also is the common stock, and the difference of 24 per cent in their price is too great. The movement in Northwest exerted a more direct influence upon the prices of St. Paul than upon other stocks, and St. Paul common rose to 90¼@90⅞ and the preferred to 112½@111¾. Chicago, St. Paul, Minneapolis and Omaha common stock sold at 47 at the opening, declined to 46¼ and recovered only to 47, but the preferred stock rose from 80¼ to 81⅞@80⅝. Lake Shore, Erie, Michigan Central, and Central and Hudson were barely steady, and at the close were rather weak. A movement in Reading carried its price up to 24¼@23⅝. The movement is traced to the German element, while free sales of the stock at the advance were credited to Philadelphia accounts. Excepting Reading, the coal stocks were weak, although with the general market in early dealings their prices advanced. Peoria, Decatur and Evansville stock was unusually active, and rose to 27½@27. Mobile and Ohio was dull at 24⅛@24½ because of a lack of stock offered for sale. The Northern Pacifics were steady all day. Hannibal and St. Joseph stock rose from 36⅞ to 37, but in final sales the gain was lost, but the preferred stock was strong at 73¼ up to 74⅛. Missouri, Kansas and Texas was weak, and the Wabashes were only steady. Western Union being dull, its price fell from 108½ to 107¾. Pacific Mail was steady between 41½ and 41¾. Generally the market closed weak.

The dealings in Government bonds amounted to $400,000, and at firm figures. The biddings for 6s of 1881, 5 per cents and 4 per cents were advanced ½ per cent. Annexed are the closing quotations:

The transactions in State bonds included North Carolina 6s, June and July, at 29¾ and April and October at 29¾@29⅝, and Alabama, class A, at 59⅞. Louisiana consols are quoted offered at 46¾.

The sales of city bank stocks covered American Exchange (10) at 115 and Fourth National (5) at 116¾.

There was not a large business done in railroad bonds, but prices generally were strong. Erie second consols closed at 91, a gain of ⅛, and the funded 5s sold at 85½ against 85⅜ yesterday. Missouri, Kansas and Texas first consols were firm at an advance of ⅛ to 105¾, but the seconds were weak in sympathy with the stock, declining from 66⅝ to 66. Mobile and Ohio first 6s were in demand, and rose to 105 against 103⅜ Wednesday, the first debentures being dull and ¼ easier at 83¾. Canada Southern firsts rose from 82¾ to 83¼@83, and St. Louis and Iron Mountain second mortgages from 104¼ to 104¾, the second incomes rising 1 per cent to 82, but later selling at 81. The firsts of the elevated railways were firm; New York at 110½, and Metropolitan at 100¼. Oregon Railroad and Navigation advanced ½ per cent to 99, Ohio Central firsts 1 per cent to 91, and Peoria, Decatur and Evansville incomes 1 per cent to 62. St. Paul firsts, I. and D. extension, were in demand and rose to 112. Denver and Rio Grande firsts were ⅛ higher at 104½@104⅜. Kansas Pacific consols ¼ lower at 97¾, and Texas and Pacific incomes were ¼ higher at 68.

An error in the figures of to-day's Sub-Treasury statement prevents us from giving the accurate figures of the week's movements, but the Sub-Treasury's loss for the week is about $2,400,000. Money to-day was in abundant supply, and loans on call were made at 2½@2 per cent. The only change in the domestic exchange on New-York is at Chicago, where the rate has declined to $1 25@$1 discount. The United States Treasurer at Washington to-day received $226,000 in National bank notes for redemption. The customs receipts were $877,670, and the internal revenue receipts $307,806. The following is the Clearing House statement to-day: Exchanges, $106,704,455; balances, $5,333,259.
