Colorado and New-Mexico Fine and Medium, 30@35c.; Unwashed Long staple, 24@27c.; Ordinary Coarse, Short and Romny, Black, 20@24c.

WHOLESALE PRICES OF COUNTRY PRODUCE.

For the week ending May 18, 1880.

(Expressly for THE N. Y. TRIBUNE by our own reporter.)

BEANS AND PEAS.

Receipts for the week: Beans, 721 pkgs.; Peas, 16,796 bush. Exports—Beans, 362 pkgs.; Peas, 1,920 bush. Medium Beans were dull at $1 37½@$1 40. Under the influence of a pretty good export demand and moderate receipts, Marrows are a little firmer, though not quotably higher. Pea Beans, of several selling prices, but some receivers are asking a trifle more for choice stock. Red Kidney are rather steadier, and Choice are held at $1 50; holders seem to have a little more confidence in the situation. Very little trade in White Kidney, but prices are steady. Yellow Eyes are quite quiet. Green Peas are firm, but steady. Pea Beans have only a moderate inquiry at quotations. No change in Southern Black Eye Peas. Quotations:

Beans: Med. Choice	1 37½@$1 40	Pea Beans	$1 60 @$1 62½

Do. fair to good	1 60 @ 1 65		

BUTTER.

Receipts for the week, 28,027 pkgs.; last week, 26,176 pkgs.; corresponding week last year, 34,158 pkgs. Exports for the week, 3,915 pkgs.; same time last year, 8,224 pkgs. The general Butter market is just a shade lower than last week, but at the slightly reduced figures stock moves off fairly. Exporters are bidding 2½c. for the finest Creamery, but receivers are not willing to accept that price, and are jobbing it out at 23c. Increased supplies would compel them to accept exporters' bids, and such a thing may be necessary before the close of the week. Choice State tubs are salable at 20c.—three nine invoices from Delaware County were sold at that figure—selections, which show nearly all crease Butter, have been sold at 21c. Buyers are getting very particular about color, and it is hard to sell white butter for its real value. Exporters are the principal buyers of Welsh tubs, and some liberal transactions are reported at 18@19c. Western Dairy is in light supply and is very uneven in color and quality. Selections of choice grass butter would probably bring 17c. Inc., but there are few invoices which sell above 16c. Factory goods move rather slowly and prices are easier. There is a strong pressure to reduce selling rates from 2c. to 3c. per lb, and exporters are holding off awaiting developments. Quotations:
