AMERICANIZED ENCYCLOPÆDIA BRITANNICA

FOR

$2.50 A MONTH

By Subscribing to this Paper for One Year.

DO YOU KNOW WHAT

THE AMERICANIZED ENCYCLOPÆDIA BRITANNICA IS?

FIRST—It is a library of the choicest, most useful and most entertaining reading on an almost infinite variety of subjects. It contains the history of every country in the world; the biography of every celebrated individual of ancient or modern times, including all the living statesmen, generals, historians, poets, novelists, inventors, discoverers, scientific men, and thinkers of this nineteenth century. It tells the stories of famous voyages and travels, describes the habits and customs of every people, explains the principles of every scientific invention, discusses the problems of political and social economy—in short, sweeps round the whole circle of human thought and knowledge, and spreads before you the best work of

More than 1,000 of the Ablest Writers OF THE AGE.

SECOND—It is a complete Library of Reference. It makes no difference what you want to know about, what fact you want to verify, what allusion you want to understand, the Americanized Encyclopædia Britannica will tell you all about it at a moment's notice.

THIRD—It is one of the best Atlases that can be bought for money. It contains ninety-six new and beautifully executed maps, including a new map of every one of the States and Territories of the Union.

FOURTH—It is a perfect Biographical Index. You can turn to it with perfect confidence for full particulars of the life of any man of note down to this present year, 1890.

Why Americanized Encyclopædia Britannica?

Because that name describes it accurately. It is the Encyclopædia Britannica—latest edition—remodeled so as to fit it for use in American homes. The original "Britannica" was compiled by Englishmen for the use of Englishmen. The "Americanized Britannica" has been rearranged by Americans for the use of Americans. The original work devotes special attention to subjects of special interest to Englishmen. The Americanized Edition devotes special attention to subjects of special interest to Americans. The original work gives no biographies of people who were living at the time it was compiled. The Americanized Edition contains the biography of every noted man, whether alive or dead. The latest edition of the original "Britannica" was compiled nearly fifteen years ago. The Americanized Edition has been revised and corrected to the present year.

TEN LARGE VOLUMES,

About seven thousand pages. About fourteen thousand columns. Between eight and nine million words. And the whole set will cost you only a trifling fraction more than
