verticed event at the Stock Exchange seldom happens—but, as there should be arrivals of large sums of gold within the next two or three days, and $3,500,000 is reported to be shipped from England and France to-morrow, it necessarily follows that the stringency must be short in proportion to its supposed possible severity. The business of to-day was very well distributed, although Erie recorded sales of 115,500 shares, and it, almost alone of the whole list, except the coal stocks, closed no lower than it did on Wednesday, at 47½. after rising to 49. The stocks that suffered the most in the afternoon's decline were the high-price shares and the Wabashes. In fact, the Wabash stocks were weak all day from the first sales, a fact that by some was considered a confirmation of the reported intention to interfere with the money market. Western Union was another specially weak stock that never sold above its opening figures of 100½ and closed at its lowest price 96½. Delaware, Lackawanna and Western and Delaware and Hudson were strong and closed better than on Wednesday, although Delaware, Lackawanna and Western was down from 104¼, its best figures, to 102¾, and Delaware and Hudson down from 92 to 90⅞. The market closed weak and unsettled, and if much lower prices are not made to-morrow a large number of speculators will be disappointed.

Government bonds were dull at the Board and lower. The transactions amounted only to $60,000. The first bids show declines of ⅜ per cent for the 4½s and ½ per cent for the 4s. The Treasury to-day purchased $12,000 68, of 1880 at 102¾. Annexed are the closing quotations:

State bonds were more than usually active and prices were irregular. The sales included Louisiana consols at 51@51¼; Tennessee 6s, old, at 45, and new at 44¾@44¼, and new series at 44½; Virginia 6s deferred at 13; Arkansas 7s, Little Rock, Pine Bluff and New-Orleans Railroad, at 8; and North Carolina 6s, Chatham Railroad, at 45⅝@45¾. The only sale of city bank stock was 113 shares of Mechanics' at 145.

Railroad bonds were only moderately active, with irregular movements of prices. The early transactions generally were at figures which corresponded with the buoyancy of the share markets, and the later sales were at declining prices. Erie second consols sold up to 102½ and closed at 101¼ against 101⅝ Wednesday; and the funded 5s sold at 97¼@97. Both of these issues will be quoted next Thursday ex coupon 3 and 2½ per cent respectively. Missouri, Kansas and Texas firsts sold at 116½@117, but at the close would not bring 116½, and seconds sold at 72¾@71½ against 72¾ Wednesday. Boston, Hartford and Erie firsts were firm up to 44, and Chesapeake and Ohio firsts, series B, were in demand up to 73¾, the currency interest being steady at 42¾@42⅝. Canada Southern firsts, which will only pay 1½ per cent January 1, sold at the same price with Erie second consols, at 101¼; the bonds, however, bear 5 per cent after January 1. Mobile and Ohio first 6s were strong up to 108¾, and the first debentures at 89. New-York Elevated firsts rose to 117, and Metropolitan firsts sold at 104⅞@104½. Ohio Central firsts advanced to 103, and Oregon Railroad and Navigation to 107½. Central Iowa firsts were ¼ higher at 111½, and the entire list of Northwestern bonds were firm. Denver and Rio Grande issues continue to improve; firsts selling at 110¼, and consols up to 108¾. Kansas Pacific consols were steady at 101¾@101½. Texas and Pacific incomes rose 1 per cent to 74¼, and firsts, Rio Grande Division, ⅝ to 94⅛.

The business of the Sub-Treasury for the week ending to-night includes the receipt of $6,827,130 and payment of $4,449,776, resulting in a gain to the general balance of $2,377,354, and leaving it at $80,286,062 against $77,908,708 November 19. The particular changes of the week are a coin gain of $2,553,805 and a currency loss of $176,451. These changes indicate that to-morrow's bank statement will show a loss in total reserves, whatever may be the ratio which the total may bear to the deposits. Money was in demand to-day, but borrowers were supplied at 6 per cent, except in a few unimportant instances where a small premium was paid for small amounts; and at the end money was offered at 5 per cent by lenders who had overstayed their market. The domestic exchanges on New-York at the places named are quoted as follows: Savannah, 3/16@1/16 discount; Charleston, 5/16 discount to par; New-Orleans, $1 25 discount to St. Louis, 1/10 discount; Chicago, $1 25@$1 discount; Boston, 12½@10 cents discount. The United States Treasurer at Washington to-day received $100,000 in National bank notes for redemption. The customs receipts were $550,000, and the internal revenue receipts were $760,000. The following is the Clearing House statement to-day: Exchanges, $223,566,256; balances, $7,208,657. The transactions at the Sub-Treasury covered: Receipts, $1,833,359; payments, $1,841,858; currency balance, $4,268,216; coin balance, $76,017,846.

LIVE STOCK MARKET.

NEW-YORK, Nov. 26.—BEEVES—Receipts to-day and yesterday were 6,700 head of 2,383 head—92 cars at Jersey City and 7 cars at 40th-st. Total since Saturday, 13,208 head, against 12,364 head for the corresponding time last week. About 80 car loads of Cattle, most of which arrived late Wednesday, changed hands yesterday at the Jersey City Yards at about the ruling prices of Wednesday. The offerings to-day included 44 car loads of shipping Steers for Mr. Pastman, and export of Cattle will be about 25 car loads besides; so that the supply for home use was only 110 car loads. The demand, however, was very limited and the market was slow and unfavorable. Good Cattle were very scarce and there was a good demand at strong previous prices; but no more positive buyer for this week has appeared of the demand for Common Beef, and as more than three-fourths of the supply of Cattle were of a Poor to Medium quality sales were very slow and drovers report a reduction of ⅛c. per lb. from former prices. An extra car lot of poor Colorado steers unbranded at the close, and the owner was heard to express the wish to ship them back to Chicago. The sales include a lot of Common Dry Cows and Heifers at $10@$12 50 per head, and 2½@3¼c. per lb. live weight. Poor to Fair Native Steers at 3¾@4c. to dress 54@56 lb. and Good to Choice do. at 9@9½c. to dress 56@57 lb; one extra Steer reached 11c. to dress 58 lb.

Exporters reserved and purchased 1,000 head. Steamers to sail to-day and to-morrow will take only 150 head. Cattle for the Van Winkle Line of steamers, 87 live Cattle and 179 live Hogs for M. Gredinski, and 3,744 quarters of Beef and 955 carcasses of Mutton for Joseph Eastman.

Mr. S. Hamburger, wholesale butcher of Williamsburg, made the announcement to-day, that he is unable to meet his checks, and desires a settlement, understanding with a view of getting into business again as soon as possible. It is fortunate that his customer was not made yesterday, for hence has one cattle salesman would have had cross to be "thankful" for. This failure carries its own moral, and criticism is unnecessary. The liabilities are estimated at from $10,000 to $20,000, but the losses fall among a class of drovers who can best stand them.
