the Wabashes were the subject of large sales, on reports that the "Southwestern pool" had again broken up; and those stocks were almost the solitary exceptions in closing lower than their opening figures. Erie sold at 42¾, ⅛ lower than its lowest price yesterday, but closed firm at 44¼. The Northwest and St. Paul stocks were specially weak early in the day, but their final sales show advances of about ¾ per cent on yesterday's last figures; and so it was with nearly the whole list. Reading was a special feature, and after declining to 45½ it rose to 50¼. Western Union fluctuated between 97 and 96 for the greater portion of the day, and then rose to 98, and Pacific Mail was strong up to 47⅛. The market was favorably affected by the Treasury announcement regarding the purchase of bonds, which is noticed further on; but it should not be forgotten that these purchases, in the future as in the past, depend upon the Treasury's receipts; it is not printing money and has to expend only what it first receives. The market closed excited and strong.

The Treasury Department to-day issued notice to the effect that the weekly bond purchases will be continued, but until further orders such purchases will be limited to the bonds due December 31, 1880. For the remainder of this week the Assistant Treasurer at New-York is authorized to accept $1,500,000 of the bonds, at a price not exceeding 102¾. After this week proposals will be received in the usual way, and the amount of each week's purchase will be determined on the day the bids are opened. As only about 22/20 per cent interest has accrued upon the bonds, the Secretary's offer to accept them at 102¾ is an offer to pay about 60/100 per cent premium on a bond that matures December 31, and on which interest ceases at that date. The offer should bring in all the outstanding bonds, because the holders will receive within ¼ per cent of as much as they would receive at maturity, and the money can be used better than at ¼ per cent for the remaining one month and twenty-five days. As until within a year or so these bonds were classed in the market as 6s, 1881, with the bond that matures July 1, 1881, it is possible that many holders of them do not realize that their bonds will mature with the end of this year instead of in July, 1881. Holders should examine their bonds and be sure which class they have. The business in Governments at the Board to-day was confined to sales of $150,000 of the 4 per cents. The bids for the 4½s and 4s were reduced ⅛ per cent. Annexed are the closing quotations:

State bonds were firm, but dealings were confined to Louisiana consols at 49½. Tennessee 6s old at 45, new at 42, and new series at 45. Of city bank stocks sixty shares Park sold at 36.

Railroad bonds were not specially active, and their prices followed those of the share market. Erie second consols declined ½ to 96 and afterward rose to 97¾. Missouri, Kansas and Texas first consols sold at 110@111½, and seconds at 66½@67¾. Metropolitan first 6s early sold at 103¼, and constituted the only sale made at the Board, but we learn that a private sale was made late in the day of $300,000 at 104. Denver, South Park and Pacific firsts were firm at 105½. Texas and Pacific incomes sold at 70½@71½, and firsts of Rio Grande Division at 91⅜@91½. Generally the final bids were ¼@¾ per cent higher than the early sales that are printed at the head of this column.

The business of the Sub-Treasury for the week ending to-night includes the receipt of $8,582,443 and payment of $8,952,073, resulting in a loss to the general balance of $369,631, and leaving it at $75,467,287, against $75,836,917 October 29. The rates for money on call fluctuated between 4 and 2½ per cent, the bulk of the business being done at 3½ and the last at 3 per cent. The domestic exchanges on New-York are as last quoted. The United States Treasurer at Washington to-day received $120,000 in National bank notes for redemption. The customs receipts were $800,000, and the internal revenue receipts were $380,000. The following is the Clearing House statement to-day: Exchanges, $176,072,563; balances, $6,177,110. The transactions at the Sub-Treasury covered: Receipts, $2,151,202; payments, $1,421,409; currency balance, $4,523,246; coin balance, $70,944,041.

Foreign exchanges are dull and rather weak with the nominal quotations unchanged as follows:

In London British consols made a sharp decline of ⅜ per cent to 99 13/16, presumably upon the continued heavy drain of specie from the Bank of England, which to-day amounted to £241,000, and is reported as intended for shipment to America. United States bonds were ⅛ lower; 5s at 104½, 4½s at 114⅜, and 4s at 113⅝. American railways all responded to the lower quotations from the home market. Erie shares fell to 44⅝@44¾, and second consols to 99⅝. Atlantic and Great Western first trust receipts were ¾ lower at 53¾, and seconds ½ lower at 30¼. Illinois Central fell from 132⅞ to 129½@120¾. Pennsylvania from 65 to 65@65⅛. Reading from 24½ to 23¾, and Central and Hudson from 141½ to 140½@141. In Paris, French 3 per cents declined from 85.97½ to 85.40; sight exchange on London rising to 25.29½ francs to the £.

WHALEBONE—Quiet and essentially unchanged.
WOOL—Messrs. Kittering Bros.' circular for October says: "Wool last month was generally quiet, though during the past ten days there appears to be a decided revival of trade, and a better business next month is looked for. The demand for Domestic Fleece and Pulled, also for California and Texas Wool, was only moderate during the greater part of the month, but in the past ten days it has greatly improved, and prices have advanced about 3 per cent on most descriptions. Fine Foreign Wool has also improved, and considerable business has been done at better prices. Trade quiet in Carpet Wool, but all kinds are held with considerable firmness. In Fleece stock the demand which began in September has continued, and prices may be considered about 3 per cent higher. The little demand we have had has already developed a scarcity of stock, and as little Wool of this class can now be imported, unless at the high rate of duty, we may expect to see considerably higher prices ruling for the next six months at least. The European markets are strong, and trade improving. The next Liverpool auctions of East India Wool commence on the 23d inst." LIVE STOCK MARKET.

NEW-YORK, Nov. 5.—BEEVES—Fresh arrivals were 186 cars of 3,182 head—165 cars at Jersey City and 21 cars at 60th-st. Total since Saturday, 12,839 head against 13,011 head for the corresponding six days last week. Free receipts and warm rainy weather following the dull Dressed Meat market of yesterday, were reasons enough for the almost unprecedented depression in the cattle yards this morning. Buyers refused to operate except at reduced rates, and apparently had few wants to supply at any price. Sellers were reluctant to make further concessions from the low figures current on Wednesday, for Cattle were losing heavily, and the balance sheets on Saturday will make a very discouraging showing. The situation was, therefore, perplexing, and it was not until sellers had dropped prices to meet buyers' views, that any business was done. Good Cattle not being very plenty, declined only about ¼c. per lb., but Common Natives and Colorados fell off a strong ⅜c. per lb. Texans were almost unsalable—about four loads changed hands at 6¼c. and the balance will be carried over. Colorados were sold at 7¼c.; poor to Fair Native steers at 8¾@9¼c. to dress 54@56 lb.; Good to Prime do. at 8⅞@9¾c. to dress 56 lb.; Choice do. at 10@10½c., to dress 56@57 lb. Sellers worked very hard to sell out, but at a late hour it was very evident that a clearance would not be effected.

Exporters were doing but little, scarcely 250 head were taken for that purpose. No shipments to-day. To-morrow Mr. Eastman ships 201 quarters of Beef and 661 carcasses of Mutton on the Germanic, Circassia and California; Goldsmith & Waxsell 54 Live Cattle on the Helvetia; F. Ralph, 5 Live Cattle and 25 Live Sheep on the Bahama; W. H. Thompson & Co. 40 Live Cattle on an outside steamer; and D. Toffey & Co. 60 quarters of Beef by the Helvetia.

[illegible]

CALVES—Receipts were 120 head—all at 60th-st., where trade was uncommonly dull, and prices barely steady. Grassers were sold at [illegible]; Fed Calves at [illegible]; few Heavy Western "Suckers" at [illegible]; Poor to Prime Veals at [illegible].

[illegible]

SHEEP AND LAMBS—Receipts were 27½ cars of 5,033 head—[illegible] cars at 60th-st., 9 cars at Jersey City, not including 4 cars to arrive. Total since Saturday, 25,850 head, against 27,244 head for the corresponding six days last week. The market generally was dull and weak, and the pens could not be cleared. Some sales were undoubtedly as high as yesterday's figures, but most transactions show a slight reduction on all grades. Poor to Good Sheep were sold at [illegible], with a small lot to a West Indies shipper at [illegible]. Lambs ranged from [illegible]. A few more sales of Rams were reported to-day. Most of the city slaughterers are disposed to make few purchases, and as butchers will accept lower prices than have been taken of late, they seem to be not unwilling to stand in the background and let a Boston firm make all the contracts they want at their own figures. It is understood that the sales thus far were at $4 50@$4 60, and it is not unlikely that some will reach $4 62½.

[illegible]

HOGS—Receipts were 31 cars of 6,640 head—30 cars at Jersey City and 21 cars at 60th-st. Total since Saturday, [illegible] head against 18,187 head for the corresponding six days last week. Feeling easier and market dull. Smith & Reid sold 102 Ohio Hogs, 224 lb. average, at $5 10 per 100 lb.
