BEEVES—Receipts yesterday and to-day were 202 carloads at Jersey City and 270 cars at 60th-st., making 6,636 head, against 4,657 head last Monday. The arrivals the past week were 1,358 head less than last week, and 2,150 head more than the corresponding week last year. The large receivers of live stock during this week were: T. A. Scott, 1,383 head; I. Wormser, 631 head; M. Goldsmith, 814 head; Meyer & Regenstein, 790 head; Morris & Siegel, 783 head; H. Meyer, 692 head; Coney & McPherson, 593 head; F. Joseph, 521 head; R. P. Lindsay, 444 head; Levy & May, 420 head.

Following a very dull and unsatisfactory close on last Monday, Cattle came forward rather sparingly the balance of the week, particularly on Friday, and on each successive market-day the selling rates were advanced about ¼c. per lb. The finish on Friday was exceptionally good, and buyers and sellers confidently expected from markets this week. But with a total supply of 409 car-loads of Cattle this morning the situation underwent a very great change. At the Jersey City Stock Yards 3,517 head of Cattle were offered for sale on the market, and of these not to exceed 350 head were taken by exporters. It took home trade slaughterers but a short time to comprehend just how things were, and the "bear" movement which followed at once reminded one of Wall-st. Early sales of Native Steers were about ¼c. lower than on Friday, but after 8:30 a.m. the market hourly grew weaker, and a clearance could not be effected at a decline of a strong ½c. per lb. Cb okers and Texans were only salable at buyer's figures, and all birds lost plenty of money. At 60th-st. trade was more active than at Jersey City, but sellers generally report a reduction of a shade ¼c. particularly on heavy, fat cattle, of which a large number were on sale. The offerings at both yards include 31 car-loads of through Texans and Cherokees—the first of any consequence this season—most of which were sold at 7@7½c., to dress 55 lb.; 2 cars of fat but rather coarse Corn Fed Colorados at 9½c., to dress 56 lb.; 12 car-loads of Colorado Stillers at 9½@9¾c., to dress 56 lb; and the range for Native Steers was from 8½c. to dress 56 lb. to 10½c. to dress 57 lb.—former price for some light Ohio grass cattle and latter for some choice selected steers sold in small lots. Probably the finest lot of cattle shown here to-day were the 20 head of Missouri Steers purchased by John Cole for Messrs. T. M. Duche & Son for export alive; they were fed by Mr. T. A. Shaw, and averaged on the cars here 1,597 lb. About 28 cars of cattle arrived at the Jersey City yards after 10 a.m., and a large part of these will be carried over. A very heavy run of stock is reported for Wednesday, and unless considerable is sold back the market will be one of the worst of the year.

From fresh receipts Mr. Eastman reserved 1,890 head, part for export alive and part to ship in dressed quarters; T. M. Duche & Son purchased 200 head to ship alive; G. Martin bought 90 head to send to Bermuda; M. Goldsmith reserved 75 head for shipment alive, and Messrs. D. Toffey & Co. purchased 175 head for their beef export trade. No shipments of either live cattle or dressed beef to-day. To-morrow G. Martin will ship 90 Live Cattle on the Eliza Lines, and Joseph Eastman 1,800 quarters of Beef and 500 carcasses of Mutton by the Arizona.

SHEEP AND LAMBS—Receipts yesterday and to-day were 31 cars of 2,069 head—14 cars at 60th-st. and 17 cars at Jersey City, and 7 carloads were held back at Philadelphia. Total for the week 32,805 head, against 38,728 head last week. There was a quiet trade at 60th-st. for both Sheep and Lambs, but real good lots of Lambs were sold a trifle better than on Friday. At Jersey City Sheep had slow sale, but sellers were generally holding for full previous prices. The reports from Pittsburg were much more favorable and sellers confidently expressed the opinion that good stock would be higher before the close of the week. Lambs were dull and decidedly lower; common stock declined a strong ½c. per lb, and Prime Lots are quoted ½c. off. Sheep sold for the m st part at 3¾@4½c.—the latter figure was only exceeded for a few Selected Wethers purchased by a Newark butcher. Southern and Western Lambs sold from 4c. to 6c., with a few small lots at 6¼@6½c.; State and Pennsylvania do. at 4½@6½c., and a car-load of Canada do.—first of the season—at 6c.
