Missouri, Kansas and Texas first consols sold at 102, but the seconds yielded ¾ per cent to 91¼. Boston, Hartford and Erie firsts, Rome, Watertown and Ogdensburg firsts, and Chesapeake and Ohio firsts, series B, were from ⅛ to ½ per cent lower, with dull movements. St. Louis and Iron Mountain second incomes further declined to 73⅞, the first incomes being steady at 93½. Denver and Rio Grande firsts again advanced and sold at 106. The Sub-Treasury to-day lost $1,136,105 on balance, made up by a coin loss of $1,267,710, less a currency gain of $131,605. This makes the total loss since last Friday $8,440. Money to-day was easy at 6 per cent, which was the rate until after the business of borrowing was over. After that the usual farcical operation of offering rates down to 3 per cent was indulged in—as if it still had some effect upon the stock market. Discounts are dull, and leading dealers scale rates for mercantile paper as follows:

Double-named:	Sixty days.	Four months.

Single-named:

The governors of the Bank of England at their regular meeting to-day made no change in the rate for discount, and it remains at 3 per cent. During the week the bank lost £128,000 bullion, and the proportion of its reserve to its liabilities was reduced from 48 9/16 to 47 7/16 per cent. At the Stock Exchange British consols were easier than yesterday, selling at 98 15/16 for money and at 99 1/16 for account.
