MONDAY, Aug. 30—P. M.

To-day's stock market was anybody's that chose to claim it. The opening figures proved to be a disappointment to the "bears," who had expected everything to go to "the bad," and, after a dull movement and a fair rally in prices, the closing figures did not meet the expectations entertained by the "bulls" at 2 o'clock. There was no panic at the opening, and no "boom" at the close. Call the transactions of the day an ordinary "brokers' market" and the situation is fully explained. In the morning "bears" covered their contracts because Saturday's decline was not continued and in the afternoon the average "bull" added to his previous line because prices were firmer. The transactions amounted to 217,100 shares against 300,600 shares Saturday. Of course Erie was prominent in the dealings, and after sales of 51,924 shares at between 37⅞ and 38¾, the final figures were 38 against 37¾ Saturday. Central and Hudson, after selling at 128⅜, rallied to 130; Lake Shore, after selling at 105, rallied to 106½@106¼; and Michigan Central, after selling at 92¾, recovered to 94½@94. Delaware, Lackawanna and Western opened down ¼ per cent at 87¾, rose to 89½ and closed at 89¼; the other coal stocks making only unimportant recoveries from their lowest figures. St. Paul sold as low as 87, rallied to 88½, and ended weak at 87⅞; and Northwest recovered ½ per cent of its decline to 99, ending at 99½, after having sold up to 99⅞. The examples cited illustrate the movements of the general market. But Hannibal and St. Joseph preferred stock was notably strong, closing at 84⅛ after an advance from 83 to 84½; and Chicago, Burlington and Quincy stock, which early sold at 131⅜, closed at 134⅜. The market closed feverish and unsettled.

Government bonds were dull and strong. The transactions at the Boards amounted to $125,500, principally in the 5 per cents. The biddings were advanced ⅛ per cent each for the 6s of 1880 and 1881, the 5s and 4½ per cents; the 4s remaining firm at 110 bid, with small sales at 110⅛. Annexed are the closing quotations:

The business in State bonds was covered by the sale of one bond of Tennessee 6s, old, at 38. Louisiana consols were 47⅛ bid, and Tennessee 6s, new series, were offered at 33.

There was more than the usual business done in city bank stocks, including Bank of the State (16) at 115, American Exchange (35) at 115, and Fourth National (22) at 118¼@118.

Railroad bonds generally were dull, but the new issues of Erie were active; $1,343,000 of the second consols selling, first down to 85¼ from 85⅝@86, and later up to 86⅞, and closing weak at 86¼. The funded 5s sold at 82@81¼@82¼, and closed offered at 82. Missouri, Kansas and Texas seconds were ½ lower at 66⅜; C., C. and I. C. first assented steady at 90, and the incomes 1½ lower at 42½, after being 41½; and Lehigh and Wilkesbarre consols ½ lower at 98, after being 97½. Mobile and Ohio first debentures were firm, with sales at 79½@80, and Canada Southern firsts were ⅛ higher at 93. St. Louis and Iron Mountain seconds were ⅜ lower at 105⅝, and the second incomes ½ lower at 80½. Metropolitan Elevated firsts were hardly steady at 100. Houston and Texas Central firsts, Main Line, sold at 107⅞@108, Ohio Central firsts at 90 and incomes at 48, and Lake Erie and Western incomes at 64. Denver and Rio Grande firsts were steady at 105⅜, the consols being easier at 96@96⅛. Texas and Pacific incomes declined from 68⅛ to 67, and the construction bonds fluctuated between 82¼ and 81⅜@82½.

The Sub-Treasury to-day gained $284,794 on balance, made up by a coin gain of $334,257, less a currency loss of $49,463. This makes the total gain since Friday $720,277. There is no change in the local monetary situation; call loans ruling at about 2½ per cent to-day, while time loans are obtainable at 5 per cent. The domestic exchanges on New-York are steady, without quotable change in rates. The United States Treasurer at Washington today received $59,000 in National bank notes for redemption. The customs receipts were $816,538, and the internal revenue receipts were $735,400. The following is the Clearing House statement today: Exchanges, $102,494,238; balances, $3,702,441. The transactions at the Sub-Treasury covered: Receipts, $1,540,656; payments, $1,255,862; currency balance, $6,467,254; coin balance, $87,093,642.

The foreign exchanges continue to be unaccountably dull in the face of the heavy importations, but rates are fairly steady on the basis of the following quotations:

In London, British consols were steady and unchanged at 97 13/16 for both money and account. United States bonds were strong and about ¼@¼ per cent higher; the 5s at 105⅞, 4½s at 114¾, and 4s at 114. American railways were unsettled by Saturday's late quotations from the home markets. Erie shares declined from 41¼ to 39⅛, and second consols from 90½ to 89¼. Atlantic and Great Western firsts were ½ lower at 70¼@70½, and the seconds ¼ lower at 29¾. Illinois Central declined from 116 to 115⅞, 115½. Pennsylvania from 60½ to 60¼. Reading from 12¼ to 11⅞, and Central and Hudson from 136 to 134¼@134½. The Bank of England to-day lost £148,000 bullion on balance. In Paris, French 3 per cents rose from 85.85 to 86.22½ francs.

The gross earnings of the following railroads are reported:
