ANNOYING SYMPTOMS

How Heat Flashes, Dizzy Spells and other Bad Feelings at Change of Life may be Relieved.

Richmond, Va. — "After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—MRS. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness.

BOOKS WELCOMED AT THE CAMP BY DRAFTED MEN

According to Tom Davis of the Y. M. C. A., the soldiers at American Lake are very much interested in the obtaining of good books and the starting of a library at the camp. A few books are now available there, he says, but many more are needed to fill the needs of the men.

It is said that a place will be provided soon at the camp for a library and at that time gifts of books from persons interested in the soldiers will be very much welcome.

THE "BLOOD AND IRON" POLICY

Is important in peace as well as in war. Every man and woman who would be a winner and not a slacker should have the strength of iron in the blood.

The new iron tonic, Peptiron, combines this valuable metal in medicinal form so that it is easily digested and readily assimilated. Peptiron also includes pepsin, nux, celery, gentian and other tonics—sedative for the nerves, digestives and carminatives—a health-giving medicine in convenient pill form.

Take it for anemia or thin blood, paleness, nerve debility, brain-fag. One or two Peptiron after each meal will quickly tell a story of marvelous results. Get it today.

MONTANA SAVINGS QUOTA IS ALLOTTED

Manager Turner on Way Here With Plan for Thrift Campaign.

Washington, D. C., Nov. 19.—Harry W. Turner of Butte, Montana state director of the war savings campaign which Uncle Sam will put into operation Dec. 3 and by which he expects to raise $2,000,000 in 12 months, is on his way to Butte with instructions how to proceed. Every county in Montana is assigned a quota of war savings subscriptions. Butte will be the state headquarters.

Every postoffice, bank, trust company and many schools, public buildings and stores in the Treasure state will sell the stamps.

Stamps, which are the government's certificates of indebtedness, are to be sold in two denominations—thrift stamps, which cost 25 cents each, and war savings stamps, which cost from $4.12 to $4.23 each according to the month in which they are purchased.

With the first thrift stamp the purchaser is given a thrift card with spaces for 16 stamps. When 16 thrift stamps have been purchased and affixed the thrift card can be exchanged for a war savings stamp by paying the difference between the $4 the thrift stamps represent and the current value of a war savings stamp, which in December, 1917, and January, 1918, will be $4.12, and thereafter 1 cent for each succeeding month during the year 1918.

With the first war savings stamp obtained by purchase or exchange the owner is given a war savings certificate containing spaces for 20 war savings stamps. If the 20 spaces are filled during December, 1917, or January, 1918, the cost to the purchaser will be $4.12 for each stamp, or $82.40 for the full certificate, and on the first day of January, 1923, the government will redeem the certificate at $100, giving the holder a net profit of $17.60 for the use of his money.

Although these investments do not mature until Jan. 1, 1923, provision is made whereby upon 10 days' written notice after Jan. 1, 1918, such certificates will be redeemed by postmasters at their cost to the purchasers plus 1 cent a month on each war savings stamp on the certificate.

The thrift stamps do not bear interest, but the war savings stamps bear 4 per cent, compounded quarterly. The certificates will be dated Jan. 2, 1918, and mature Jan. 1, 1923.

Under the plan an amount as small as 25 cents can be invested in a government security, and as soon as $4 has been thus invested an interest-bearing certificate of the United States government can be secured.

BOTH LODGED IN THE COUNTY JAIL

Frank Kunst went to his home on E street, Walkerville, Saturday night and found John Kobe in the house. When Kunst entered the house, according to his story, he heard voices in the bed room and after looking around he discovered Kobe under the bed. Kunst had a revolver in his hand and took a shot at Kobe, but the bullet missed the mark. Kobe made a rush and, grabbing the gun, succeeded in getting it away from Kunst. Then Kobe beat Kunst about the head with the weapon, inflicting several serious wounds. Dr. P. H. McCarthy dressed the wounds, which required 15 stitches. Both men were placed in the county jail.

MRS. MASTERS OBJECTS TO THE WEARING OF FURS

Mrs. Anna B. Masters, in an address given last evening at the Theosophical rooms, registered decided objections to the wearing of furs on the ground that the use of furs by society constitutes a ruthless slaughter of animals. Mrs. Masters' talk was most interesting and was listened to with keen attention by a large audience.

"THE HONOR SYSTEM", AN INTENSELY INTERESTING AND HUMAN MELODRAMA, IS RIALTO ATTRACTION

Just one of the 900 interesting scenes in "The Honor System" at the Rialto.

"The Honor System," being shown at the Rialto until Thursday, William Fox's intensely human melodrama, while in its gripping appeal tugs strongly at the heart strings, is far from being a somber picture of life in its most distressing phases. This gripping drama, to the production of which the state of Arizona lent its entire resources and which vividly portrays conditions along the Mexican border, has been justly described as "the greatest human story ever told."

Its humaneness lies not only in its faithful depiction of the struggle between virtue and the unseen powers of graft, but in the flashes of rare humor that light the picture like flashes of sunlight.

Many of these touches are inspirations on the part of R. A. Walsh of the Fox Film corporation, whose masterly work in directing "The Honor System" stamps him as one of the foremost directors of the cinema world. Among the most novel things he did was the use of animal actors to supply part of the humor. There are rabbits, dogs, geese, rats, horses and other members of the animal world in the cast of "The Honor System." Any motion picture director will tell you that no actor, not even the most temperamental of the tribe, is quite so hard to manage before the camera as an animal actor.

EVERY ACT A STAR ON PANTAGES BILL AT ANSONIA THEATER

"Bill" Pruitt, known the country over as the Montana cowboy singer, is appearing at the Ansonia theater on the Pantages program which opened Saturday matinee. The same bill will be shown today and Tuesday. "Bill" Pruitt has made quite a reputation for himself in the east, where he has played the big vaudeville circuits. However, nowhere is he more popular than right here in his home state. "Bill" has a voice which is as strong and as clear as the out doors, and his range of notes is truly phenomenal. Those who have the good fortune to hear him will surely enjoy a treat.

This program is crowded with features. In fact, it is hard to pick a winner in this week's bill. Comedy predominates and one will find a sure cure for the blues by attending a performance at the Ansonia during the present engagement. Seldom is it possible to get so many features on a program at one time, but each act is of sufficient magnitude and worth to be entitled to the head line of a good vaudeville show.

SCENES OF CAMP LEWIS AT THE PEOPLES HIP TONIGHT

Our Own Butte Boys, who are now at Camp Lewis, are one of the features of the Pathe News, which is being shown at the Peoples Hip tonight. Six all-star vaudeville attractions and a Universal comedy are also offered. Alice Teddy, the famous roller-skating bear, is one of the headline acts.

STEVENS PICTURE HAS NOTABLE CAST

In "A Sleeping Memory," the Metro special production de luxe, starring wonderful Emily Stevens, a cast of players well known to Metro audiences supports this famous artist. Frank Mills, who has played with success on both the stage and screen, enacts the role of Powers Fiske. Mr. Mills also played opposite Miss Stevens in "The Wheel of the Law." He has also appeared in important features produced by other companies. On the speaking stage he has had an enviable record, appearing with many world-famous stars.

Mario Majeroni plays Dr. Trow. This player has portrayed character roles in many Metro and other prominent productions. Walter Horton has played "villains" in several Metro productions in support of Emmy Wehlen, notably in "Sowers and Reapers," and "The Duchess of Doubt," and in the support of Lionel Barrymore.

Kate Blancke, who appears as Mrs. Fiske, has appeared in support of Lionel Barrymore in "The End of the Tour" and "The Brand of Cowardice," and has been a member of the cast of other Metro wonderplays.

Frank Joyner, who portrays the part of Angus Hood, was formerly a member of the Lubin company, and played leading roles with that organization. Richard Thornton, who is seen in the role of Chadwick, and the rest of the cast, are of the excellence that audiences have grown to expect in support of Metro stars.

BELGIUM IS NO TOPIC OF LECT

President Hamilton, Not ucator, to Speak To row Evening.

Probably the most interesting series of lectures on "The World War" will be given Tuesday at the Butte high school when President J. M. Hamilton of Montana State college will speak on "Belgium." As President Hamilton spent several months in 1912 in Belgium his lecture will consist of first hand information. The fact that Belgium is the country that has suffered more than any other nation engaged in the war and did more than any other country at the outset of the war to stop the German push to Paris.

President Hamilton is a student, a logical speaker and a reader and his talk will be interesting to everyone. This, coupled with the patronage of the lectures and the opportunity of education afforded by them, guarantees a crowded house on occasion. Those desiring to hear the lectures may secure a season ticket for $1, while children and students for 50 cents. The admission prices for the lectures are 25 and 10 cents. Two lectures have already given in this course, "Germany" and "France."
