There were twelve proposals, amounting to $7,835,400, to sell Government bonds to the Treasury to-day. Offers to the amount of $3,000,000 were accepted, as follows: $273,000 6s of 1880 at 104.45@104.62 $1,378,400 6s of 1881 at 106@106.50. $1,148,600 5s of 1881 at 104@104.17½. These prices average fully ½ per cent higher than the prices paid a week ago, and also are considerably higher than the market prices of to-day. For all the 6s of 1880 purchased to-day the prices paid were from 8/100 to ¼ per cent higher than the asking prices at the board. For the 6s of 1881 the prices paid for all but $13,000 were higher than the bidding price, and for $167,000 higher than the asking price, and for the 5s of 1881 the prices paid for all but $25,000 were above the asking price. At the boards a fair amount of business was done at shaded figures. The transactions included $120,000 coupon 5s at 104⅛@104,· and $120,000 registered at 102¾@102⅞, $10,000 coupon 4½s at 108⅞, and $325,000 coupon 4s at 107⅛@107¼. At the close the market was barely steady at the following quotations:

State bonds again were neglected, excepting a small sale of Louisiana consols at 48½.

The dealings in railroad bonds presented little or nothing of special interest. The Missouri, Kansas and Texas issues were less exceptionally strong, and the first consols declined from 103¼ to 101½@102, and the seconds from 63 to 61@62. Erie second consols fell to 91, and closed at 91¼, the funded 5s falling to 84⅛. Boston, Hartford and Erie firsts, Rome, Watertown and Ogdensburg consols, and Chesapeake and Ohio firsts, series B, were from ¼ to ½ lower than yesterday. New-Jersey Central consols weakened to 104¾, and the incomes declined 2 per cent to 78, and Lehigh and Wilkesbarre consols were ⅝ lower at 98. Mobile and Ohio first debentures fell 1⅜ per cent to 73, and St. Louis and Iron Mountain second incomes were 2 per cent lower at 74½. St. Paul sinking funds yielded ⅜ per cent to 110½, and Northwest gold consols ½ per cent to 117. The Pacific railroads' issues were about steady.

The Sub-Treasury to-day gained $450,334 on balance, made up by gains of $271,300 currency and $179,034 coin. This makes the total gain since last Friday $1,127,665, but these figures do not include the sum to-day paid by check for $1,500,000 of the $3,000,000 bonds purchased. Money to-day ruled at full 6 per cent until a late hour, when some loans were made at 5 per cent, and after the business was all done the rate was made 3 per cent. The day's changes in the domestic exchanges are a decline to 75 cents premium at St. Louis, and an advance to 30 cents discount at Boston. The United States Treasurer at Washington to-day received $130,000 in National bank notes for redemption. The customs receipts were $800,000, and the internal revenue receipts were $400,000. The following is the Clearing House statement to-day: Exchanges, $102,680,296; balances, $4,669,108. The transactions at the Sub-Treasury covered: Receipts, $847,005; payments, $396,670; currency balance, $6,529,980; coin balance, $102,366,132.

The foreign exchanges were firm, and bankers' sterling bills were further advanced ½ cent to the £, active business being done close up to the following quotations:

LIVE STOCK MARKET.

NEW-YORK, April 28.—BEEVES—Receipts yesterday and to-day were 396 cars of 9,150 head—213 cars at 60th-st. and 183 cars at Jersey City. Total since Saturday, 11,557 head against 9,429 head for the corresponding time last week. Included in the above arrivals are 125 car loads of Cattle for direct exportation by Messrs. Waixel & Goldsmith and T. C. Eastman. Other exporters were buying a few head this morning, but most of the offerings were taken by home trade slaughterers. The demand at the 60th-st. yards was good and the market ruled active, though a shade lower than on Monday. All of the Cattle were sold out in good season, and the feeling at the close was nearly as strong as at the opening. At Jersey City the market was decidedly lower than the current rates on Monday for like quality. Still buyers purchased very liberally, and an enormous amount of Cattle changed hands before the noon hour. Among the offerings were 15 car loads of native steers, which were sold from 6½c. to 9¼c., averaging 56 lb. When good enough Cattle can be bought at 9¼@9⅝c., butchers will take them in preference to Stillers; hence a dull trade this morning for the 220 Stillers on sale. Common to Fair corn-fed Steers were sold at 8½@9¼c., to dress 53@57 lb. Good to Choice Steers ranged from 9½@10¼c., to dress 57@59 lb. Extra Steers dress 57 lb. and a car load of good distillery-fed Bulls were sold at 5¾@5¾c. live weight. A few Cattle will be carried over at Jersey City, but not to exceed a half dozen car loads were in sold at 1 p m.

From yesterday and to-day's receipts Mr Eastman reserved 750 head to ship alive and 250 head for exportation in dressed quarters. M. Goldsmith res rved 345 head for export alive; T. M. Duche & Son bought 33 head, Gillett & Tolley 35 head and Kalb & Furst 10 head, all for shipment alive. And to-day Tolley & Co. purchased about 75 head to complete the cargo of Dressed Beef to go in the England on Saturday. The steamer Italy sailed to-day with 225 live Cattle from Jersey City and 521 quarters of Beef, 35 carcasses of Mutton and 125 Dressed Sheep for D. Tolley & Co.; and M. H. Gillett & Co. sent 180 quarters of Beef and 35 carcasses of Mutton to Havana on the City of Wassington. Several steamers with Live Cattle and Dressed Beef are to sail to-morrow.
