with almost magical rapidity, receiving the paper in long rolls or strips, and besides printing the cards at the rate of 15,000 to 20,000 per hour, feeds itself with the most unerring certainty and precision, and proceeds to cut, count, and if desired, to number them consecutively from one up to millions, without a possibility of error, which places it above all competition for the great variety of work. It is equally well adapted to be operated by hand, and also to print single cards, thus embodying another improvement found in no other rapid Card Press.

PROSPECTUS

OF THE

Thirty-Seventh Volume

OF THE

Indiana State Journal.

THE JOURNAL IS NOW ENTERING ITS Thirty-seventh volume. It was established in 1822, and is the oldest paper in Indiana. It is equal in age to the City of Indianapolis, and is nearly as old as our State Government. It was established when Indiana was little else than a wilderness, and when Indianapolis scarcely existed except in name. It has lived and grown upon its own merits—[illegible] political patronage or governmental favor. It is as a household word throughout the length and breadth of the State, and its position upon all public matters—political or otherwise—is so well known that anything said in reference to its course upon any of the questions now before the people would be superfluous.

While the Journal will continue to advocate the great principles of freedom, and give its support to the Republican Party, as the party of the people—acting with the party when right, and repudiating it when wrong—it will be for the coming year more of a family paper than it has ever yet been, and be made more acceptable to the general reader than a purely political paper could be.

The Session of Congress under a new Administration is always fraught with more or less importance to the welfare of the country, and the present Session will be looked upon with feelings of peculiar interest. The position of the Administration upon Kansas affairs is a matter of much public concern. The Utah question, and the progress of the anticipated war in that quarter, will be a subject of great public interest as long as it remains unsettled.—Events are transpiring in our own country and throughout the world to make a newspaper indispensable to every individual.

Bounteous crops have blessed the husbandman throughout the land; peace, plenty, and prosperity smile upon all, and we appeal before the public, asking for its support, feeling that we shall receive it liberally. The past course of the Journal will be the best index of what the future will be, and promising to improve upon former efforts in producing an acceptable family and political newspaper, we submit our claims to a generous and intelligent people.

Howard Association,

PHILADELPHIA.

A Benevolent Institution established by special Endowment for the relief of the sick and Distressed, afflicted with Virulent and Epidemic Diseases.

THE HOWARD ASSOCIATION, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting surgeon, as a charitable act worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give Medical Advice Gratis to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty, to furnish medicines free of charge. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, for the year ending January 1st, 1858, express the highest satisfaction with the success which has attended the labors of the Consulting surgeon in the cure of Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onanism or Self-abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation, or self-abuse, and other diseases of the sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope, free of charge, on receipt of two stamps for postage. Other Reports and Tracts on the nature and treatment of sexual diseases, diet, &c., are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatment discovered during the last year, are of great value.

Address, for Report or treatment, Dr. George R. Calhoun Consulting Surgeon, Howard Association, No. 2 South Ninth Street Philadelphia, Pa.

THE SUBJECT.

"What a creature he was! what a career he accomplished. One of the best officers of the Revolution; the most shrewd, keen, indefatigable, and successful, if not the greatest lawyer that ever practiced in New York; the very personification of courtliness and fascination of manner—handsome, elegant, amiable and accomplished; with a singular power over those who came within his influence; with a will and body of iron, daring, resolute, calculating and always equal to any circumstances of his time;"—[Boston Post.

THE AUTHOR.

"The author, Mr. James Parton, is a scholar and a man of the highest attainments, and he has brought to his task all the requisite qualities—patience, toil, study, care, reflection, and research—so indispensable to an undertaking of so much delicacy and importance."—[Home Journal.

"Not until we read this volume had we the slightest idea of Mr. Parton's ability, either as a compiler or a historian. * * * The tragic story of the hero is told with the power and simplicity of a genuine poet."—[Boston Post.

"He has performed his task with the zeal of an antiquary and the taste of an artist. The irksome details of political life have been carefully sifted, and a certain lime, vitalizing genius has given animation and harmony to the mass. His honesty of purpose is no less conspicuous than his originality of expression and illustration. He certainly possesses a rare talent for biographical delineation."—[New York Tribune.

THE BIOGRAPHY.

"A volume worthy of the subject and times on which he has written."—[Boston Congregationalist.

"It has not a dull page in it. * * * Once opened, and the readers attention is secured—author and subject combining to make him captive."—[Boston Traveller.

"Almost a model Biography."—[Philad Press.

"Certainly the most deeply interesting, fascinating book that has been laid upon our table in many a long day."—[N. Y. Commissionaire.

"As an interesting biography, no work lately published begins to equal it."—[Boston Journal.

"It is impossible not to read it after one has begun * * * A work of almost unequaled interest."—[Boston Post.

"Of peculiar and absorbing interest."—[Boston Transcript.

"More exciting than romance."—[N. Y. Evangelist.

"More real knowledge of our early history can be obtained from it than from many works devoted exclusively to that period."—[Life Illustrated.

"One of the most fascinating biographies of a bad man ever written."—[N. Y. Observer.

His life is sketched in a manner that will not fail to be interesting, or to exert a warning voice to Young America of the present day."—[Christian Observer.

A GREAT BOOK FOR AGENTS!

PUBLISHED THIS DAY, FEB. 8TH, 1858.

Fifty Years in Chains:

Or the Life of an African Slave

WRITTEN BY HIMSELF.

430 Pages, Cloth, Gilt Back, Price $1.

THIS IS THE TITLE of one of the most interesting biographies of the day. It is the plain history of an American Slave in the far South, who, after two or three escapes and recaptures, finally, an old man, found freedom and rest in one of the Northern States.

What the Press Say.

The story is told with great simplicity, but with much power and pathos. Whoever takes it will find it difficult to lay down until it is finished.—National Era, Washington.

A narrative of real experience like the above, will have far more effect against slavery than the ingenously wrought novel, however true to life its pictures may be.—Am. Baptist.

Here is a book of facts, stranger than fiction, and a thousand times more thrilling; a simple tale of life long oppression, revealing truly the workings of the "peculiar institution" in our country. To the story-loving we would say, here is a story worth reading.—Mission Record.

A THOROUGH CANVASSER IS WANTED, In each county in the free States, to engage in the sale of the above work immediately. Such can easily clear from $50 to $100 per month.

The work is beautifully printed and bound, and is as large as the books that sell for $1 25; but as we mean to sell at least one hundred thousand copies through agents, we have made the retail price only $1. A sample copy of the book will be sent by mail, postage paid, on receipt of the price, and our private circular to agents, with terms, etc. Address
