NEXT WEEK IS EDISON WEEK

WE are one of several thousand business concerns that will observe the week of October 21st to October 27th in commemoration of Thomas A. Edison's invention of the incandescent electric light. We are licensed distributors of Mr. Edison's favorite—and greatest invention:

The NEW EDISON

"The Phonograph with a Soul"

One million people are employed in the various industries founded by Mr. Edison. Think of that, if you will. At least five million human beings are dependent for their livelihood on industries created by the inventions of one man. Of all his inventions, his favorite is the wonderful new Phonograph, of which we are licensed distributors. It is known as the "New Edison" and is the instrument that the New York Globe called "the phonograph with a soul" and of which the New York Tribune said: "Edison snares the soul of music."

$2000 IN CASH PRIZES

for the best advertisements composed by amateurs of quotations from the articles which the great music critics have written about the New Edison. It costs nothing to compete. Come to our store at once and get instructions. We provide you with a reprint of what the music critics have said about the New Edison. We also furnish a sample advertisement already pasted up in proper form. The contest closes Oct. 27th.

Merrily We Roll Along, Roll Along—to Keep Up With "Business Better Than Usual"

Cleveland, O., Oct. 19.—"Business as usual" in Cleveland has put rollers under the city's boy power to keep up with the heaping orders.

One leading department store, unable to get enough boys to handle the increasing orders in its stock room, laid in a supply of roller skates. A pair was attached to the feet of each boy and away they rolled.

"Gee, fellers," one youngster shouted as he sailed across the floor with arms loaded to the guard, "do we have to pay to work here?"

Trips that took five minutes are now over with in less than one. Boys can't saunter along dreaming of Diamond Dick and kidding every person en route. The skates are as wings pinned to their ankles and speed is the result.

"During the summer it wasn't so bad," the foreman said. "Boys were out of school. Now many of them are going to school, some older ones enlisted, and all the while business is getting better than ever. We couldn't get enough boys, so we put the boys on rollers. Now they 'skoot' around like bullets shot out of guns. One lad can take care of twice the stock he once did and not be half as tired at the end of the day."

Other Cleveland business houses are considering the roller skate as a necessary vehicle to keep up with their orders, and even Uncle Sam's postoffice may put employes in the mail sorting room on rollers.

Everything you run into these days seems to be adulterated, with the exception of the nerve of some people.

One of the many Cleveland boys mounted on rollers to increase speed and efficiency.

OH! THAT AWFUL BACKACHE IT'S YOUR KIDNEYS

An unhealthy body, and the unhappiness and misery which follow, may be prevented by ordinary judgment and care. Keep your stomach and kidneys in shape and you will have good health. The kidneys' work is to throw off the poisonous matters which enter the body. If they perform this work regularly and automatically the other organs will take care of themselves.

Diseased conditions of the bladder or kidneys are indicated by nervousness, sleeplessness, that tired, wornout feeling, dizziness, nausea, backache, lumbago, rheumatism, pain in the lower abdomen, many so-called "female troubles," severe pain and discomfort when urinating, bloody, cloudy and stringy urine, too frequent or suppressed passages. All these are nature's signals to warn you of diseased kidneys or bladder, which may lead to fatal Brights' disease.

Don't wait until the danger is upon you. Go to your druggist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil, the kind your great-grandfather used. About two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. But remember to ask for the imported GOLD MEDAL brand, in sealed packages, 25c, 50c and $1.00.

AMERICAN AVIATOR IN THRILLING FIGHT

Kills One Foe in German Machine, Then is Forced to Land.

Headquarters of the LaFayette Escadrille on the French Front, Oct. 19.—Lieut. Raoul Lufbery of Wallingford, Conn., member of the LaFayette escadrille, fought the latest fight in which he brought down a German machine (reported yesterday as his thirteenth) at an altitude of 5,000 yards and directly over the trenches.

When it was first seen by Lieutenant Lufbery, the German airplane was several hundred yards above him, but by making a wide detour and climbing at a sharp angle, the American was able to make a near approach to the German biplane before being discovered. The German pilot was killed at the first burst of fire from Lufbery's machine gun and the enemy returned the fire despite the fact that his pilot had been killed and that his own death was imminent. One bullet from the German machine gun punctured the radiator of Lufbery's monoplane and lodged in the carburetor, so that he was compelled to land immediately.

Except for the fact that a strong wind had been blowing in the direction of the German lines, the weather of the past few days has been ideal for flying and the members of the LaFayette squadron have been busily engaged. While on a low patrol protecting a photographic machine, Sergeant Walter Lovell of Boston was attacked three times and his machine badly shot up by machine gun bullets.

DRAFT BOARDS TO EXAMINE ALL MEN

Have Intimation That the Provost Marshal May Issue Such Orders.

While official word is lacking, the local exemption boards feel certain that orders will be received this week to entrain the last contingent of troops on the afternoon or evening of Nov. 4. It is believed that entrainment of the last contingents will start throughout the state on Nov. 2, the Butte and Silver Bow county men to start two days later. Neither the city nor county exemption board has yet been notified of the number of men that they will send to Camp Lewis in the last contingents.

Intimation has also been received by the boards that the provost marshal may call for the examination of the full number of registered men before the end of the next five months. While this will mean continued and added work for the local boards, it will in some measure relieve the rush of the few days immediately preceding each entrainment of men. During the first draft call, the dates of entrainment have so nearly approached the dates of exemption of men that local boards have in many instances found it necessary to call for volunteers or to send men to camp without proper notice of their calling.

Neither local board in Butte has received a list of men physically rejected at Camp Lewis. It is known, however, that the number of "slackers" now being sent to the camp from Butte and Silver Bow county will more than make up for the number of men who are rejected at the camp.

Exemptions Allowed.

The county exemption board yesterday allowed the claims of the following: Milo Marichvich, Frank Mito, Dennis O'Shea, Nichola Borichovich, Mike Boskovich, William J. Williams, Constantin De Manner, John J. McCormack, Jerry Harrington, Macko Loncar, Fred Ozanich, Alfred J. Slade, Joseph Panlan, Raffaello Martinelli, Arthur D. The city exemption board yesterday allowed the following claims for exemption: George Strutcel, Alfred T. Brogen, Edward Winchester, Fred Jobe, Ralph Weir, W. E. McConne, Thomas J. Hagan and John J. McVeigh.

The following claims were denied: Thomas R. Parker, Patrick Walsh, Carl W. Johnson, Garfield Odgers, Joseph M. Gibson, John W. Johnson, Ed P. Welsh, Robert Holt, Fernan Frere, W. H. Etherington, F. W. Strubich, J. G. Durke and Walter Decker.

EXILED RUSSIAN GENERAL TAKES REFUGE IN ENGLAND

London, Oct. 19.—General Gurko, former commander on the Russian southwestern front, has arrived in England with his wife on board a British ship.

General Gurko told newspapermen last night that he was given permission to leave Russia as soon as possible after his release from the fortress of St. Peter and St. Paul.

"I was imprisoned," the general said, "because certain letters which I had written to the former emperor were cited as evidence of my ill feeling toward the republic. After several months of confinement, nothing was found to justify a trial and I was released. My intention is to remain in England until matters in Russia become more settled."

DOINGS AT BUTTE HIGH.

The Butte high school club held its second regular meeting yesterday afternoon. Plans were completed for the initiation of new members Saturday at the high school gymnasium. Miss Cubine was elected faculty adviser. Miss McMillan gave an interesting talk on "My Journey to Brazil."

Principal Bruce E. Millikin spoke to the Senate members last night on "Assuming Responsibility."

SPECIAL WORK FOR THE DRAFTED CHEMISTS

Washington, Oct. 19.—Several hundred chemists drafted into the national army have been assigned to special work under government departments and others are being withdrawn from cantonments daily, it was announced today. Army authorities selected these men with the aid of a census arranged by the bureau of mines. A similar census has been made of mining engineers, showing age, dependency conditions, position in the draft liability list and the nature of work each could do if drafted.

MOOSE LODGE BUYS $1,000 LIBERTY BOND

The local lodge of the Loyal Order of Moose, at a meeting last evening, appropriated $1,000 for the purchase of Liberty loan bonds. Dr. R. C. Monahan, Gerry White and E. Moyle were named as a committee to arrange for the purchase of the bonds.
