THURSDAY, Oct. 28—P. M.

The stock market to-day was again active, and the transactions amounted to 391,296 shares. For the best part of the day prices were "booming"; St. Paul up to 106½, Chicago and Alton to 136, Lake Shore to 117¾, Central and Hudson to 138⅛, Michigan Central to 110, and Erie to 45¼. The prices of the coal stocks also made handsome gains in the early dealings, and among the low-price stocks Ohio and Mississippi and Central Iowa were conspicuous for their strength. The stocks mentioned were the special favorites, but the whole list, with few exceptions, showed more or less improvement. Prominent among the exceptions were Western Union and Reading, which weakened from first sales and never recovered. Late in the day there were heavy realizations of profits, and prices yielded from ½ to 1½ per cent from the best of the day. The trunk line shares were somewhat affected by a Philadelphia dispatch to the effect that the Court had granted an injunction restraining the Pennsylvania Railroad from interfering with the rights of the Baltimore and Ohio and Central of New-Jersey Railroads to the use of the three miles of "junction track" at West Philadelphia. The judgment, however, gives to the Pennsylvania Company the exclusive right to furnish the motive power over the disputed track. The decision is made by the United States Circuit Court, from which it is probable that the Pennsylvania Company will take an appeal to the Supreme Court. At the close the market was steady at some recovery from the lowest prices of the afternoon.

Government bonds were not particularly active, the business at the Boards amounting only to $150,000. Prices, however, were firm all around, and the bids for the 4½s and 4s were further advanced ⅛ per cent. Annexed are the closing quotations:

A large and well distributed business was done in railroad bonds at advancing figures in the early dealings, followed by some concessions later. The transactions in Erie second consols were comparatively light, but the price advanced to 97½, and later fell to 96½@96⅞, funded 5s selling at 92⅜@91½@91¾ against 91½ yesterday. Missouri, Kansas and Texas first consols were steady at 111, after sales at 111⅝, and the seconds, after selling at 69½, closed at 68¾. New-Jersey Central issues were notably strong—consols up to 110 and incomes to 88½@88¾. Lehigh and Wilkesbarre consols being strong at 100 and incomes up to 75⅞, with 3½ per cent interest declared as payable November 15. The debentures of Mobile and Ohio, the incomes of St. Louis and Iron Mountain, of Lake Erie and Western, and Peoria, Decatur and Evansville were strong and in demand at full figures all the way out. Ohio and Mississippi seconds advanced to 120½, the bonds carrying five years of past-due coupons. New-York Elevated first 7s and Metropolitan first 6s were strong at 114 and 103½ respectively. Erie new fourth mortgage 5s sold at 105½. The Western list of railway bonds was strong without exception; St. Paul consols at 120½ and firsts, Southern Minnesota Division, up to 104½, and Toledo and Wabash seconds at 109 and other issues in proportion. Denver and Rio Grande firsts rose to 111 and consols to 103¼. Kansas Pacific consols to 99½, and Texas and Pacific incomes to 75½@75¼ and firsts, Rio Grande Division, to 92½@92⅝.
