Farrel, the "guy with the spinach," turned the trick yesterday afternoon at Wallace park and shut out the Indians. It is true that the Indians were not in form because Cooper, the hard hitting left fielder, was out of the game on account of illness, and Groh, with a dislocated shoulder held down short, but still the game was won fairly and squarely and the Hoosiers are entitled to it.

Wright for once did not seem "right," or else his team-mates were not "right." There was a conspicuous absence of bingling, and this accounts for the showing made by the Indians. They could not hit the man with the spinach and this is the story summed up. Farrel did not intend to make as bad an impression as did his mustache, and he pitched big league ball.

The visitors scored in the first and sixth innings. In the first inning Mitchell smashed out a double and scored on Wilkinson's single. After this the side was retired. In the sixth inning two scored as follows: Farrel singled and Mitchell sacrificed. McClain and Wilkinson singled in succession and two runs scored.

The Indians had one chance to score and this was in the first inning when Taylor tripled. His team mates were unable to do anything with Farrel's delivery and were retired in order.

Day Was Hoodoo to Princeton.

Princeton, Ky., July 14.— The thirteenth of the month and on Friday also proved too much of a hoodoo for the "Invincible Grays" of this city, they losing their first game of the season to the fast "Cairo's Own" from Cairo. After winning Thursday's game the locals went into the game full of confidence only to succumb to all around better playing. The score of the two games follows:

First game:

	R	H	E
Princeton	10	11	2
Cairo	5	7	3

Batteries for Princeton, Stevens and Rutledge; for Cairo, McAuliffe, Brahic and Bourgeois.

Second game (Friday.)

	R	H	E
Princeton	5	8	5
Cairo	7	11	2

Batteries for Princeton, Dye and Rutledge; for Cairo, Halliday and Bourgeois.

This, from the Mattoon Morning Star, is "figuring some:"

"Double-headers were played in all cities of the Kitty league circuit Thursday and resulted in an even break all around. Remarkable as it may seem while the standing of the clubs in games won and lost was not materially changed, yet in percentage there were some changes. According to the figures, although Vincennes won and lost yet she loses three points, Jacksonville drops one point, Cairo gains five points, Paducah quits even, Danville loses two and Mattoon gains three. The percentage of the Orphans is now .382, within three points of the highest percentage they have yet attained.

"Mitchell, shortstop of Vincennes, has made the greatest number of errors of any player in the Kitty league, having a total of 48 in 56 games. Doyle, Mattoon's shortstop, is next in line with 37 errors in 55 games. Perr" Paducah's shortstop, had 30 in 53 games. Ditheridge, Cairo's shortstop, had 24 in 56 games. Roland, Cairo's second baseman, had 23 in 58 games.

"Donovan, of Vincennes, has the most stolen bases to his credit of any player in the league. "Dummy" Hughes, of Jacksonville, comes next on the list.

"'Windy' Lutshaw, of Jacksonville, has made six home runs so far this season. Doyle, of Mattoon, is next with five to his credit."

VESTRY MEMORIAL.

Place of Edmund P. Noble Will Be Filled in Fall.

Thursday afternoon the vestry for Grace Episcopal church held a called meeting at the office of Mr. Muscoe Burnett of South Fourth street, and took appropriate action upon the death of Mr. Edmund P. Noble, a member of the vestry during life. Resolutions were adopted, subject to drafting by the appointed committee, while short speeches were made, paying respective mention to the well-known deceased. As this church has been closed for the warm months the successor to Mr. Noble on the board will not be named until some time the coming fall.

The Reason Why.

Two Irishmen driving through the country noticed that many of the barns had weather-vans in the shape of huge roosters.

"Pat," said one to the other, "can you tell me why they always have a rooster and niver a hen on the top iv thim barns?"

"Sure," replied Pat, "an' it must be because the difficulty they'd have in collecting the eggs."—Chicago News.

SLATE IS MADE UP FOR STATE TICKET

First Split in Administration Over Auditor.

Morgan Chinn Will Have to Fight It Out With Hubert Vreeland in Primary.

FORECAST OF THE CONTEST

Louisville, July 14.—Following is the Herald's forecast of the machine slate in the Democratic primary:

For United States Senator—J. C. W. Beckham, of Nelson county.

For Governor—S. W. Hager, of Boyd county.

For Lieutenant Governor—South Trimble, of Franklin county.

For Treasurer—June W. Gayle, of Owen county.

For Auditor—Henry B. Hines, of Bowling Green, or Harry McChesney, of Livingston county.

For Attorney General — James Garnett of Adair county, or Judge James L. Morris, of Oldham county.

For Commissioner of Agriculture—R. C. Crenshaw, of Christian county.

For Superintendent of Public Instruction—Henry C. Miller, of Hardin county.

For Secretary of State—Hubert Vreeland, of Louisville, or Morgan Chinn, of Mercer county.

When the candidate for attorney general has been finally agreed upon the Democratic machine ticket for state offices will then be complete. Either James Garnett, of Adair county, or Judge James L. Morris, of Oldham county, will be selected to fill the vacancy on the ticket, and it will be known in the next few days which is the choice of the machine.

In the contest for auditor there are two candidates, who have always been staunch supporters of Gov. Beckham and the administration. One of them, Judge Henry B. Hines, of Bowling Green, has always been considered one of the powers behind the throne, and has done more to maintain the machine in power than any man in the state, excepting only Gov. Beckham and Percy Haly. Harry McChesney, of Livingston county, Judge Hines' opponent, was first elected superintendent of public instruction, and three years ago was elected secretary of state, the office he now holds.

During McChesney's occupancy of these two offices Judge Hines has been content to hold the office of state examiner and inspector. Previous to this he was police judge of Bowling Green. Now he has lost favor with Percy Haly, and, as a result, has opposition in the organization he helped build.

Haly is responsible for McChesney's candidacy. This is the first break in the machine. The governor will remain true to Judge Hines.

The fact that the machine is divided against itself is pleasing to Henry Bosworth. He is now making an active canvass for the nomination, and as he is in high favor with the partisans of the late William Goebel, due to the fact that he arrested Caleb Powers, he will prove a factor in the race.

Vreeland vs. Chinn.

Word has gone out from headquarters to all the machine men to keep hands off in the race for secretary of state, Hubert Vreeland, of Louisville, and J. Morgan Chinn, of Mercer county, being the opposing candidates.

Having enjoyed the favor of Gov. Beckham for so many years, Mr. Chinn expected the support of the administration for secretary of state. If he can defeat Hubert Vreeland he is at liberty to do so, but he must not expect the organization to take a hand in the contest, as Mr. Vreeland and his brothers have never antagonized the administration.

Freed Prisoners From Serving Out Fine

Custer Jones and Houston Hamilton, from Carlisle county, who have been in jail for 60 days serving a sentence and $100 fine for bootlegging, were released today. They had served their 60 days' jail sentence, but took the insolvent debtor's oath for the fine and thus escaped paying it. They were released this morning by orders of the commissioner, W. A. Gardner.
