chanics and Traders' (80) at 100, Mechanics' (44) at 142, and Metropolitan (7) at 145.

The business in railroad bonds was unusually light and with few changes in price. Erie second consols, however, were ¾ per cent higher at 89¼. Missouri, Kansas and Texas firsts were ½ lower at 104½, and the seconds steady at 61⅞@65. Boston, Hartford and Erie firsts sold at 46¾@40½ against 40⅜ Saturday. New-York Elevated firsts declined ¼ to 110, Metropolitan 6s being steady at 99¾. Oregon Railroad and Navigation firsts were hardly as firm at 97¼@97⅛, and St. Paul consols declined from 111⅞ to 111½. Kansas Pacific firsts, Denver Division, were strong, with an advance of ⅝ per cent to 107, and the firsts of Central and Union Pacifics each were ¼ higher at 112¼; Texas Pacific incomes also improving ¼ to 56¼.

The Sub-Treasury to-day gained $361,291 on balance, made up by gains of $298,344 currency and $62,947 coin. This makes the total gain since Friday $447,955. The turn of the local money market was toward better rates, the bulk of the business being done at 2½ per cent, with exceptions at 2 and 3 per cent. The changes in the domestic exchanges on New-York are as follows: St. Louis declined from par to 25 cents discount; Chicago advanced from 25 cents discount to par. The United States Treasurer at Washington to-day received $200,000 in National bank notes for redemption. The customs receipts were $650,000, and the internal revenue receipts $740,000. The following is the Clearing House statement to-day: Exchanges, $110,897,945; balances, $4,725,947. The transactions at the Sub-Treasury covered: Receipts, $1,444,226; payments, $1,082,935; currency balance, $7,055,147; coin balance, $84,992,061.

A small demand for foreign exchange rather than a liberal supply of commercial bills was the reason for a general reduction of rates to-day. Business is excessively dull. Annexed are the revised quotations:

In London, British consols were steady and unchanged at 98⅞16 for money and 98⅞16 for account. The early quotations for United States bonds showed an advance of ¼ and ¼ per cent to 106⅛ for 5s, to 113 for 4½s, and to 111 for 4s, but later they reacted and closed as follows: 5s at 105¾, 4½s at 112¾, and 4s at 110¾. Erie shares rose from 41⅜ to 42¼, and second consols from 90½ to 91¾. Atlantic and Great Western firsts advanced 1 per cent to 69 and seconds 1¼ per cent to 29¾. Illinois Central rose ½ to 108½, Reading ½ to 8¾, and Central and Hudson 1¼ to 132¾. In Paris, French 3 per cents declined from 85.17½ to 84.85; sight exchange on London being 25.32½ francs to the £.

BEEVES—Receipts yesterday and to-day were 233 carloads at Jersey City and 173 cars at 60th st., making 6,327 head, against 4,269 head last Monday. The arrivals for past week were 1,275 head more than last week, and 2,094 head more than the corresponding week last year. The large receipts of live stock during the week were: T. C. Eastman, 2,613 head; I. Wetzel, 2,111 head; Morris & Siegel, 1,954 head; M. Goldsmith, 837 head; F. Joseph, 615 head; Meyer & Rogenstein, 519 head; H. Meyer, 480 head; D. H. Sherman, 322 head; S. W. Allerton, 283 head; Kahn & Co., 877 head; Levy & May, 848 head.

The exports for the week were as follows: By T. C. Eastman, 1,973 Live Cattle; C. Kahn, 649 Live Cattle and 150 Live Sheep; Goldsmith & Wetzel, 416 Live Cattle; T. M. Tinche & Son, 289 Live Cattle; Toffey & Gilett, 150 Live Cattle; Joseph Eastman, 4,721 quarters of Beef and 1,000 carcasses of Mutton; Sherman & Gillett, 520 quarters of Beef; Kirby & Co., account of E. Swope, 1,140 Live Sheep—making a total of 3,471 Live Cattle, 5,660 quarters of Beef, 1,315 Live Sheep, 1,085 carcasses of Mutton, and 115 Dressed Hogs; against 2,360 Live Cattle, 5,784 quarters of Beef, 1,173 Live Sheep, 1,234 carcasses of Mutton and 125 Dressed Hogs last week. A number of steamers which should have sailed on last Saturday did not get off until to-day, hence the exports of Live Cattle do not come up to our figures of last Friday. Still, the shipments are large and on the increase rather than the contrary. The shipments from New-York to a foreign ports average about 4,200 Cattle a week, alive and dressed.

Early in the week the supply of Cattle was barely sufficient to meet the wants of exporters and home trade weighing; prices ruled steady, but were reduced a little. But with the over 2,300 head received on Thursday and Friday, and a warm unfavorable weather, the markets were less active and the advance obtained on Wednesday was entirely lost. The total receipts at Jersey City for yesterday and to-day were 2,613 cars of 32,62[illegible] head of these some 1[illegible] were for export alone by Messrs. Morris & Siegel, and other exporters reserved and purchased about as many more. This last nearly 200 car loads for home butchers, which were at least 50 car loads more than were wanted, or that could be sold at any profit to the shippers. Trade was depressed throughout the city in the morning, but the early sales were the best, as the feeling steadily grew weaker after 8 o'clock a. m. Sellers generally report an average decline of ¼c. per lb, but admit that some transactions were at still lower figures. The situation at 60th st. was also favorable to the buyer, and the market was slow and unprofitable. Light and Medium Cattle were generally sold at a reduction of strong ¼c. per head, while Heavy Fat Steers were quoted a strong ¼c. per lb off. A few carcasses was not effected at either of the yards, but at Jersey City fully 20 car loads will be carried over. The offerings include some very handsome Cattle, noticeable among which were 23 car loads of choice Illinois steers belonging to Mr. Eastman. They were said to be the best drove of Cattle that have been at the 60th st. yards this Summer. Mr. Eastman reserved them all for export alive; if sold on this market they would have to bring 10½c., to dress 57 lb, to make cost. The Texas and Colorado Cattle were sold at 6¼@7½c., to dress 55 lb; 3 car loads of Western Dry Cows at 7@8½c., to dress 55 lb; a number of car loads of Colorados at 8¼@9½c., to dress 55@56 lb; Ohio and Kentucky Stillers at 8¾@9½c. generally, and poor to extra native Corn-fed Steers from 8c., to dress 55 lb, to 10c. to dress 57 lb.

From fresh receipts Mr. Eastman reserved 1,075 head, part for export alive and part for shipment in dressed quarters; other exporters reserved and purchased about 300 head. Steamers to sail to-day are the Hermuth, with 300 Live Cattle, and the Helmol, with 111 Live Cattle, both lots for Goldsmith & Wartel. To-morrow the Thanemore takes out 550 Live Cattle and 1,100 Live Sheep for T. C. Eastman; the Cuba 500 Live Cattle for T. M. Duche & Son, and the Nevada 810 quarters of Beef and 200 carcasses of Mutton for Joseph Eastman.
