BELIEVES GERMAN SHIPS HAVE BEEN SEIZED BY U. S.

(Continued from Page One.)

whose profession, in the words of clause 23 of the treaty of 1799, serves the sustenance of the general weal of humanity, to compulsory detention. This in spite of the fact that the cited article prohibits any molestations of German subjects in the United States, even in the case of war.

"If treaties are thus trodden under foot after a breach of diplomatic relations, when President Wilson's phrase that Americans are sincere friends of the German nation is still resounding, what have we to expect if the contingency for which we must be prepared arrives and war breaks out? If we cannot prevent a breach of treaty we must at least call attention clearly, openly and immediately to the fact that the United States government has violated the treaty of 1799 and the general principle of the law of nations before Germany has undertaken anything which could give the slightest shadow of a pretext for such an action."

The Lokal Anzeiger's statement probably refers to the alleged seizure by the United States of German vessels and their crews lying self interned in American ports. The government in a recent official statement announced its course with regard to these ships, declaring that they had not been seized and would not be, but that in view of the depredations committed upon some of them, such ordinary police power would be exercised over them as to prevent damage or obstruction to American harbors and property.

GERMAN-AMERICAN ALLIANCE IS READY TO DEFEND THE FLAG

Statement Issued That it Will Raise Troops and Funds if War Comes.

Philadelphia, Feb. 8.—Resolutions endorsing the action of President Wilson in severing diplomatic relations with Germany and pledging its loyalty to the United States were adopted by the German-American National alliance at a meeting which continued in session here until early today. It was also decided, in case of hostilities, to form regiments of German-Americans and to turn over to the American Red Cross funds which the alliance has been collecting for German war relief. The meeting was attended by delegates from 28 states. The alliance is said to have a membership of 3,000,000.

At the conclusion of the session today Dr. Charles J. Hexamer, president of the alliance, issued the following statement:

"The German-American National alliance, representing 3,000,000 constituents, has passed a resolution backing up President Wilson in handling passports to Ambassador Bernstorff and recalling Ambassador James W. Gerard from Berlin.

"We have also adopted resolutions pledging our services to the government of the United States in case of war. We will fight under the command of President Wilson as our commander-in-chief as loyally as German-Americans fought under Commander-in-Chief Abraham Lincoln in the civil war for the preservation of the Union.

"We will organize German-American regiments and in case of a call for soldiers we mean to show the American people with what readiness and patriotism we will answer a call to arms for the defense of the flag and country.

"We have been collecting funds for the German Red Cross and for the German widows and orphans. In view of the present break of relations between the United States and Germany we have resolved to contribute all money received to the cause of the American Red Cross.

"Our delegates feel that we have been greatly misunderstood and unjustly criticized during the European war, but if it comes to war with Germany our actions will not be susceptible to any further misunderstanding for we will back up our American government with our lives and our means. If the present troubles can be settled without war and in a few months everything looks like peace, we may determine again to send our funds for Red Cross and widows and orphans as we have been doing in the past."

ALLEGES ASSAULT AND SUES FOR $25,000

A suit for damages was this afternoon brought by Attorney Harry Meyer against Mr. and Mrs. Patrick Wall by Anna Wall asking for $25,000 as damages for injuries inflicted on the plaintiff. The complaint states that on Feb. 6 of the present year Mr. and Mrs. Patrick Wall entered the home of the plaintiff, Anna Wall, and without provocation violently assaulted her. The plaintiff says that as a result of the injuries inflicted she had to have the services of a physician.

The plaintiff asks for $20,000 damages and $5 000 additional as punitive or exemplary damages.

THREE ARE FINED BY WALKERVILLE JUDGE

Mrs. Morris Dennehy, who cut open Victor Frank's head with a double bladed ax Tuesday afternoon, and her husband, Morris Dennehy, were each fined $10 last night by Police Judge Dunnavan of Walkerville. Ben Bazzanalla was assessed $20.

A neighborhood fight started Tuesday when Mrs. Dennehy demanded damages from her tenant, Bazzanalla, for a broken window. Victor Frank, a boarder at the place, saw the fight, according to the testimony given, and was hit with the ax when he attempted to stop it by pulling out a gun.
