FRIDAY, July 23—P. M.

The stock speculation to-day moved by spasms, being at one time very active and at another distressingly dull. But all the time, whether active or dull, the market was characterized by great strength. There also were special favorites which made further handsome advances while other stocks hardly moved out of fluctuations that are measured by the smallest fractions. Notably strong, as well as active, to-day were St. Paul, which advanced from 82⅝ to 84⅜@84⅞, Central Pacific, which advanced from 70 to 73½@73, Lake Erie and Western, which advanced from 30 to 31¾@31½, Northern Pacific, which advanced from 27¾ to 28⅝, and the preferred stock, which advanced from 49¼ to 51¾. Ohio and Mississippi, which rose from 33 to 34½@34⅝, Iron Mountain, which rose from 52⅝ to 53⅞@53⅝, and Wabash, which rose from 40⅛ to 41⅝, and the preferred stock, which rose from 68¾ to 70⅝@70¾. A large business was done in Erie between 43⅛ and 43⅝, but the closing price was 43⅜—a final decline of ⅛ per cent. Lake Shore also shows a loss—⅜ per cent—at 107¼, after fluctuating between 107¼ and 107⅞, and Michigan Central only gains ⅛ at 92¾, after selling at 93. The coal stocks were inactive, but in final sales show gains of ¼@½ per cent. Manhattan Elevated was feverish, and its price fluctuated 1¾ per cent, quickly responding to small orders either to buy or sell, but it shows a final gain of ½ per cent at 25¼, after selling at 25½. Metropolitan declined ½ per cent to 96½, but closed with the price bid and no stock offered, and New-York Elevated advanced 1½ per cent to 110½. Western Union, with only a small amount of transactions, weakened from 107¼ to 106¼@106⅝. There is a good deal of talk about a promised advance in Pacific Mail, To-day's sales were at 42@42½@42⅜ against 42 last evening. The day's reports concerning the growing crops were as favorable as could be desired; the reports of the weather at the West almost all stating that it cannot be surpassed—"just exactly the weather required to mature the crops." A good proportion of the gains in prices for stocks, when there were any, was made during the last half hour of business, during which time the market was exceedingly active, and with few exceptions the closing prices were buoyant.

Government bonds were more active, the transactions at the Boards amounting to $164,000. Prices were strong all around, the bidding being advanced ⅛ each for 6s of 1881, 4½s and 4s. District of Columbia 3-65s also were strong, with sales at 99½. Annexed are the closing quotations:

State bonds were dull, but firm. Louisiana consols sold at 46¾, and North Carolina 6s, special tax, first class, at 3. The only sale of city bank stocks was eight shares of Central National at 115.

Railroad bonds were firm for all issues, and for some there were notable advances. Lake Erie and Western firsts advanced to 104 and incomes to 64. Lafayette, Bloomington and Mancie firsts rose to 102½, Mobile and Ohio first debentures to 79½, St. Louis and Iron Mountain seconds to 103 and first incomes to 86, St. Paul and Sioux City firsts to 103½, Kansas Pacific consols to 97@96¾, and Texas and Pacific incomes to 65. Erie second consols sold at 90⅝@90⅜ against 90¼ yesterday, the funded 5s selling at 85⅜@85⅛ against 85. Missouri, Kansas and Texas first consols were ⅜ higher at 105⅝, and the seconds ¼ higher at 68¾, after selling at 67. C., C., C. and I. C. incomes rose ¼ to 41, and Chesapeake and Ohio firsts, series B, ¾ to 68@67¾. New-York Elevated firsts recovered 1 per cent at 109½. Metropolitan 6s being steady at 99¾. Denver and Rio Grande firsts were steady at 104⅛, and the consols advanced from 92⅝ to 93½@93⅜.

The business of the Sub-Treasury for the week ending to-day included the receipt of $7,129,304 and payment of $4,847,782, resulting in a gain of $2,281,522 to its general balance, and leaving it at $95,028,848 against $92,747,326 July 16. The particular changes of the week are a coin gain of $2,284,688 and a currency loss of $3,166. There is no change in the local money market for call loans, the business being about equally divided between 2½ and 3 per cent. But time loans are less freely offered, and 5 instead of 4 per cent is nearer the going rate. The only change in the domestic exchanges is at Chicago, where the rate on New-York has fallen to 50 cents discount. The United States Treasurer at Washington to-day received $270,000 in National bank notes for redemption. The customs receipts were $920,000, and the internal revenue receipts $485,000. The following is the Clearing House statement to-day: Exchanges, $110,899,510; balances, $4,096,067. The transactions at the Sub-Treasury covered: Receipts, $903,232; payments, $604,700; currency balance, $7,474,662; coin balance, $87,554,186.

The foreign exchanges are dull, but rates, perhaps, are rather steadier at the following quotations:
