were higher; Delaware, Lackawanna and Western up to 77⅛, Delaware and Hudson to 71½, and New-Jersey Central up to 62⅞. Later they declined to 74¾ for Delaware, Lackawanna and Western, to 69¼ for Delaware and Hudson, and to 60½ for New-Jersey Central, closing with a recovery of from ¼ to ¾ per cent. Considering the dulness of the market, the fact that so sharp a decline for the coal stocks had so little effect upon the prices of other stocks is a good indication of the strength of the general market. At the close the market was dull but irregular.

The transactions in Government bonds at the Board amounted only to $31,000, but prices are steady at the annexed quotations:

State bonds were neglected and without dealings. Louisiana consols are quoted at 46@46¾.

The sales of city bank stocks included Fourth National (31) at 117, Merchants' (33) at 130, and Commerce (25) at 140.

The dealings in railroad bonds included fifty-one different varieties, but generally they were only in insignificant amounts and without features. The issues of C., C. and I. C. were strong and higher on a report that a settlement had been made between the Pennsylvania Company and the holders of C., C. and I. C. first mortgage bonds on the basis of an exchange of the present bonds for 5 per cent bonds —dollar for dollar—guaranteed by the Pennsylvania Company. But the report lacks confirmation, and members of the bondholders' committee deny all knowledge of even any pending proposition for a settlement. The first assented bonds sold at 85@88⅞ against 84½ yesterday, and the incomes rose from 37½ to 41½@41. Erie second consols were steady and dull between 81⅞ and 85¼, and closed at 85, a final decline of ⅛ per cent, the funded 5s selling at 79¼@79⅛ against 78¾, the last previous sale. Missouri, Kansas and Texas first consols were ⅜ higher at 104⅞, but the seconds declined from 60⅞ to 60. New-York Elevated firsts were strong at 114@113⅞, and Metropolitan firsts at 102. Kansas Pacific consols were ¼ higher at 93½. Union Pacific firsts ⅜ higher at 114⅜, and Central Pacifics ¼ higher at 114¼.

The Sub-Treasury to-day gained $384,156 on balance, made up by a gain of $162,774 currency and $221,362 coin. This make the net gain since Friday $654,356. Money to-day was in excessive supply, and call loans were made at 3@2½ per cent on pledge of ordinary Stock Exchange collateral, and at 2 per cent on Government bonds. The domestic exchanges on New-York are as last quoted. The United States Treasurer at Washington to-day received $600,000 in National bank notes for redemption. The customs receipts were $751,000, and the internal revenue receipts $200,000. The following is the Clearing House statement to-day: Exchanges, $101,978,777; balances, $4,421,023. The transactions at the Sub-Treasury covered: Receipts, $964,926; payments, $580,769; currency balance, $8,746,220; coin balance, $88,744,642.

Erie shares declined from 38¾ to 38⅜, and second consols, after an advance to 87½, closed unchanged at 87. Atlantic and Great Western firsts sold at 65¾@66, and the seconds at 30.
