the list is of its usual dividend. And there is no question that the business of these companies will steadily increase, for it does not depend upon crops or trade, but only on the continued growth of New-York City. Of course all profits over the interest on the bonds and 10 per cent dividends on the stocks of the New-York and Metropolitan Roads accrue to the benefit of the lessee, the Manhattan Company. Pacific Mail was not particularly active, but it rose from 38¾ to 39⅝ and closed at 39⅛. At the close the market was firm.

The business in Government bonds continues to be small, and to-day the total transactions at the Board amounted only to $60,000. The biddings for 6s of 1881 and 4 per cents were about ⅛ per cent higher. Annexed are the closing quotations:

The transactions in State bonds were covered by sales of North Carolina special tax third class at 3¼@3⅛—a decline of ⅞ per cent. Louisiana consols are quoted at 46⅜@47.

The dealings in railroad bonds included forty-three different varieties, and prices generally showed some improvement on the figures of Saturday. Erie second consols were only moderately active, but the price advanced from 84⅞ to 85⅜ and closed at 85⅛. Missouri, Kansas and Texas first consols rose from 103¾ to 104½, and the seconds from 59¾ to 61@60⅞. Rome, Watertown and Ogdensburg firsts were 1 per cent higher at 61½, and C., C. and I. C. first assented ½ higher at 84⅞, and the incomes were ¾ higher at 37½. New-Jersey Central consols rose from 100¾ to 101¼@101⅛, and Canada Southern firsts rose from 90½ to 91. St. Louis and Iron Mountain second incomes declined ½ to 73. Ohio and Mississippi seconds sold at 110@110½ against 109½, the last previous sale. Lake Erie and Western firsts were in demand at 101@101½; Lafayette, Bloomington and Muncie firsts selling at 98. Northwest gold consols were strong at 117@117½. St. Paul and Sioux City firsts at 101⅞. Rock Island new 6s at 119, and Keokuk and Des Moines firsts at 95½. Kansas Pacific consols sold at 93@93¼ against 92½ Saturday, and Texas and Pacific incomes rose 1 per cent to 62.

The Sub-Treasury to-day lost $156,007 on balance, made up by a currency loss of $551,724, less a coin gain of $394,917. This reduces the gain since Friday to $270,200. Money ruled steady at 3 per cent, but is in abundant supply. Time loans are made at 4@5 per cent. The domestic exchanges on New-York are as last quoted. The United States Treasurer at Washington to-day received $157,000 in National bank notes for redemption. The customs receipts were $364,000, and the internal revenue receipts $593,000. The following is the Clearing House statement to-day: Exchanges, $133,564,373; balances, $6,056,489. The transactions at the Sub-Treasury covered: Receipts, $1,402,437; payments, $1,559,243; currency balance, $8,583,426; coin balance, $88,523,280.

The foreign exchanges are weak, and to-day leading drawers reduced their rates about ½ cent to the £. The following are the revised quotations:

For some unexplained reason, to-day's quotations from the London Stock Exchange are meagre, and at the time of writing of a date not later than 1:30 p. m. British consols for money are ⅛ lower at 97 15/16, and for account unchanged at 98⅝. United States bonds are steady: 5s at 105⅛, 4½s at 112, and 4s at 110¼. American railway securities are quoted higher; Erie at 37⅞ against 37⅛ Saturday, and second consols at 86¾ against 86½. Atlantic and Great Western firsts advanced ¼ to 66¼. Illinois Central ½ to 106½. Pennsylvania ¾ to 52½, Reading ⅜ to 9⅞, and Central and Hudson ¾ to 129¾. Bar silver was quoted at 52½d., an advance of ⅛d. per ounce. In Paris, French 3 per cents rose to 86.40 francs.

The attention of investors is directed to the advertisement of the Barnum Museum Company inviting subscriptions to the unsold portion ($1,750,000) of the company's capital stock. The subscription books will close July 15.

HOPS' MARKET.

There has been an improved demand during the past week, and the old Hop's Head Market has shown considerable life. The receipts are now running much lighter than for some time past, and there is little or no surplus of decent stock. There is still some accumulation of light common hops, usually called rectors, but these, it must be remembered, form a large part of the supply at all seasons of the year. The little activity noted for past week is not likely to last long, as most of the outlets from this market are now to be full. Probably the cooler weather has had something to do with the better trade. Very few lots of consumption hops are arriving; most of the large stables are supplied by their own buyers, who keep the best brewing districts pretty well canvassed. This may be the best method, and only available one, of getting a supply of hops, but so many barrels travelling through any section of the country give farmers an idea that a greater demand exists than there really is.

PRINTING CLOTH MARKET.

FALL RIVER, Mass., June 14.—The Printing Cloth market has been quiet and with but a light demand; previous quotations are unchanged, though somewhat easier.
